CASE NUMBER: CON2017-00011

APPLICANT/OWNER: Tom and Tina Herzberg, owners

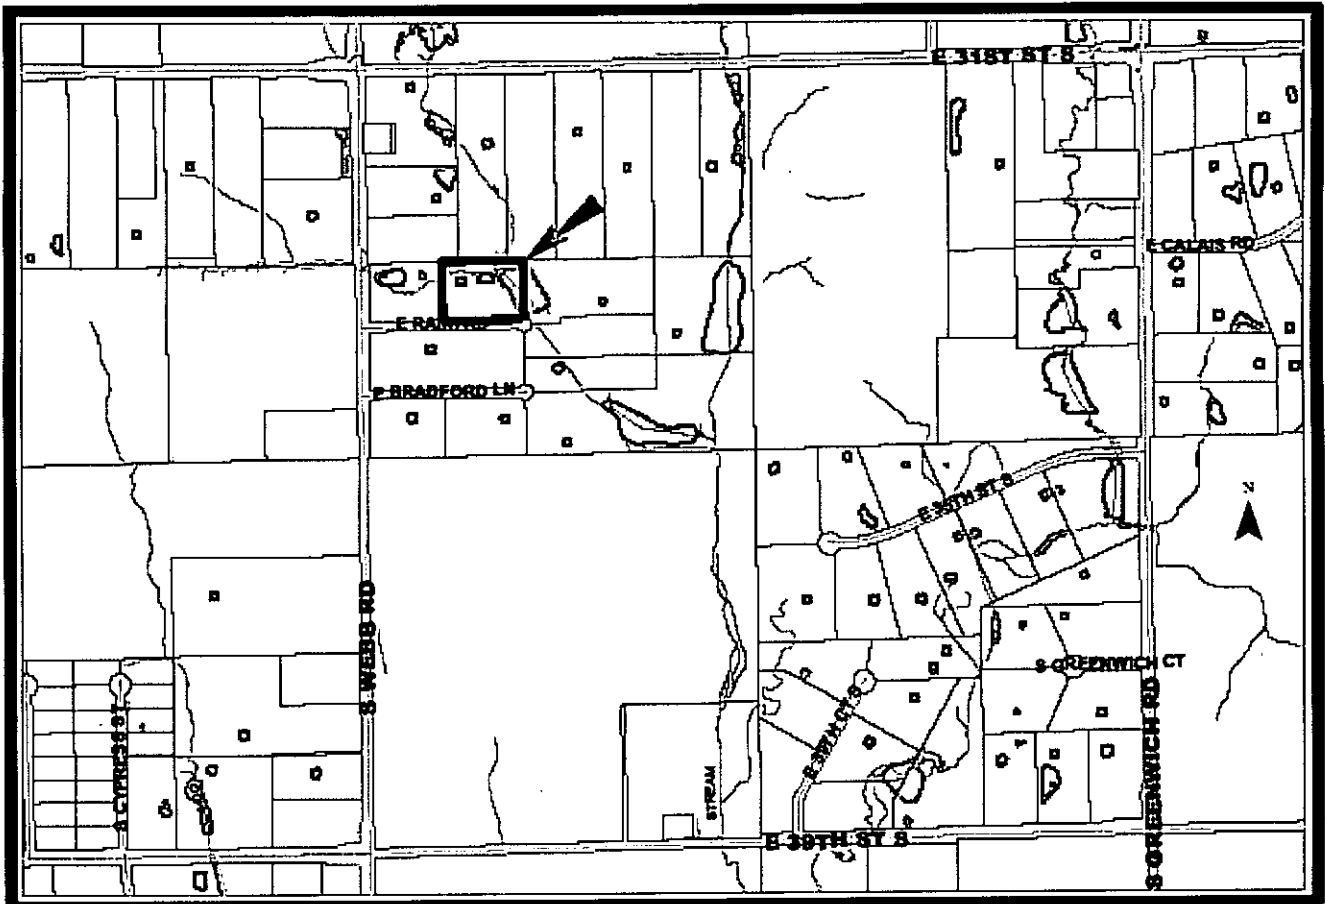

REQUEST: Conditional Use request for an accessory apartment

CURRENT ZONING: SF-20 Single-Family Residential

SITE SIZE: Approximately 5 acres

LOCATION: Generally located one-third mile south of East 31st Street South on the east side of South Webb Road on the North Side of East Raini Road

PROPOSED USE: Accessory Apartment

BACKGROUND: The applicant is requesting a Conditional Use for a 24-feet by 49-feet accessory apartment to be located within an existing 49-feet by 80-feet accessory building on the site.

The unplatted property is zoned SF-20 Single-Family Residential and is approximately 5 acres. It is currently developed with a single-family home and accessory building. The site is serviced by a lagoon. The subject site is located one-third mile south of East 31st Street South on the east side of South Webb Road on the North Side of East Raini Road. The Sedgwick County site is not located within any Urban Area of Influence.

