Agenda Report # _____

TO: Mayor and City Council Members

SUBJECT: Z-2897 - ZONE CHANGE FROM THE "R-5" GENERAL RESIDENCE DISTRICT TO THE "G" MANUFACTURED HOME DISTRICT.
(District #4)

INITIATED BY: Metropolitan Area Planning Department

AGENDA ACTION: Planning

MAPC Recommendation: Approve (7-0).

Staff Recommendation: Approve.

CPO Recommendation: Council 4B recommended approval of the request (7-0).

Background: On February 18, 1988, the MAPC held a public hearing to consider a zone change from "R-5" to "G" for a 14-acre platted lot located on the east side of Hydraulic approximately ¼-mile south of MacArthur. The property was platted into one lot in 1982 after "R-5" zoning was approved. Based on the density permitted in the "R-5" district, 255 apartment units could have been developed on this lot. Under "G" zoning, only 117 mobile homes can occupy the property. The developer is proposing only 86 mobile home spaces which is 5.85 dwelling units per acre. A large area is reserved for drainage within this lot and the owner still has on file with the City a letter of credit guaranteeing certain drainage improvements prior to development of this lot.

The preliminary mobile home park site plan submitted with this rezoning application shows one interior private street 29 feet wide and approximately 1,800 feet long. The street will function as a dead-end street until such time as Minnesota Avenue is opened. The setback lines shown on the plan are platted. Title 26 of the City Code requires the setback area adjacent to an arterial street to be planted with a landscape buffer of coniferous and deciduous plant material. Since there is a platted 10-foot utility easement adjacent to Hydraulic, the bulk of the landscape buffer should be east of this utility easement. A landscape planting plan will be required to be submitted to CID when final development plans are submitted. One neighborhood property owner appeared at the public hearing to ask questions.

Recommendations/Actions:

1. Concur with the findings of the MAPC and approve the zone change; place the ordinance establishing the zone change on first reading; or
2. Return the application to the MAPC for reconsideration stating reasons.
