STAFF REPORT

CASE NUMBER: VAC2005-00049: Request to vacate a portion of a platted utility easement

OWNER/APPLICANT: Wilson Residential Co., LLC

AGENT: MKEC Engineering Consultants Inc., c/o Greg Allison

LEGAL DESCRIPTION: The west 5-feet of the 10-feet of the platted 20-foot utility easement located on the common lot lines of Lots 16 & 17 (Lot 17 is where that portion of the platted utility easement is located), Block 2, the Wilson Farms Second Addition, Wichita, Sedgwick County, Kansas, EXCEPT the north 15-feet and the south 25-feet thereof.

LOCATION: Generally located south of 21st Street north and west of Webb Road, north of Wilson Estates Parkway, on the south side of Churchill Circle (WCC District #II)

REASON FOR REQUEST: Additional space for constructing single-family residence

CURRENT ZONING: Subject property and all abutting and adjacent properties are zoned "SF-5" Single-family Residential

VICINITY MAP:

The applicant is requesting consideration for the vacation of the west 5-feet of the platted 20-foot utility easement located on Lot 17, Block 2, the Wilson Farms Second Addition. The applicant proposes to

build a single-family residence on the site. The applicant has provided responses from utilities, which indicates that they have no objections to the proposed vacation, with conditions. There are no manholes, water or sewer lines in the easement. The minimum width for an easement located in an interior side yard, per the Subdivision Regulations, is 10-feet. Per the UZC, the interior side yard setback for the "SF-5" zoning district is 6-feet. The 6-foot interior side yard setback remains in effect and an encroachment into it would require an Administrative Adjustment (20% reduction of the interior side yard setback) to remove the encroachment. The Wilson Farms Second Addition was recorded with the Register of Deeds May 25, 2000.

Based upon information available prior to the public hearings and reserving the right to make recommendations based on subsequent comments from City Public Works/Water & Sewer, franchised utility representatives and other interested parties, Planning Staff recommends approval to vacate the portion of the platted utility easement as described in the legal description with the following conditions.

- (1) Vacate only that portion of the platted utility easement as described in the legal description, as approved by City Water & Sewer/Public Works. Provide Planning Staff the approved legal description of the vacated portion of easement, via e-mail on a Word document.
- (2) If needed provide a City Water & Sewer/Public Works with additional easement. Provide Planning Staff with the original easement that has been reviewed and approved by Public Works/Water & Sewer; this document will go with the Vacation Order to WCC for final action and subsequent recording with the register of Deeds.
- (3) Retain the easement until all utilities have been relocated and provided with easement and/or any other conditions to be met are completed per the standards of all utility companies.
- (4) Any relocation or reconstruction of utilities made necessary by this vacation shall be the responsibility and at the expense of the applicant.
- (5) All improvements shall be according to City Standards.
- (6) Per MAPC Policy Statement #7, all conditions to be completed within one year of approval by the MAPC or the vacation request will be considered null and void. All vacation request are not complete until the Wichita City Council or the Sedgwick County Board of County Commissioners have taken final action on the request and the vacation order and all required documents have been provided to the City, County and/or franchised utilities and the necessary documents have been recorded with the Register of Deeds.
