

The Planning Commission determined that the character of the neighborhood; the zoning and uses of properties nearby; the suitability of subject property for the uses proposed; and the recommendation of staff justified the approval of the zone change.

- Actions:
1. Concur with the findings of the MAPC and approve the zone change subject to the condition of platting; place the ordinance establishing the zone change on first reading and instruct the City Clerk to withhold publication until the plat has been recorded with the Register of Deeds; or
 2. Return the application to the MAPC for reconsideration stating reasons.

Agenda Report # _____

TO: Mayor and City Council Members

SUBJECT: Z-2847 - REQUEST FOR ZONE CHANGE FROM THE "AA" SINGLE-FAMILY DWELLING DISTRICT TO THE "LC" LIGHT COMMERCIAL DISTRICT LOCATED AT THE SOUTHWEST CORNER OF 119TH STREET WEST AND CENTRAL.

INITIATED BY: Metropolitan Area Planning Department

AGENDA ACTION: Planning

City Council District: #5

MAPC Recommendation: Approve (7-0)

Staff Recommendation: Approve

Background: On May 28, 1987, the MAPC held a public hearing to consider a zone change from the "AA" Single-family Dwelling District to the "LC" Light Commercial District for a 1.9-acre unplatted site on the southwest corner of 119th Street West and Central. The property is part of Bay Country Addition which is a subdivision in the process of being platted (it was approved by the MAPC on May 14, 1987). The Planning Commission unanimously recommended approval subject to platting the property within one year.

CPO Council "5A" voted unanimously to recommend approval of the request.

Analysis: To the north are single family houses in the County's "R-1" district. Light Commercial and office zoning is approved subject to platting on the northeast corner of 119th Street West and Central and a commercial building is located on the southeast corner of the intersection. To the south of the subject property is a church and associated school. To the west is undeveloped property currently in the process of being platted for single-family houses.

Access controls, building setbacks and street right-of-way were discussed and obtained by the MAPC during the platting process. Paving of 119th Street West is planned for 1988 and paving for Central adjacent to this property is to be guaranteed with the plat.

A recommendation of approval of this zone change should be subject to the associated plat being recorded within one year after approval by the City Council or the zone case shall be considered denied and closed. The rezoning ordinance shall not be published until the plat has been recorded.
