

The Planning Commission determined that the character of the neighborhood; the zoning and uses of properties nearby; the suitability of subject property for the uses proposed; and the recommendation of staff justified the approval of the zone change.

- Actions:
1. Concur with the findings of the MAPC and approve the zone change subject to the condition of platting; instruct the Planning Department to forward the ordinance for first reading when the plat is forwarded to the City Commission; or
  2. Return the application to the MAPC for reconsideration stating reasons.

Agenda Report # \_\_\_\_\_

TO: Mayor and City Commissioners

SUBJECT: Z-2814 - REQUEST FOR ZONE CHANGE FROM "B" MULTIPLE-FAMILY DISTRICT TO "LC" LIGHT COMMERCIAL DISTRICT AND "BB" OFFICE DISTRICT, LOCATED ON THE EAST SIDE OF OLIVER BETWEEN BUNKER HILL DRIVE AND NEW JERSEY DRIVE.  
(Mid-Kansas Federal Savings and Loan)

INITIATED BY: Metropolitan Area Planning Department

AGENDA ACTION: Zoning

-----  
MAPC Recommendation: Approve (8-0)

Staff Recommendation: Approve

Background: On November 13, 1986, the MAPC held a public hearing to consider a zone change from "B" to "LC" for 5.75 acres of land and from "B" to "BB" for 3.43 acres located east of Oliver between Bunker Hill Drive and New Jersey Drive. The site is currently undeveloped. In 1965 this property was included in a request for zone change from "LC" to "B" because the owner wanted to build apartments and did not want the greater tax burden of commercial zoning. Apartments have never been developed on this site. No one spoke in opposition to the application. The Planning Commission recommended that the application be approved subject to replatting the property within one year after approval by the City Commission in order to address street paving, drainage, access, building setbacks, and utility easements.

CPO Council "D" voted 6-0 to recommend approval of the request.

Analysis: Land to the north across Bunker Hill Drive is developed with general retail businesses which front on George Washington Boulevard. To the east are multi-family dwellings in "LC" and "B" zoning. To the south are multi-family dwellings in the "B" district. To the west is undeveloped land in the "LC" district and, on the west side of Oliver, a city park in the "AA" district.

The zoning policy for Oliver, adopted in 1978, is to look with favor on retention of the existing zoning district classifications in this area. However, a few months after adoption of this policy, the Air Force released their AICUZ report which identifies this area as having a day/night average sound level of 70 to 80 which is not considered suitable for residential development. Office and commercial uses are considered appropriate if building construction methods reduce the noise level by 25 to 30. Bunker Hill Drive is not paved and there are considerable drainage problems in this area.

SECTION 3. That this Ordinance shall take effect and be in force from and after its adoption and publication in the official City paper.
