COMMUNITY UNIT PLAN

DP-261

GENERAL PROVISIONS:

1. Total Land Area: 372,167 sq. ft. or 8.54 acres
   Net Land Area: 3721167 sq. ft. or 8.54 acres

   Total Gross Floor Area: 130,258 sq. ft.
   Total Floor Area Ratio: 35 percent

2. Parking shall be provided in accordance with Section 28.04.140 et.seq. of the Code of the City of Wichita, unless otherwise specified in the parcel description.

3. Setbacks are as indicated on the C.U.P. drawing. If contiguous parcels are to be developed under the same ownership, setbacks between those parcels will not be required.

4. A Drainage Plan shall be submitted to City Engineering for approval. Required guarantees for drainage shall be provided at the time of platting improvements.

5. A traffic study has been provided to the City of Wichita for this C.U.P. and street improvements to Oliver which address the traffic needs of this site are currently under design. This work is being done with Project #472-84018, to be bid in November, 2008.

6. Signs shall be in accordance with the Sign Code of the City of Wichita.

   A. As the frontage develops along the arterial roadways, signs shall be spaced a minimum of 150 feet apart, irrespective of how land is leased or sold, except that the directional sign on Parcel A may be spaced 121 feet from other signs in the CUP.

   B. Portable, off-site signs and Billboards are not permitted.

   C. Window display signs are limited to 25% of the window area.

   D. Signs located within 200 feet of residentially zoned property shall not exceed 20 feet in height. The following described sign heights over 20 feet shall be permitted:
   Parcel A: Sign angled to Kellogg and Oliver – 35 feet
   Parcel B: Sign Easement #1 – 50 feet
   Parcel C: Sign Easement #2 – 25 feet
   Parcel F: Sign along Kellogg Avenue – 50 feet

   E. Each parcel is permitted as least one-free standing sign per arterial frontage with the following area restrictions:

   Parcel A: 250 Sq. Ft. of signage angled to Kellogg Avenue & Oliver
   15 Sq. Ft. of directional signage along Oliver limited to 4 feet in height

   Parcel B: 500 Sq. Ft. of shared signage with Parcels A, B, C, D & E along Kellogg Avenue
   15 Sq. Ft. of directional signage along Orme limited to 4 feet in height
   Parcel C: 300 Sq. Ft. of shared signage with Parcels B & C along Oliver

   Parcel D: 122 Sq. Ft. of signage along Oliver

   Parcel E: 210 Sq. Ft. of signage along Kellogg Avenue

   Parcel F: 300 Sq. Ft. of signage along Kellogg Avenue with a non-flashing LED price sign display
   150 Sq. Ft. of signage along Oliver

   Parcel G: 100 Sq. Ft. of signage along Oliver
   0 Sq. Ft. of signage along Kellogg Avenue

   F. Individual electronic message signs shall be limited to 100 Sq. Ft. per sign.

   G. Building Wall Signage
   Building Facades on the west and south sides on Parcels B & E, and on the east and west sides on Parcels F & G, that are located within 200 feet of residential zoning shall be limited to signage permitted in the NR (Neighborhood Retail) District.

   H. Signs permitted in all zoning districts shall be allowed on all parcels per 24.04.190 of the Wichita Sign Code.

   I. Signs along Oliver Avenue shall be monument type signs.

7. Access Controls are as indicated.

8. All parcels shall share similar or consistent parking lot lighting elements (i.e., fixtures, poles, and lamps, and etc.).

   A. Light poles shall be limited in height to 24 feet, except within 200 feet of residentially zoned property where light poles shall not exceed 15 feet in height or as listed on the parcel summary on the right side of this sheet.

   B. Extensive use of back lit canopies and neon or fluorescent tube lighting on buildings is not permitted.

   C. All exterior lighting shall be shield to direct light disbursement in a downward direction and not onto adjoining residentially-zoned property.

9. Utilities shall be installed underground on all parcels, except the existing building on Parcel E.

10. Landscaping for this site shall be required as follows:

    A. Development of all parcels within the C.U.P. shall comply with the Landscape Ordinance of the City of Wichita, Except Parcels B and E, which will be 1.5 times the required Landscape Ordinance.

    B. A landscape plan shall be prepared by a Kansas Landscape Architect for the above referenced landscaping, indicating the type, location, and specifications of all plant material. This plan shall be submitted to the Planning Department for their review and approval prior to issuance of a building permit.

