Case No. VAC2008-00023

VACATION ORDER

NOW on this 28th day of October, 2008 comes on for hearing the petition for vacation filed by Quick Trip West Incorporated, c/o Jack Pearce & JC Mohler of Crofton-Tull-Sparks, praying for the vacation of the following described portions of vacated platted 15-foot alleys retained as utility easements, a 5-foot utility easement dedicated by separate instrument and a remnant portion of a platted alley to-wit:

Existing 5' Sanitary Sewer Easement

The south 5 feet of Lot 10, on Dodge Street, all in Supplemental Plat of Martinson's First Addition to West Wichita, Sedgwick County, Kansas (Film 1236/Page 970).

Vacation of easements created by alley vacation

The east/west easement (as created by vacation of the alley which was dedicated on the Supplemental Plat of Martinson's First Addition to West Wichita, Sedgwick County, Kansas; vacation instrument recorded on Film 1236/Pages 974 & 975) lying north of Douglas Avenue, and extending from the east line of Dodge Avenue to a point 20 feet west of the west line of Seneca Street; AND that portion of the north-south easement (as created by vacation of the alley which was dedicated on the Supplemental Plat of Martinson's First

Addition to West Wichita, Sedgwick County, Kansas; vacation instrument recorded on Film 1236/Pages 974 & 975) lying west of Seneca Street and extending from the north edge of the above described east/west easement to the south edge of Pearl Street.

Alley Vacation

The remaining east 20 feet of the east-west alley intersecting Seneca Street that was dedicated on the Supplemental Plat of Martinson's First Addition to West Wichita, Sedgwick County, Kansas. Note this is a remnant left over by the above referenced "Vacation of easements created by alley vacation."

The City Council, after being duly and fully informed as to fully understand the true nature of this petition and the propriety of granting the same, makes the following findings:

1. That due and legal notice has been given by publication as required by law, by publication in The Wichita Eagle and the Derby Reporter on July 31, 2008, which was at least 20 days prior to the public hearing.

2. No private rights will be injured or endangered by the vacation of the above described portion of vacated platted 15-foot alleys retained as utility easements, a 5-foot utility easement dedicated by separate instrument and a remnant portion of a platted alley, and the public will suffer no loss or inconvenience thereby.

3. In justice to the petitioner(s), the prayer of the petition ought to be granted.

4. Dedications by separate instruments for a sanitary sewer easement, a utility easement and access control will be recorded with the Sedgwick County Register of Deeds.

5. No written objection to said vacation has been filed with the City Clerk by any owner or adjoining owner who would be a proper party to the petition.

6. The vacation of the portion of vacated platted 15-foot alleys retained as utility easements, a 5-foot utility easement dedicated by separate instrument and a remnant portion of a platted alley described herein should be approved.

STAFF REPORT

CASE NUMBER: VAC2008-00023: Request to vacate multiple easements and a portion of right-of-way (ROW)

OWNER/APPLICANT: Jack Pearce c/o Quick Trip West Inc, McNamara Los Osos (owners/applicants), Crafton Tull Sparks, c/o John Mohler

LEGAL DESCRIPTION: The vacated platted 15-foot alleys retained as utility easements (V-1730, Film 1236-Page 974), a 5-foot utility easement dedicated by separate instrument (Film 1236-Page 970), and a portion of platted alley as recorded on the Martinson's Addition, Wichita, Sedgwick County, Kansas.

LOCATION: Generally located on the northwest corner of Seneca Street and Douglas Avenue (WCC #IV).

REASON FOR REQUEST: Additional space for redevelopment

CURRENT ZONING: Subject property is zoned LI Limited Industrial ("LI"), GC General Commercial ("GC"), and LC Limited Commercial ("LC"). Adjacent eastern (across Seneca) and northern properties (across Pearl Street) are zone GC & LC. Adjacent western properties (across Dodge Avenue) are zoned LC & GC. Adjacent southern properties (across Douglas) are zoned LC.

VICINITY MAP:

The applicant is requesting consideration for the vacation of the described vacated platted 15-foot alleys retained as utility easements, a 5-foot utility easement dedicated by separate instrument and a remnant portion of a platted alley. The described easements and portion of alley run west - east and north – south. There are manholes and sewer line in the east – west easement. Comments from Storm Water and franchised utilities have not been received and are needed to determine if they have utilities located within the described easements and alley. Because the proposed redevelopment of the Quick Trip site includes expanding the size of the site, including the demolition of the abutting fast food restaurant, there may be access control issues that need to be addressed; the Traffic Engineer must approve any and all changes in access to and from the proposed Quick Trip site. The Martinson's Addition was recorded with the Register of Deeds March 3, 1886.

Based upon information available prior to the public hearing and reserving the right to make recommendations based on subsequent comments from City Public Works/Water & Sewer/Storm Water, franchised utility representatives and other interested parties, Planning Staff recommends approval to vacate the easements and alley as described in the legal description with the following conditions.

- A. That after being duly and fully informed as to fully understand the true nature of this petition and the propriety of granting the same, the MAPC makes the following findings:
1. That due and legal notice has been given by publication as required by law, in the Wichita Eagle and the Derby Reporter, of notice of this vacation proceeding one time July 31, 2008, which was at least 20 days prior to this public hearing.
 2. That no private rights will be injured or endangered by the vacation of the above-described alley and utility easements and the public will suffer no loss or inconvenience thereby.
 3. In justice to the petitioner, the prayer of the petition ought to be granted.

