# STAFF REPORT

MAPC: February 9, 2017  
DAB I: February 6, 2017

**CASE NUMBER:** CON2016-00065

**OWNER/APPLICANT:** Charles Nance (owner)

**AGENT:** Amanda Nance

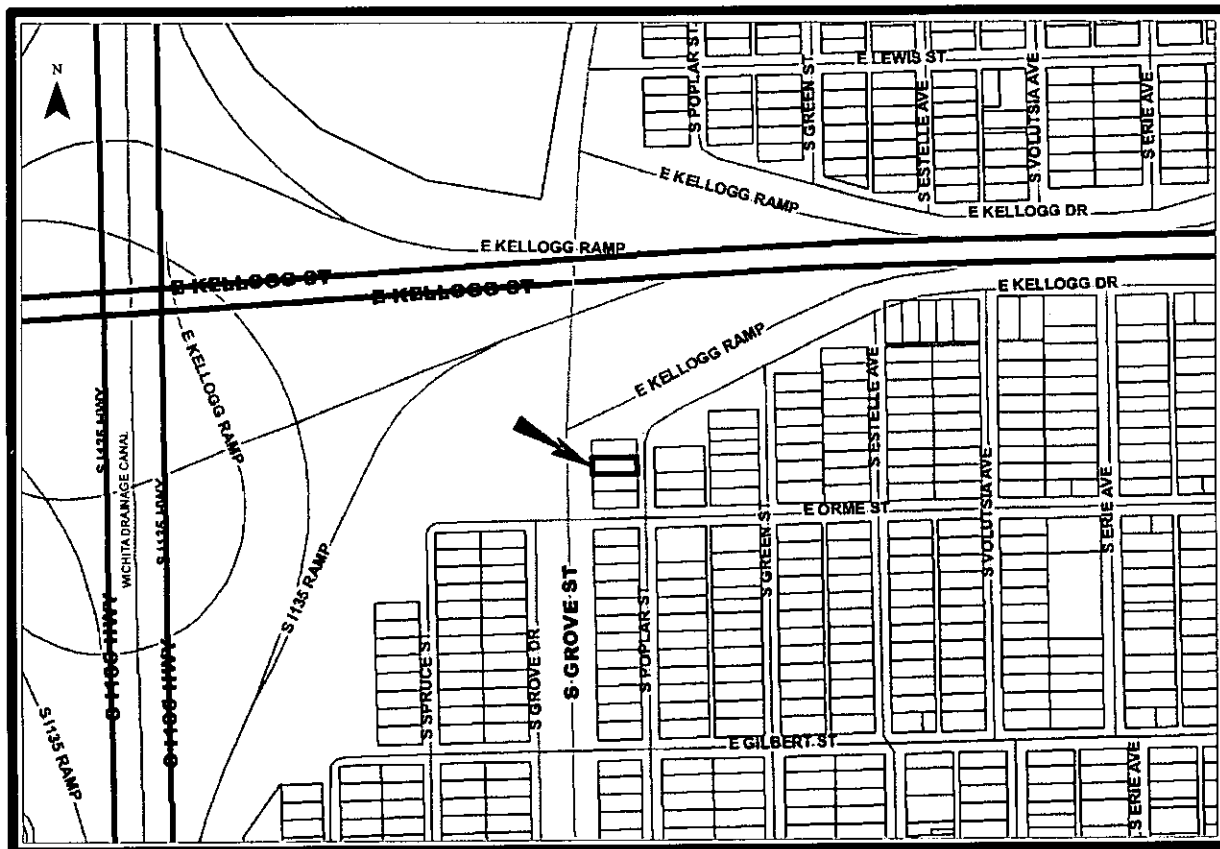

**REQUEST:** Conditional Use for Daycare, General

**CURRENT ZONING:** TF-3

**SITE SIZE:** 0.15 acre

**LOCATION:** East of Grove, north of Orme on S. Poplar (547 S. Poplar)

**PROPOSED USE:** Daycare

**BACKGROUND:** The applicant is requesting a “conditional use” to allow a daycare for 10 or fewer children with a maximum of three (3) staff persons not operated as a home occupation. The site is located east of Grove and north of East Orme on the west side of South Poplar (547 S. Poplar Street). The subject site is developed with a one-story frame residence built in 1930 and is currently vacant. The property had been previously used as rental housing.

The applicant’s site plan shows the existing house and garage. One parking space will be provided inside the garage and three spaces on the existing drive.

Property surrounding the site is TF-3 Two-Family Residential developed with single-family residences. This neighborhood was developed prior to 1930. Single-family residential zoning was not introduced as a zoning district type until 1937.

**Day Care, General** means a Day Care center that provides care, protection and supervision for more than ten individuals at any one time, including those under the supervision or custody of the day care provider and those under the supervision or custody of employees, or a Day Care center for ten or fewer individuals at any one time that is not operated as a Home Occupation.

**CASE HISTORY:** The site was platted as lots 15 and 17, Dixon’s Addition in 1918.

**ADJACENT ZONING AND LAND USE:**

NORTH:	TF-3	Single-family residential
SOUTH:	TF-3	Single-family residential
EAST:	TF-3	Single-family residential
WEST:	TF-3	Single-family Residential

**PUBLIC SERVICES:** The subject property has direct access to South Poplar Avenue, a local collector street. Grove Street can, a four-lane paved arterial, may be accessed from Orme Street, south of the subject site. Municipal water and sewer services and all other utilities are currently provided to the subject property.

**CONFORMANCE TO PLANS/POLICIES:** The adopted Wichita-Sedgwick County Comprehensive Plan, the *Community Investments Plan*, identifies the site as within the Established Central Area - the downtown core and mature neighborhoods surrounding it in a roughly three-mile radius. The Plan encourages infill development within the Established Central Area that maximizes public investment in existing and planned infrastructure and services. The Future Growth Concept Map identifies the area “Residential.” This proposed project is in conformance with the Community Investment Plan.

**RECOMMENDATION:** Based on the information available prior to the public hearing, MAPD staff recommends the application be APPROVED.

The staff’s recommendation is based on the following findings:

1. **The zoning, uses and character of the neighborhood:** Property surrounding the site is TF-3 Two-Family Residential developed with single-family residences. This neighborhood was developed prior to 1930. Single-family residential zoning was not introduced as a zoning district type until 1937.
2. **The suitability of the subject property for the uses to which it has been restricted:** The property is zoned TF-3. The Unified Zoning Code (UZO) allows a conditional use for Daycare, General within residential zoning districts.

3. **Extent to which removal of the restrictions will detrimentally affect nearby property:** A daycare at this location will not negatively impact residential use in the area.
4. **Conformance of the requested change to adopted or recognized Plans/Policies:** The adopted Wichita-Sedgwick County Comprehensive Plan, the *Community Investments Plan*, identifies the site as within the Established Central Area - the downtown core and mature neighborhoods surrounding it in a roughly three-mile radius. The Plan encourages infill development within the Established Central Area that maximizes public investment in existing and planned infrastructure and services. The Future Growth Concept Map identifies the area “Residential.”
5. **Impact on Community Facilities:** All public facilities are available and existing road facilities are adequate.