    C. A financial guarantee for the plant material approved on the landscape plan for that portion of the C.U.P. being developed shall be required prior to issuance of any occupancy permit, if the required landscape has not been planted.

    D. Landscaping on the adjoining property owned by the City of Wichita shall be installed and maintained in accordance to the agreement with the City of Wichita (and as reviewed by the Design Council), and may be credited toward meeting landscaped street yard requirements. This credit shall not be used to reduce any screening or parking lot landscaping requirements of the Landscape Ordinance. Street frontage along Glendale shall provide a landscaped street yard and parking lot screening if parking lots are located between the buildings and street.

11. Screening Walls:

    A. A six (6) foot high concrete/masonry wall shall be constructed along the south and west property lines of the C.U.P. where adjacent to residential uses and confined to the indicated easement (See Drawing).

    B. This solid wall shall be constructed of a pattern and color that is consistent with the building walls.

    C. A wall will be extended north from the southwest corner of Parcel E and terminate 50 feet at the south line of the existing building. The location of the wall shall be approved with any building permit on Parcel E.

12. Rooftop mechanical equipment shall be screened from ground level view per Unified Zoning Code.

13. Trash receptacles shall be appropriately screened to reasonably hide them from ground view.

14. All buildings in the C.U.P. developed for Retail uses shall share compatible architectural character, color, texture, and the same predominate exterior building material, as determined by the Director of Planning. Building walls and roofs must have predominately earth-tone colors, with vivid colors limited to incidental accent, and must employ materials that compliment surrounding residential areas. Metal as an exterior material shall be limited to incidental accent or with approval of the director of planning the use of architectural metal panel/siding may be allowed. Parcel C shall be allowed a metal west facade.

15. Fire lanes shall be in accordance with the Fire Code of the City of Wichita. No parking shall be allowed in said fire lanes, although they may be used for passenger loading and unloading. The Fire Chief or his designated representative shall review and approve the location and design of all fire lanes. Fire hydrant installation and paved access to all building sites shall be provided for each phase of construction prior to the issuance of building permits.

16. Parcels B and E shall be zoned "GC" General Commercial and shall be permitted those uses allowed by right in "GC" zoning, except as restricted below. All other parcels shall be zoned "LC" Limited Commercial, and be permitted those uses allowed by-right in the "LC" Limited Commercial zoning, except as restricted below. Parcels D, F and G shall allow car wash as a permitted use. The car wash use shall conform to UZC Sec. III-D.6.f (unless specifically modified by this plan) and shall be subject to a staff approved site plan. No drive-in or drive-through facilities shall be located within 200 feet of residential zoning on Parcels B and E. No service station and convenience stores with gas islands, car washes, auditorium or stadium, recycling processing center, monument sales, outdoor recreation and entertainment, recreational vehicle campground, riding academy or stable, rodeo in the city, manufacturing general, outdoor storage (as a principal use), vehicle storage yard, welding/machine shop, Tattooing and Body Piercing Facilities shall be permitted on Parcels B and E. No Parcel within this C.U.P. shall allow the use of adult entertainment establishments, group residential, correctional placement residences, vehicle sales, multi-game, casino-style gambling facilities, private clubs, taverns, nightclubs, and drinking establishments. Restaurants that serve liquor can be developed and may serve liquor, as long as food is the primary service of the establishment.

17. Cross-lot circulation agreements for both vehicle and pedestrian traffic shall be required at the time of platting to assure internal vehicular and pedestrian movement with the C.U.P.. A cross lot circulation agreement for vehicular traffic, will be required with Dewitt 2nd Addition at the time of platting.

18. A plan for a pedestrian walk system shall be submitted and approved by the Director of Planning prior to the issuance of building permits. The walk system shall link buildings with the arterial and/or perimeter sidewalks and provide connectivity between buildings.

19. Amendments, adjustments or interpretations to this C.U.P. shall be done in accordance with the Unified Zoning Code.

20. The Transfer of title of all or any portion of land included within the Community Unit Plan (or any amendments thereto) does not constitute a termination of the plan or any portion thereof, but said plan shall run with the land and be binding upon present owners, their successors and assigns.

21. The development of this property shall proceed in accordance with the development plan as recommended for approval by the Planning Commission and approved by the Governing Body, and any substantial deviation of the plan, as determined by the Zoning Administrator or the Director of Planning, shall constitute a violation of the building permit authorizing construction of the proposed development.

