STAFF REPORT

CASE NUMBER: VAC2008-00025: Request to vacate portion of platted complete access control

OWNER/APPLICANT: Central Congregation of Jehovah's Witnesses c/o Curtis Bowen

LEGAL DESCRIPTION: Generally described as a 40-foot full movement opening onto 29th Street North centered 113.55 feet east of the northwest corner of Lot 1, Block 1, Northeast Elementary School Addition, Wichita, Sedgwick County, Kansas

LOCATION: Generally located west of Woodlawn Avenue, on the south side of 29th Street North (WCC #I)

REASON FOR REQUEST: Additional drive associated with Lot Split

CURRENT ZONING: Subject property and all adjacent and abutting properties are zoned "SF-5" Single-family Residential

VICINITY MAP:

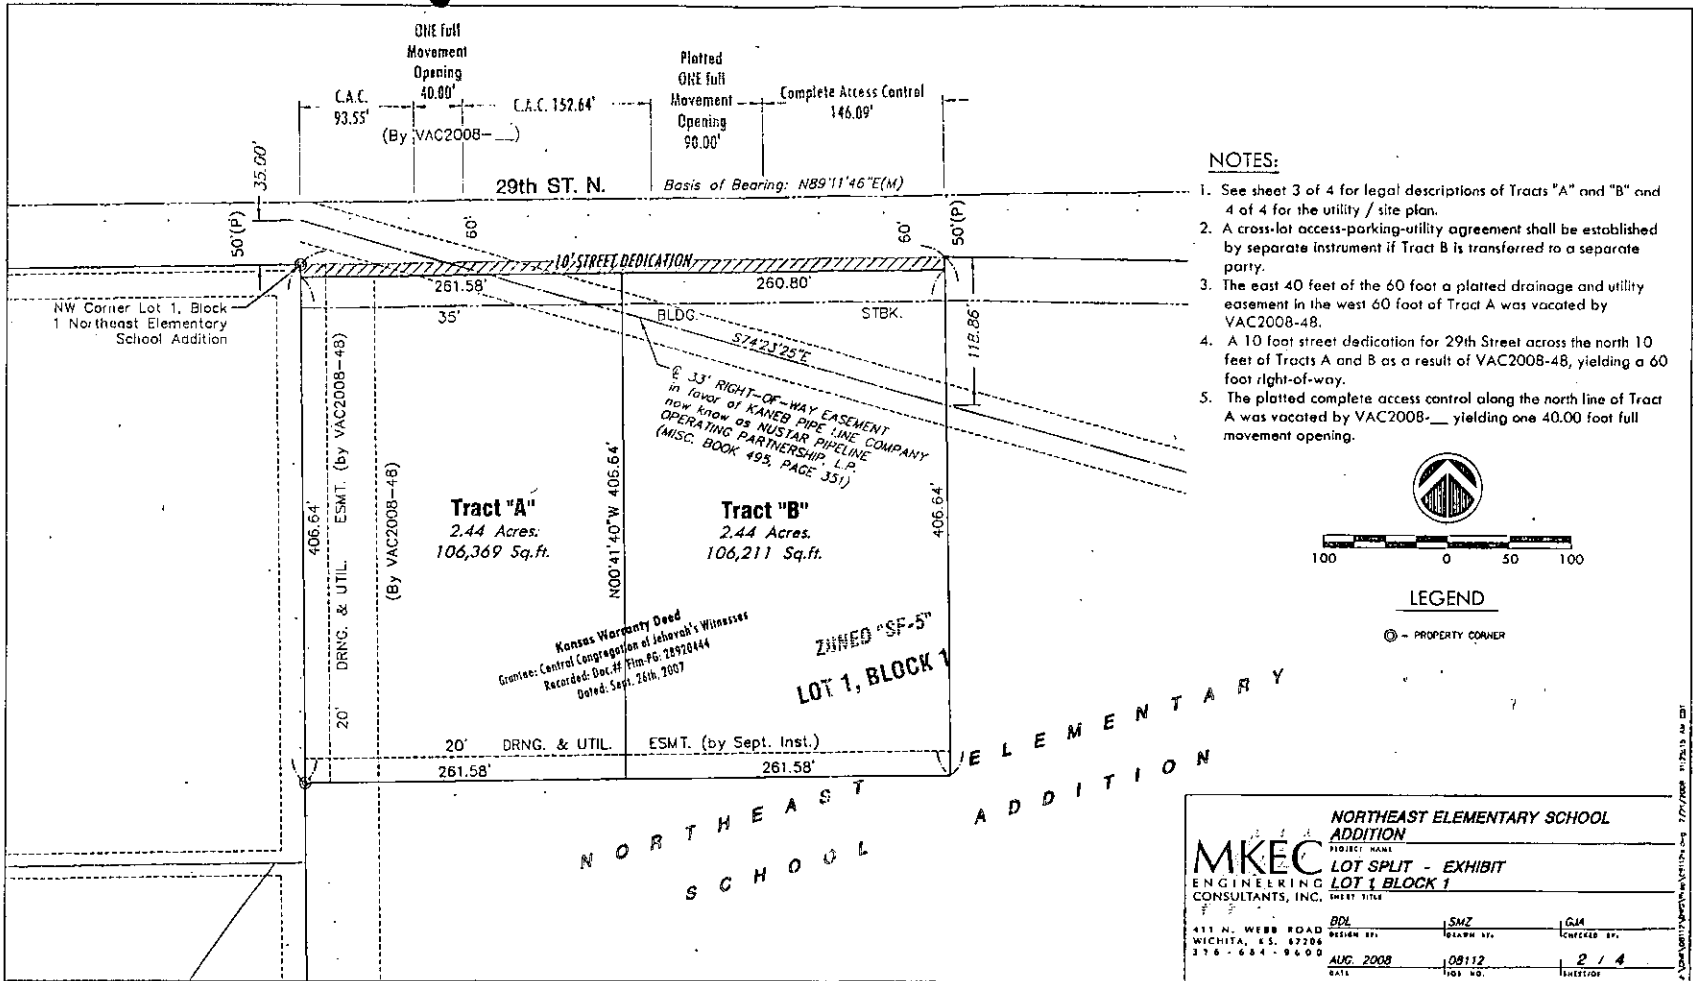

The applicant is requesting consideration for the vacation of the described platted access control for a 40-foot full movement opening onto 29th Street North. The proposed drive is located 152.64 feet, east of a platted 90-foot full movement drive, within the same subdivision. Typical driveway placement standards have 400 feet of separation between full movement drives on the same side of the street and 200 feet of separation between full movement and right in/right out drives. Other considerations include drives not lining up on opposite sides of the street and not having conflicting left turns. The approximately 282-acre Chisholm Creek public park (restored prairie, wetlands, ponds, woodlands and hiking trails) is located north of the site, across 29th Street North. The park has only two points of access, one being located in line with the before noted platted 90-foot full movement drive. The undeveloped subject site is currently part of the Northeast Elementary School Addition. There is a Lot Split, SUB2008-57, associated with this request to vacate the described portion of complete access control. There is an unfinished vacation case, VAC2007-48, associated with the Lot Split. Both VAC2008-05 and VAC2007-47 are contingent on the Lot Split, SUB2008-57, being completed and recorded. There is no public water located in the area of the proposed drive, but there is a sewer line. Comments from franchised utilities have not been received and are needed to determine if they have utilities located within the described drive. The Northeast Elementary School Addition was recorded with the Register of Deeds July 9, 2002.

