STAFF REPORT
 MAPC – June 15, 2000

CASE NUMBER: CON-2000/00018

APPLICANT/AGENT: Bay Le (Owner), Alma ^Rivas & Pedro Banuelos (Applicants)

REQUEST: *Conditional Use* to allow the sale of used cars

CURRENT ZONING: "LC" *Limited Commercial*

SITE SIZE: 7,000 square feet

LOCATION: Broadway and Morris
 (1017 South Broadway)

PROPOSED USES: Used car sales

BACKGROUND: The applicants are requesting a *Conditional Use* to permit used car sales on a platted ¼-acre tract of land. They indicate a desire to offer up to 15 vehicles for sale. This property is zoned "*LC*" *Limited Commercial* and is located north of *Morris*, on the westside of *South Broadway* (see map). Woven wire fencing surrounds the application area. Access to the site is from *South Broadway* and from an alley located to the west. Currently the site is developed with a two-story building. A jewelry repair shop is located on the first floor with an apartment on the second floor. The jeweler operating the first floor business resides in the upstairs apartment. The occupant will vacate the site should the *Conditional Use* be approved.

The property north of the application is a vacant lot and zoned "*LC*" *Limited Commercial*, the property to the south is a residence and it is zoned "*LC*" *Limited Commercial*; to the east is a vacant lot and is zoned "*LC*" *Limited Commercial*; to the west are residential houses and zoned "*MF-18*" *Multi-Family*.

Outdoor vehicle and equipment sales in the "*LC*", *Limited Commercial*, district is permitted if: the location is contiguous to a major street; visual screening of areas contiguous to residential zoning is provided; storage and display areas shall be paved with concrete, asphalt or other comparable material; outdoor lighting shall employ cut-off luminaries and shall be mounted at a height not exceeding one-half the distance from the neighboring lot unless evidence is shown that the light source is not visible from the neighboring lot; no noise amplification system projecting human voices or music shall be permitted if the music or voices can be heard within any residential zoning district located within 500 feet of the site; no repair work shall be conducted except in an enclosed building; and no body or fender work is permitted.

Code required parking is at the rate of one space per 500 square feet of building area, plus two spaces for the first 10,000 square feet of area used for sales, display and storage, plus one space per 10,000 square feet thereafter. This site contains approximately 4,250 square feet of sales, display and storage area and approximately 900 square feet of building area. Four parking spaces would be required. The applicants are showing four spaces (see site plan). It also appears that there is not much room for landscaping due to existing paving.

CASE HISTORY: The current site was platted as the *Lee's Addition* in 1882.

ADJACENT ZONING AND LAND USE:

NORTH:	"LC" <i>Limited Commercial</i>	Vacant lot
EAST:	"LC" <i>Limited Commercial</i>	Vacant lot
SOUTH:	"LC" <i>Limited Commercial</i>	Residential House
WEST:	"MF-18" <i>Multi-Family Residential</i>	Residential House

PUBLIC SERVICES: *South Broadway* is a four-lane arterial street with estimated traffic volumes of 10,878 trips per day. Water/sewer and other municipal services are provided to the site.

CONFORMANCE TO PLANS/POLICIES: The *Land Use Guide* of the *Comprehensive Plan* identifies this property as "*commercial*." The plan contains an objective which states: "*Confine highway-oriented, auto-related and non-retail commercial uses to a limited number of urban areas, such as portions of Kellogg, Broadway, the CBD fringe, and other similar areas.*" There are two car sales lots in the two blocks north and one lot in the same block of the application area.

RECOMMENDATION: Based on the information available prior to the public hearing, MAPD staff recommends the application be APPROVED, subject to the following conditions:

1. In addition to uses permitted in the "*LC*" *Limited Commercial* district, the site shall be limited to sales of used cars.
2. The vehicle sales lot shall be developed in accordance with the site plan, which shows the location for all spaces that will be used for customer parking and the storage or display of vehicles. The required customer and employee parking shall not be used for the display of vehicles. The applicants shall comply with the Landscape Ordinance.
3. All parking, storage and display areas shall be paved with concrete, asphalt or similar surface. Parking barriers shall be installed along all perimeter boundaries adjacent to streets, except at driveway entrances or where fences are erected, to ensure that parked vehicles so not encroach onto public right-of-way.
4. No portable signs, and no temporary display signs are permitted, including the use of commercial flags, banners, pennants, streamers, pinwheels, string lights, search lights, bunting and balloons.
5. There shall be no use of elevated platforms for the display of vehicles.
6. No noise amplification system projecting human voices or music shall be permitted if the music or voices can be heard within any residential zoning district located within 500 feet of the site.
7. No outside storage of salvaged vehicles or parts shall be permitted in association with this use.

8. Per City Engineering standards, contingent dedication of additional right-of-way shall be granted by separate instrument. The contingency shall be a determination made by the City Engineer that the additional right-of-way is necessary for improvements to Broadway.
9. Any violation of the conditions approved, as a part of this request, shall render the *Conditional Use* null and void.

This recommendation is based on the following findings:

1. The zoning, uses and character of the neighborhood: Most of the area is zoned "*LC*" *Limited Commercial* and the adjacent neighborhood to the east is zoned "*MF-29*" *Multi-Family Residential*. The character of the neighborhood is one of mixed zoning, vacant lots, business and residential uses.
2. The suitability of the subject property for the uses to which it has been restricted: This site is currently zoned "*LC*", *Limited Commercial* and is used as jewelry repair shop and residence. Both are permitted uses. Vehicle sales are permitted only by *Conditional Use* in the "*LC*" district. The site will retain its zoning whether the request is approved or not. It is possible to continue to use the site as zoned or other retail sales uses permitted by the current zoning would be allowed.
3. Extent to which removal of the restrictions will detrimentally affect nearby property. The adjacent properties to the north, south and east are zoned "*LC*" *Limited Commercial*. The property to the west is residential and is zoned "*MF-29*." A variety of uses are already permitted on the properties zoned "*LC*" and "*MF-29*." Minimal detrimental effects are anticipated from the proposed *Conditional Use* recommended for this request.
4. Conformance of the requested change to the adopted or recognized Comprehensive Plan and Policies: The *Land Use Guide* of the *Comprehensive Plan* identifies this property as "*commercial*." The plan contains an objective which states: "*Confine highway-oriented, auto-related and non-retail commercial uses to a limited number of urban areas, such as portions of Kellogg, Broadway, the CBD fringe, and other similar areas.*"
5. Impact of the proposed development on community facilities: With approval of this project, the projected impact on community facilities is minimal.