22. Any major changes in this development plan shall be submitted to the Planning Commission and to the Governing Body for their consideration.

23. A circulation plan shall be submitted and approved by the Traffic Engineer in conjunction with the Planning Director prior to the issuance of any building permit; with the circulation plan being designed to discourage travel on Pershing and channel traffic toward Oliver for Parcels A, B, C, D and E.

RE: CUP2017-42 – City Administrative Adjustment to CUP DP-261 to General Provision #15 to adjust allowed building materials in Parcel C. The property located south of Kellogg on the west side of Oliver, north of Orme (555 S. Oliver.)

Legal Description: Lot 3, Block 1, Ann Walenta Commercial Addition, Wichita, Sedgwick County, KS

Dear Applicant:

We received and reviewed your request for an Administrative Adjustment to DP-261, to adjust General Provision #15 to allow changes in building material to metal panel exterior wall on the west façade as related to laundry exhaust and fire protection requirements.

On the basis of our review, we find that adjusting the CUP in the manner stated above is consistent with the approved CUP and will not have an adverse effect on the CUP or adjacent properties, nor will it be a substantial deviation of the original plan.

Our signatures below indicate that the CUP shall be adjusted as stated in this letter. This CUP adjustment shall not be deemed to alter any other provisions of the CUP except as expressly stated herein.

The "Development Application" sign should now be removed from the property. Please submit four (4) copies of the revised CUP drawing within 60 days in order for this adjustment to be considered final.

