Dear Mr. Royse:

At the Thursday, September 20, 2007, meeting of the Metropolitan Area Planning Commission the above-referenced vacation request was approved subject to the conditions recommended by the Subdivision Committee and stated in our letter of September 14, 2007. This case will be scheduled for final action by the Wichita City Council at the first appropriate date after all conditions have been met.

Per MAPC Policy Statement #7, **all conditions to be completed within one year of approval by the MAPC or the vacation request will be considered null and void.** All vacation request are not complete until the Wichita City Council or the Sedgwick County Board of County Commissioners have taken final action on the request and the vacation order and all required documents have been provided to the City, County and/or franchised utilities and the necessary documents have been recorded with the Register of Deeds.

This is a reminder that the zoning notification signs should now be removed from the property. If you have any questions concerning this application, please contact our office at 268-4494.

Sincerely,

Bill Longnecker

The applicant is requesting consideration to vacate portions of the generally described platted floodway reserves, which run parallel to the Little Arkansas River. The request will allow the properties to match up with the new FEMA maps. The applicant has provided the attached letters/documents from FEMA, which removes the described areas of the reserves from the "SFHA" and thus relieves it from the Federal mandatory flood insurance requirement. There are no utilities, water or sewer lines in the platted floodway reserves. There are no platted easements located within the platted floodway reserves. The Royse Estates Addition was recorded with the Register of Deeds December 21, 2006.

Based upon information available prior to the public hearings and reserving the right to make recommendations based on subsequent comments from County Public Works, franchised utility representatives and other interested parties, Planning Staff recommends approval to vacate a portion of the platted floodway reserve, as described, with conditions.

- A. That after being duly and fully informed as to fully understand the true nature of this petition and the propriety of granting the same, the MAPC makes the following findings:
1. That due and legal notice has been given by publication as required by law, in the Wichita Eagle and the Derby Reporter, of notice of this vacation proceeding one time August 30, 2007 which was at least 20 days prior to this public hearing.
 2. That no private rights will be injured or endangered by the vacation of the above-described portion of platted flood-way reserves and the public will suffer no loss or inconvenience thereby.
 3. In justice to the petitioner, the prayer of the petition ought to be granted.

Therefore, the vacation of the portion of the platted floodway reserves as described in the petition should be approved with conditions;

- (1) Provide Planning Staff with an approved legal description of the vacated portion of the platted floodway easement on a word document via e-mail to be used with the vacation petition and order. The vacated portion of Reserves A, B, C & D will no longer be restricted to "floodway purposes," as stated in the plattor's text, but will be allowed all uses permitted by right or as considered through the Conditional Use process in the "SF-20" zoning district or the appropriate uses per the zoning ordinance if annexed into the City of Valley Center of the City of Wichita.
- (2) Per MAPC Policy Statement #7, all conditions to be completed within one year of approval by the MAPC or the vacation request will be considered null and void. All vacation request are not complete until the Wichita City Council or the Sedgwick County Board of County Commissioners have taken final action on the request and the vacation order and all required documents have been provided to the City, County and/or franchised utilities and the necessary documents have been recorded with the Register of Deeds