The Wichita-Sedgwick County Unified Zoning Code (“UZC”) defines an “accessory apartment” (Art. II.Sec. II-B.1.b) as a dwelling unit that may be wholly within, or may be detached from a principal single-family dwelling unit. Accessory apartments are also subject to supplementary use regulation Art. III.Sec.III-D.6.a (1) a maximum of one accessory apartment may be allowed on the same lot as a single-family dwelling unit that may be within the main building, within an accessory building or constructed as an accessory apartment; (2) the appearance of an accessory apartment shall be compatible with the main dwelling unit and with the character of the neighborhood; (3) the accessory apartment shall remain accessory to and under the same ownership as the principal single-family dwelling unit, and the ownership shall not be divided or sold as a condominium and (4) the water and sewer service provided to the accessory apartment shall not be provided as separate service from the main dwelling. Electric, gas, telephone and cable television utility service may be provided as separate utility services.

The surrounding properties to the north, east, west and south are zoned SF-20. The uses include single-family residences and a church. The church and the buildings to the west are constructed of vertical rib metal wall panels and metal roofs. The existing accessory building is of same material.

The applicant submitted the attached site plan showing the location of the existing residence, accessory structure and the lagoon. An attached floor plan identifies the location of the new 24-feet by 49-feet accessory apartment within the accessory structure.

CASE HISTORY: The subject property is unplatted. The accessory structure had a final inspection on November 29, 2016 and the permit was closed.

ADJACENT ZONING AND LAND USE:

NORTH:	SF-20	Single-family residences
SOUTH:	SF-20	Church
WEST:	SF-20	Single-family residence on 4.5 acres
EAST:	SF-20	Single family residences on 10-acre lots.

PUBLIC SERVICES: Webb Road is a two-lane paved arterial street with no shoulders and bar ditches on both sides of the pavement. The subject site has access to South Webb Road from Raini Road, a 30-foot wide gravel road. The property is served by lagoon and water is provided by Sedgwick County Rural Water District #3.

CONFORMANCE TO PLANS/POLICIES: The “2035 Community Investments Plan” (Plan) identifies the subject site as being in the Wichita Urban Growth Area. This category identifies Wichita’s urban fringe areas that have the potential to be developed by the year 2035, based upon Wichita population growth projections and current market trends. Determination of growth direction and amount is based upon municipal political considerations, anticipated municipal population growth, efficient patterns of municipal growth, current infrastructure limitations, cost effective delivery of future municipal services and environmental factors.

RECOMMENDATION: Based upon information available prior to the public hearings, planning staff recommends that the request be **APPROVED**, with the following conditions:

- (1) The accessory apartment shall remain accessory to and under the same ownership as the principal single-family residence (located at 9820 E. Raini Road) and the ownership shall not be divided or sold as a condominium. The appearance of the accessory structure shall be compatible with the main dwelling.
- (2) The water provided to the accessory apartment shall not be provided as separate services from the main dwelling. Sewer will be provided by the on-site lagoon. The applicant shall have the MABCD review the status of the existing lagoon system. Electric, gas, telephone and cable television utility service may be provided as separate utility services.
- (3) The applicant shall obtain all applicable permits including, but not limited to: building, health and zoning. This will include turning in plans for review and approval by the MABCD for the construction of the accessory apartment.
- (4) Development and maintenance of the site shall be in conformance with the approved site plan.
- (5) If the accessory apartment is not in place within 12 months after final approval, or if the Zoning Administrator finds that there is a violation of any of the conditions of the Conditional Use, the Zoning Administrator, in addition to enforcing the other remedies set forth in Article VIII of the Unified Zoning Code, may, with the concurrence of the Planning Director, declare that the Conditional Use is null and void.

This recommendation is based on the following findings:

- (1) **The zoning, uses and character of the neighborhood:** The County subject site is located in an SF-20 zoned area with lots ranging from four acres to 10 acres. Development in the area consists of large lot single-family residential, agricultural land and a church.
- (2) **The suitability of the subject property for the uses to which it has been restricted:** The subject site is currently zoned SF-20 which permits the existing single-family residence. The property will continue to be used for one single-family residence; the depth of the property easily accommodates an accessory apartment and the additional required parking space.
- (3) **Extent to which removal of the restrictions will detrimentally affect nearby property:** Approval of the request should not detrimentally impact nearby properties. The conditions of approval should minimize any anticipated detrimental impacts.
- (4) **Conformance of the requested change to the adopted or recognized Comprehensive Plan and policies:** The "2035 Community Investments Plan" (Plan) identifies the subject site as being in the Wichita Urban Growth Area. This category identifies Wichita's urban fringe areas that have the potential to be developed by the year 2035, based upon Wichita population growth projections and current market trends. Determination of growth direction and amount is based upon municipal political considerations, anticipated municipal population growth, efficient patterns of municipal growth, current infrastructure limitations, cost effective delivery of future municipal services and environmental factors. A Conditional Use application/request is required for consideration of an accessory apartment in the SF-20 zoning district.
- (5) **Impact of the proposed development on community facilities:** Community facilities are the public streets in the neighborhood, police and fire services, none of which will be noticeably impacted by another residence being built on the site. There is no public water or sewer service available to the neighborhood.