Therefore, the vacation of the platted contingent alley and utility easement described in the petition should be approved with conditions;

- (1) Vacate only those portions of the alley and utility easements as described in an approved legal description, as approved by City Water & Sewer, Public Works, Storm Water and franchised utilities. Provide Planning Staff the approved legal description of the vacated portion of platted utility easement, via e-mail on a Word document.
- (2) Any relocation or reconstruction of utilities made necessary by this vacation shall be the responsibility, and at the expense of the applicant and per City Standards. To abandon the sewer line provide Public Works with a certification from an engineer attesting that the sewer line has been abandoned per City Standards or provide a guarantee for the abandoning of the sewer line and a temporary easement, all to occur prior to the vacation case proceeding to City Council for final action.

- (3) Provide Planning Staff with all required dedications by separate instruments for utility easements. Provide the original to planning prior to the vacation case proceeding to City Council for final action.
- (4) All improvements shall be according to City Standards and at the applicant's expense including any new driveways from private property onto public ROW, the continuation or providing new curb and gutter and drainage lines. Any new drives onto public ROW must be approved by the Traffic Engineer. Provide Public Works with all needed guarantee to ensure that those improvements will be made, prior to this vacation case going to City Council for final action. Provided all needed dedications for complete access control as determined by the Traffic Engineer. Provide the original to planning prior to the vacation case proceeding to City Council for final action.
- (5) Retain the remnant portion of a platted alley, that intersects Seneca, until the Traffic Engineer makes a determination in regards to it need or lack in reference to Seneca ROW
- (6) Per MAPC Policy Statement #7, all conditions shall be completed within one year of approval by the MAPC or the vacation request will be considered null and void. All vacation requests are not complete until the Wichita City Council or the Sedgwick County Board of County Commissioners have taken final action on the request and the vacation

SUBDIVISION COMMITTEE'S RECOMMENDED ACTION:

The Subdivision Committee recommends approval subject to the following conditions:

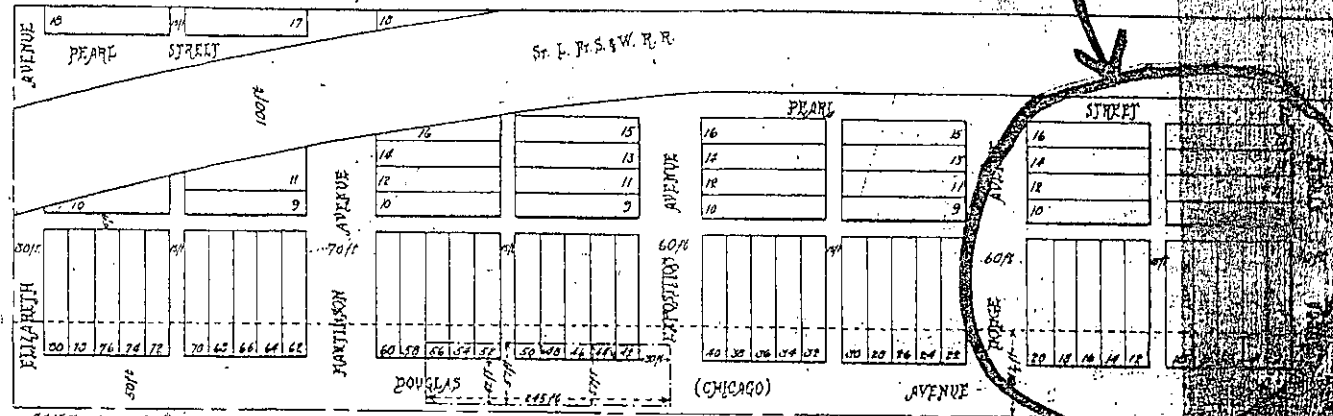

- (1) Vacate only those portions of the alley and utility easements as described in an approved legal description, as approved by City Water & Sewer, Public Works, Storm Water and franchised utilities. Provide Planning Staff the approved legal description of the vacated portion of platted utility easement, via e-mail on a Word document.
- (2) Any relocation or reconstruction of utilities made necessary by this vacation shall be the responsibility, and at the expense of the applicant and per City Standards. To abandon the sewer line provide Public Works with a certification from an engineer attesting that the sewer line has been abandoned per City Standards or provide a guarantee for the abandoning of the sewer line and a temporary easement, all to occur prior to the vacation case proceeding to City Council for final action.
- (3) Provide Planning Staff with all required dedications by separate instruments for utility easements. Provide the original to planning prior to the vacation case proceeding to City Council for final action.
- (4) All improvements shall be according to City Standards and at the applicant's expense including any new driveways from private property onto public ROW, the continuation or providing new curb and gutter and drainage lines. Any new drives onto public ROW must be approved by the Traffic Engineer. Provide Public Works with all needed guarantee to ensure that those improvements will be made, prior to this vacation case going to City

Council for final action. Provided all needed dedications for complete access control as determined by the Traffic Engineer. Provide the original to planning prior to the vacation case proceeding to City Council for final action.

- (5) Retain the remnant portion of a platted alley, that intersects Seneca, until the Traffic Engineer makes a determination in regards to it need or lack in reference to Seneca ROW
- (6) Per MAPC Policy Statement #7, all conditions shall be completed within one year of approval by the MAPC or the vacation request will be considered null and void. All vacation requests are not complete until the Wichita City Council or the Sedgwick County Board of County Commissioners have taken final action on the request and the vacation
