DAB III June 7, 2017

- CASE NUMBER:** ZON2017-00022
- APPLICANT/AGENT:** Cross Way Church, Joplin Emberson/ Baughman Company, P.A., Russ Ewy
- REQUEST:** MF-18 Multi-Family Residential zoning
- CURRENT ZONING:** SF-5 Single-Family Residential zoning
- SITE SIZE:** Approximately 3.44 acres
- LOCATION:** Generally located one-third mile north of East 63rd Street South on the west side of South Clifton Avenue.

BACKGROUND: The applicant is requesting a zone change from SF-5 Single-Family Residential (SF-5) to MF-18 Multi-Family Residential (MF-18) zoning on approximately 3.44 unplatted acres. The applicant proposes to build a mix of duplex, triplex and four-plex residential units, subject to final platting.

West and south of the subject site is a 21- acre tract zoned SF-5, which is part of the River Wood Preliminary Plat and is undeveloped. Cross Way Church submitted the attached preliminary copy of a site plan for their proposed new facility. The subject site is in the upper right corner of the site plan, and outlined in orange. North of the subject site is SF-20 Single-Family Residential (SF-20) zoned property located in Sedgwick County, developed with a residence and agricultural land. Property east of the subject site is SF-20 and RR Rural Residential (RR) zoned agricultural land with no improvements.

South of 63rd Street and west of Clifton Avenue is a new TF-3 subdivision currently under construction. This project was platted in January 2016 as the Vassar Addition. Also, the northwest corner of 63rd Street South and South Clifton Avenue was recently rezoned from SF-5 to LC Limited Commercial (LC).

CASE HISTORY: The site is located within the City limits of Wichita and is part of the River Wood Addition Preliminary plat approved March 8, 2007.

ADJACENT ZONING AND LAND USE:

NORTH: SF-20	Single-Family residence surrounded by agricultural land
SOUTH: SF-5	Agricultural land
WEST: SF-5	Agricultural land
EAST: SF-20	Single-Family residence surrounded by agricultural land

PUBLIC SERVICES: The site has access to a paved arterial street with 60-foot right-of-way with traffic in both directions. Six-inch water and sewer lines serve the property as required under the River Wood Addition preliminary plat.

CONFORMANCE TO PLANS/POLICIES: The adopted Wichita-Sedgwick County Comprehensive Plan, *the Community Investments Plan*, identifies the site as Wichita Urban Growth Area. The Plan encourages expansion and extension of municipal services and infrastructure. Determination of growth is based on municipal political considerations, anticipate population growth, and efficient patterns of growth.

RECOMMENDATION: Based upon information available prior to the public hearings, planning staff recommends that the request be **APPROVED.**

This recommendation is based on the following findings:

- (1) The zoning, uses and character of the neighborhood:** The site is located in undeveloped area with SF-5 and SF-20, RR and LC. The proposed multi-family development will be buffered from the surrounding uses with existing tree lines and additional landscaping as the proposed project develops.
- (2) The suitability of the subject property for the uses to which it has been restricted:** MF-18 zoning would allow for a mix of multi-family residences to be built, which is an appropriate use for urban residential development. The proposed multi-family development is associated with a

multi-use development proposed by Cross Way Church, which should mitigate any detrimental effects on nearby property.

- (3) **Extent to which removal of the restrictions will detrimentally affect nearby property:** The requested MF-18 zoning allows fourplexes, triplexes and duplexes, as well as single-family residences by right. There is LC zoning and TF-3 zoning south of the subject site.
- (4) **Relative gain to the public health, safety and welfare as compared to the loss in value or the hardship imposed upon the applicant:** Approval of the request would limit development by right to single-family residential, duplex, multi-family and some (but not limited to) institutional uses such as a parks, schools and churches.
- (5) **Conformance of the requested change to the adopted or recognized Comprehensive Plan and policies:** The adopted Wichita-Sedgwick County Comprehensive Plan, *the Community Investments Plan*, identifies the site as Wichita Urban Growth Area. The Plan encourages expansion and extension of municipal services and infrastructure. Determination of growth is based on municipal political considerations, anticipate population growth, and efficient patterns of growth.
- (6) **Impact of the proposed development on community facilities:** All services are in place and any increased demand on community facilities can be handled by current infrastructure.