   Parcel B: 250 Sq. Ft. of shared signage with Parcel E along Kellogg Avenue; 215 Sq. Ft. of signage along Oliver
   Parcel C: 122 Sq. Ft. of signage along Oliver
   Parcel D: 127 Sq. Ft. of signage along Oliver
   Parcel E: 200 Sq. Ft. of signage along Kellogg Avenue; 150 Sq. Ft. of signage along Oliver
   Parcel G: 100 Sq. Ft. of signage along Oliver; 0 Sq. Ft. of signage along Kellogg Avenue
   F. Flashing signs (except for signs showing only time, temperature and other public service messages), message boards, rotating or moving signs, signs with moving lights or signs which create illusions of movement are not permitted. Signs that change once per second or more frequently, are not permitted.
   G. Building Wall Signage
   Building Facades on the west and south sides on Parcels B & E, and on the east and west sides on Parcels F & G, that are located within 200 feet of residential zoning shall be limited to signage permitted in the NR (Neighborhood Retail) District.
   H. Signs permitted in all zoning districts shall be allowed on all parcels per 24.04.190 of the Wichita Sign Code.
   I. Signs along Oliver Avenue shall be monument type signs.
7. Access Controls are as indicated.
8. All parcels shall share similar or consistent parking lot lighting elements (i.e., fixtures, poles, land lamps, and ect.).
   A. Light poles shall be limited in height to 24 feet, except within 200 feet of residentially zoned property where light poles shall not exceed 15 feet in height or as listed on the parcel summary on the right side of this sheet.
   B. Extensive use of back lit canopies and neon or fluorescent tube lighting on buildings is not permitted.
   C. All exterior lighting shall be shielded to direct light downward in a downward direction and not onto adjoining residentially zoned property.
10. Utilities shall be installed underground on all parcels, except except the existing building on Parcel E.
11. Landscaping for this site shall be required as follows:
   A. Development of all parcels within the C.U.P. shall comply with the Landscape Ordinance of the City of Wichita, Except Parcels B and L, which will be 1.5 times the required Landscape Ordinance.
   B. A landscape plan shall be prepared by a Kansas Landscape Architect for the above referenced landscaping, indicating the type, location, and specifications of all plant material. this plan shall be submitted to the Planning Department for their review and approval prior to issuance of a building permit.
   C. A financial guarantee for the plant material approved on the landscape plan for that portion of the C.U.P. being developed shall be received prior to issuance of any occupancy permit, if the required landscape has not been planted.
   D. Landscaping on the adjoining property owned by the City of Wichita shall be installed and maintained in accordance to the agreement with the City of Wichita (and as reviewed by the Design Council), and may be credited toward meeting landscaped street yard requirements. (No credit shall not be used to reduce any screening or parking lot landscaping requirements of the Landscape Ordinance. Street frontage along Glendale shall provide a landscaped street yard and parking lot screening if parking lots are located between the buildings and street.
12. Screening Walls:
   A. A six (6) foot high concrete/masonary wall shall be constructed along the south and west property lines of the C.U.P. where adjacent to residential uses and contained in the indicated easement (See Drawing).
   B. This solid wall shall be constructed of a pattern and color that is consistent with the building walls.
   C. A wall will be extended north from the southwest corner of Parcel E and terminate 50 feet at the south line of the existing building. The location of the wall shall be approved with any building permit on Parcel E.
13. Rooftop mechanical equipment shall be screened from ground level view per Unified Zoning Code.
14. Trash receptacles shall be appropriately screened to reasonably hide them from ground view.
15. All buildings in the C.U.P. developed for Retail uses shall share compatible architectural character, color, texture, and the same predominate exterior building materials. Buildings shall be designed with consistent architectural features on all sides, with rear walks visible to adjacent streets, and must employ materials that compliment surrounding residential areas. Metal as an exterior material shall be limited to incidental accent.
16. Fire lanes shall be in accordance with the Fire Code of the City of Wichita. No parking shall be allowed in said fire lanes, although they may be used for passenger loading and unloading. The Fire Chief or his designated representative shall review and approve the location and design of all fire lanes. Fire hydrant installation and paved access to all building sites shall be provided for each phase of construction prior to the issuance of building permits.
17. All parcels shall be zoned Limited Commercial and be permitted those uses allowed by-right in the "LC" Limited Commercial zone. All parcels shall be zoned Limited Commercial zone. Parcels D, F and G shall also be car wash as a permitted use. The car wash use shall conform to UMC Sec. 9-01.61 (unless specifically modified by this plan). No drive in or drive-through facilities shall be located within 200 feet of residential zoning on Parcels B and E. No service station and convenience stores with gas islands, and car washes shall be permitted on Parcels B and E. No Parcel within this C.U.P. shall allow the use of adult entertainment establishments, group residential, correctional placement residences, vehicle sales, multi-game, casino style gambling facilities, private clubs, lounges, nightclubs, and drinking establishments. Restaurants that are liquor can be developed and may serve liquor, as long as food is the primary service of the establishment.
18. Cross-lot circulation agreements for both vehicle and pedestrian traffic shall be required at the time of platting to assure internal vehicular and pedestrian movement with the C.U.P.. A cross lot circulation agreement for vehicular traffic, will be required with Orwitt 2nd Addition at the time of platting. 19. A plan for a pedestrian walk system shall be submitted and approved by the Director of Planning prior to the issuance of building permits. The walk system shall link buildings with the arterial and/or perimeter sidewalks and provide connectivity between buildings.
20. Amendments, adjustments or interpretations to this C.U.P. shall be done in accordance with the Unified Zoning Code. 21. The Transfer of title or of any portion of land included within the Community Unit Plan (or any amendments thereto) does not constitute a termination of the plan or any portion thereof, but said plan shall run with the land and be binding upon present owners, their successors and assigns. 22. The development of this property shall proceed in accordance with the development plan as recommended for approval by the Planning Commission and approved by the Governing Body, and any substantial deviation of the plan, as determined by the Zoning Administrator or the Director of Planning, shall constitute a violation of the building permit authorizing construction of the proposed development.
23. Any major changes in this development plan shall be submitted to the Planning Commission and to the Governing Body for their consideration. 24. A circulation plan shall be submitted and approved by the Traffic Engineer in conjunction with the Planning Director prior to the issuance of any building permit; with the circulation plan being designed to discourage travel on Pershing and channel traffic toward Oliver for Parcels A, B, C, D and E.

ADD:
Parcel C shall be allowed a metal west facade.

RE: CUP2015-00039 – City Community Unit Plan (CUP) DP-261 Amendment to permit a car wash on Parcel D, adjust parcel lines and increase height of light poles on property generally located on the northwest corner of South Oliver Avenue and East Orme Street.

