

The Planning Commission determined that the character of the neighborhood, the zoning and uses of nearby properties, the suitability of subject site for the uses proposed, and the recommendation of staff justified the zone changes.

- Actions:
1. Concur with the findings of the MAPC and approve the zone change subject to the condition of platting; instruct the Planning Department to forward the ordinance for first reading when the plat is forwarded to the City Commission; or
 2. Return the application to the MAPC for reconsideration stating reasons.

Agenda Report # _____

TO: Mayor and City Commissioners

SUBJECT: Z-2831 - REQUEST FOR ZONE CHANGE FROM "AA" ONE-FAMILY DWELLING DISTRICT TO THE "BB" OFFICE DISTRICT AND THE "LC" LIGHT COMMERCIAL DISTRICT, LOCATED AT THE NORTH-EAST CORNER OF CENTRAL AND 119TH STREET WEST.
(William Solt, contract purchaser)

INITIATED BY: Metropolitan Area Planning Department

AGENDA ACTION: Planning

MAPC Recommendation: Approve (7-0)

Staff Recommendation: Approve

Background: On March 5, 1987, the MAPC held a public hearing to consider a zone change from "AA" to "BB" for 2.7 acres of unplatted land and a zone change from "AA" to "LC", also for 2.7 acres of unplatted land, all located at the northeast corner of Central and 119th Street West. The property is currently in agricultural use. No one spoke in opposition to the application and the Planning Commission unanimously recommended approval subject to platting.

CPO Council "A" voted 5-0 to recommend approval of the request.

Analysis: To the north and east is agricultural land in the "AA" district. Further to the east are new single-family homes in the Golden Hills subdivision as well as a 5-acre tract recently approved for "R-5" zoning. To the south is an indoor swim center in the "LC" district. To the west are single-family homes in the County's "R-1" district.

The contract purchaser of this land is also the purchaser and developer of the balance of this quarter section of land. He has stated his intentions to build convenience commercial uses, offices, and a day care center at this location if these zone changes are granted. The "BB" portion of the application helps buffer the future residential from most of the proposed "LC". A street is to separate this non-residential development from the future residential development. Access controls and building setbacks from the new interior street should be discussed at the time of platting in order to provide additional methods of making this non-residential site compatible with the residential which is to surround it.