Based upon information available prior to the public hearings and reserving the right to make recommendations based on subsequent comments from City Public Works/Water & Sewer/Storm Water, Traffic, franchised utility representatives and other interested parties, Planning Staff recommends approval to vacate the portion of the platted complete access control as described in the legal description with the following conditions.

- (1) Vacate the complete access control as approved by the Traffic Engineer. Provide Planning with a legal description of the vacated access control on a Word document, via e-mail. Provide staff with a dedication of complete access control by separate instrument to go with the Vacation Order to be recorded with the Register of Deeds.
- (2) Any relocation or reconstruction of utilities made necessary by this vacation shall be the responsibility of the applicants and at the applicants' expense.
- (3) All improvements shall be according to City Standards and at the applicant's expense, including any new driveways from private property onto public ROW and closing of any existing drives. Provide Public Works with a guarantee to ensure that those improvements will be made, or the applicant may chose to provide staff with a drive approach certificate which will be recorded with the Sedgwick County Register of Deeds.
- (4) The vacation case will not be in effect until Lot Split SUB2008-57 has been approved.
- (5) Per MAPC Policy Statement #7, all conditions to be completed within one year of approval by the MAPC or the vacation request will be considered null and void. All vacation requests are not complete until the Wichita City Council or the Sedgwick County Board of County Commissioners have taken final action on the request and the vacation order and all required documents have been provided to the City, County and/or franchised utilities and the necessary documents have been recorded with the Register of Deeds.

NOTES:

1. See sheet 3 of 4 for legal descriptions of Tracts "A" and "B" and 4 of 4 for the utility / site plan.
2. A cross-lot access-parking-utility agreement shall be established by separate instrument if Tract B is transferred to a separate party.
3. The east 40 feet of the 60 foot a platted drainage and utility easement in the west 60 foot of Tract A was vacated by VAC2008-48.
4. A 10 foot street dedication for 29th Street across the north 10 feet of Tracts A and B as a result of VAC2008-48, yielding a 60 foot right-of-way.
5. The platted complete access control along the north line of Tract A was vacated by VAC2008-___ yielding one 40.00 foot full movement opening.