Dear Ladies and Gentlemen:

At its regular meeting on **November 19, 2015**, the Wichita - Sedgwick County Metropolitan Area Planning Commission (MAPC) considered the above captioned request. The action of the MAPC was to **APPROVE** the request subject to the development standards contained in DP-261 and the following conditions:

1. The second sentence of General Provision 17 is amended to include the following: All parcels shall be zoned Limited Commercial zone. Parcels D, F and G shall allow car wash as a permitted use. The car wash use shall conform to UZC Sec. III-D.6.f (unless specifically modified by this plan) and shall be subject to a staff approved site plan. No drive-in or drive-through facilities shall be located within 200 feet of residential zoning on Parcels B and E. No service station and convenience stores with gas islands, and car washes shall be permitted on Parcels B and E. No Parcel within the CUP shall allow the use of adult entertainment establishments, group residential, correctional placement residences, vehicle sales, multi-game, casino-style gambling facilities, private clubs, taverns, nightclubs, and drinking establishments. Restaurants that serve liquor can be developed and may serve liquor, as long as food is the primary service of the establishment.
2. Parcel B Net Area: ~~95,580~~ 89,611 sq. ft. or ~~2.19~~ 2.06 acres
   Maximum Building Coverage: ~~28,674~~ 26,883 sq. ft. or 30 percent
   Maximum Gross Floor Area ~~33,453~~ 31,364 sq. ft.
3. Parcel D Net Area: ~~33,002~~ 39,080 sq. ft. or ~~0.76~~ 0.89 acres
   Maximum Building Coverage: ~~9,901~~ 11,724 sq. ft. or 30 percent
   Maximum Gross Floor Area: ~~11,551~~ 13,678 sq. ft.

Add item I. Light poles shall be a maximum of 20 feet in height including base.

4. Existing driveways to Parcel D from Orme Street shall be closed or access control vacated prior to issuance of an occupancy permit for Parcel D.
5. Submission of four CUP's within 60 days of final approval to the Metropolitan Area Planning Department.
6. The proposed amendments apply only to the described parcels.
7. The applicant shall submit four revised copies of the approved CUP to the Metropolitan Area Planning Department within 60 days after final approval of this case, or the request shall be denied.

Property owners opposed to the application may file with the City Clerk signed written appeals of the MAPC's recommendation. (Unsigned e-mails are not considered to be legal appeals.) To be effective, the appeals must be filed by 5:00 p.m. on **December 3, 2015**. In order to be considered a "valid" petition, the signatures must reflect the correct and entire ownership of the property, the property must be at least partially located within 200 feet of the property for which the application was filed, and must be submitted to the City Clerk by **December 3, 2015 at 5:00 p.m.**

If there are not any appeals filed, the action of the MAPC is final.

NOTICE: The public hearing on planning items is conducted by the MAPC under provisions of State Law. Adopted policy is that the City Council will not take additional testimony on zoning related applications and other issues for which the MAPC has held a public hearing. However, interested parties may file a written statement with the City Clerk by 5:00 p.m. on the Wednesday preceding this meeting, providing new facts on the issue or alleging an unfair hearing. The Council will determine from such statements whether to return the issue to the MAPC for reconsideration or to reverse their recommendation.

This is a reminder that the zoning notification signs should now be removed from the property.
If you have any questions concerning this application, please contact our office at 268-4421.

Sincerely,

Dale Miller

RE: **CUP2014-09** - Amendment to Community Unit Plan (CUP) DP-261 to increase the boundaries, allow a car wash within 200 feet of residential zoning, allow an LED sign and increase a pole sign height and size, generally located at the southeast corner of South Oliver and East Kellogg.

Dear Applicants:

At its regular meeting on **April 24, 2014**, the Wichita - Sedgwick County Metropolitan Area Planning Commission (MAPC) considered the above captioned request. The action of the MAPC was to **APPROVE** the request subject to the following conditions:

(1) General Provision #17 shall in addition state: "The car wash use shall conform to UZC Sec.III.D.6.f. and shall be subject to a staff approved site plan."
(2) General Provision #6.F. shall in addition state: "The LED sign shall conform to a staff approved elevation drawing."
(3) General Provision #6.J. shall allow one 50-foot pole sign along Kellogg with a non-flashing LED price sign display and shall conform to a staff approved elevation drawing.
(4) The applicant shall submit four revised copies of the CUP to the Metropolitan Area Planning Department within 60 days of approval or the request shall be considered denied and closed.
(5) If the Zoning Administrator finds that there is a violation of any of the conditions of the CUP amendment, the Zoning Administrator, in addition to enforcing the other remedies set forth in the Unified Zoning Code, may, with the concurrence of the Planning Director, declare the CUP amendment null and void.

This case received no protests during the two-week protest period, therefore the MAPC decision is final. The CUP amendment is not effective until four copies of the revised CUP document, consistent with the MAPC approval, is provided to planning staff. If you have any questions concerning this application, please contact our office at 268-4421.
