VICINITY MAP:

The Stoner Apartments were built in 1909 on Lots 138 & 140, the Munger's Original Town of Wichita plat. The Stoner encroaches into the street and alley ROWs as described. The Stoner has been deemed eligible for historical registration and the Historical Preservation Planner has made application. Removing the Stoner from the described ROWs is essential to this process. This portion of 9th Street North, between Broadway Avenue (east) and Water Street has had at least seven (7) approved vacations of its ROW, from 1959 - 2001. There are utilities, manholes and sewer line in this portion of the 9th Street and alley ROWs. This portion of 9th Street is classified as a residential street and the proposed vacation does not reduce its ROW to a substandard width. The Munger's Original Town of Wichita plat was recorded March 25, 1870.

Based upon information available prior to the public hearings and reserving the right to make recommendations based on subsequent comments from City Public Works, franchised utility representatives and other interested parties, Planning Staff recommends approval to vacate the portion of the platted street and alley ROWs, as described with conditions.

 3. In justice to the petitioner, the prayer of the petition ought to be granted.

Therefore, the vacation of the portion of the platted 9th Street and alley ROWs as described in the petition should be approved with conditions;
