STAFF REPORT

CASE NUMBER: VAC2006-00037 Request to vacate the plat's text to allow additional uses in a portion of a platted reserve

OWNER/APPLICANT: Fairmont, LLC, c/o Rob Ramseyer

AGENT: Baughman Company, PA, c/o Russ Ewy

LEGAL DESCRIPTION: Vacate the plat text's restriction of uses in regards to uses allowed in Reserve B, the Fairmont Addition, Wichita, Sedgwick County, Kansas

LOCATION: Generally located ½-mile north of 21st Street North, on the southwest corner of Mainsgate Street and 127th Street East

REASON FOR REQUEST: To allow a neighborhood swimming pool and its associated uses

CURRENT ZONING: Subject property and all abutting and adjacent properties are zoned "SF-5" Single-family Residential.

VICINITY MAP:

The applicant is requesting consideration for the vacation of the restriction of uses in the plat's text for a portion of platted Reserve B, Fairmont Addition. The applicant requests the vacation to allow the additional uses of a neighborhood pool, parking and a pool house while retaining the existing allowed uses in Reserve B. The uses that Reserve B has been set aside for include landscaping, sidewalks, open space, lakes, drainage purposes, utilities as confined to easements and pipelines as confined to easements. There may be manholes and sewer line in the west portion of the reserve, confined to a platted utility and drainage easement located in the reserve, but there appears to be no water lines in the reserve. A large portion of the reserve is retaining water and drainage plans must be submitted to Storm Water for review and approval. Franchised utilities are confined to the platted drainage and utility easement located along the west side of the reserve. The plat also states that Reserve B shall be owned and maintained by the homeowners of the association for the addition. The Fairmont Addition was recorded with the Register of Deeds February 21, 2002. This case is also associated with BZA2006-00065, a variance on the parking, and CON2006-00033, a conditional use request for a neighborhood pool and its associated uses in "SF-5" zoning.

Based upon information available prior to the public hearings and reserving the right to make recommendations based on subsequent comments from City Public Works, franchised utility representatives, and other interested parties, Planning Staff recommends approval to vacate the uses of that portion of Reserve B as described in the legal description to allow a neighborhood pool and its associated uses with conditions.

- A. That after being duly and fully informed as to fully understand the true nature of this petition and the propriety of granting the same, the MAPC makes the following findings:
1. That due and legal notice has been given by publication as required by law, by publication in the Wichita Eagle of notice of this vacation proceeding one time September 14, 2006 which was at least 20 days prior to this public hearing.
 2. That no private rights will be injured or endangered by the vacation of the above-described uses of the platted reserve and the public will suffer no loss or inconvenience thereby.
 3. In justice to the petitioner, the prayer of the petition ought to be granted.
- B. Therefore, the vacation of the uses in a portion of the platted reserve described in the petition should be approved subject to the following conditions:
- (1) Vacate the use restrictions as listed in a portion of Reserve B to allow the additional uses of a swimming pool and related facilities, a parking lot, a club house and recreational uses. Retain the original uses allowed in Reserve B of landscaping, sidewalks, open space, lakes, drainage purposes, utilities as confined to easements and pipelines as confined to easements. Provide Planning with a legal description on a word document, via e-mail of the approved area of the pool site and its associated uses.

- (2) Drainage and site plans must be provided to Storm Water for review and approval prior to the VAC2006-37 going to the WCC for final action and prior to the issuance of building permits.
- (3) Any relocation or reconstruction of utilities made necessary by this vacation shall be the responsibility of the applicant.
- (4) All improvements shall be according to City Standards.
- (5) Per MAPC Policy Statement #7, all conditions to be completed within one year of approval by the MAPC or the vacation request will be considered null and void. All vacation request are not complete until the Wichita City Council or the Sedgwick County Board of County Commissioners have taken final action on the request and the vacation order and all required documents have been provided to the City, County and/or franchised utilities and the necessary documents have been recorded with the Register of Deeds

SUBDIVISION COMMITTEE'S RECOMMENDED ACTION:

- (1) Vacate the use restrictions as listed in a portion of Reserve B to allow the additional uses of a swimming pool and related facilities, a parking lot, a club house and recreational uses.
