AGENDA ITEM REQUEST

Proposed Agenda Item: ZON2007-00023 – Sedgwick County Zone change from “SF-20” Single-family Residential to “LC” Limited Commercial. Generally located at the southwest corner of K-96 and Hoover (3955 N. Hoover). (District IV)

Presented By: John L. Schlegel, Planning Director *JLS*

Recommended Action: Approve the zone change to LC subject to platting within one year and adopt the findings of the Metropolitan Area Planning Commission; direct staff to prepare an appropriate resolution after the plat has been approved and authorize the Chairman to sign the resolution.

Proposed Agenda Date: August 8, 2007

Outside Attendees: Poe & Associates, c/o Tim Austin (agent), 5940 E. Central, Ste. 200, Wichita, KS 67208-4242

Multimedia Presentation: Powerpoint

Donations: Not applicable

Background: The applicant owns approximately 150 acres located just south of K-96 and along the west side of Hoover Road. The site in question is a little over three acres located at the extreme northeast corner of the 150-acre parcel. The property is located in an unincorporated part of Sedgwick County, but within the Wichita 2030 growth area. The property is currently zoned "SF-20" Single-family Residential and the applicant is requesting "LC" limited Commercial zoning on this property for what the applicant describes as the "best use" of the land. The applicant's property was developed as a sand and gravel extraction operation (CU-373,) but at this time the property is undeveloped.

"LC" zoning is located on the four corners of the intersection south of the subject site, at Hoover Road and 37th Street North, but nothing in that area is commercially developed. With the exception of the applicant's property, these surrounding properties are either agricultural fields with a single-family farmhouse or undeveloped vacant land. The character of the area, other than the intersection of Hoover and 37th St. North, is agricultural with scattered large tract residential (all zoned "SF-20") to the north and east of the subject site. West and south of the site, is the remaining 150 acres owned by the applicant. Conditional Use, CU-373, covered the property owned by the applicant (zoned "SF-20") to allow sand and gravel excavation, but the Conditional Use expired December 31, 1997. The site abuts the eastbound of State Highway K-96, but Hoover Road has no access off or onto K-96.

Analysis: At the MAPC meeting held July 5, 2007, MAPC voted (8-2) to approve subject to staff recommendation. No citizens were present to speak and no protests have been received.

Alternatives:

1. Approve the zone change to LC subject to platting within one year and adopt the findings of the Metropolitan Area Planning Commission; direct staff to prepare an appropriate resolution after the plat has been approved and authorize the Chairman to sign the resolution.
2. Return such recommendation to the MAPC with a statement specifying the basis for the BOCC's failure to approve or disapprove.
3. Deny the zone change and override the MAPC recommendation with a 2/3 vote.

Financial Considerations: Not applicable.

Policy Considerations: The MAPC recommendations are based upon the findings of fact stated in the MAPC minutes.

Legal Considerations:  ☒ *Approved as to form and signed by County Counselor's Office*
