TYPICAL CUT SECTION
= Minimum Areas for Silt Fence
= Easements To Be Graded
Approximate Easement Grading Quantities:
(For Information Only)
Excavation: 2200 C.Y.
Fill: 2700 C.Y.
NOTE:
Contractor to easement grade Lines 2-6 as indicated per details, this sheet. Line 1 shall be easement grade as material allows, starting at Sta. 0+50 and grading to the end of Line 1. ALL excess soil material shall stay on site.
The contractor shall grade the easements as shown to the elevations given on the easement grading plan. All costs for grading shall be incidental to the Easement Grading Bid Item.
The contractor shall 'straight' grade the easements between the elevations given. Where a callout designates 'Match', the contractor will grade to the existing ground elevation.
