CASE NUMBER: ZON2018-00021

APPLICANT/AGENT: Larry Booze (Owner)/Certified Engineering Design, P.A. – Harlan Foraker, PE (Agent)

REQUEST: LI Limited Industrial

CURRENT ZONING: B Multiple Family

SITE SIZE: .29 acres

LOCATION: Located on the north side of 15th Street North and the west side of Santa Fe Avenue

PROPOSED USE: Industrial

ZON20178-00021

BACKGROUND: The applicant, Larry Booze, is seeking the rezoning of the .29-acre subject property in order to combine all the land owned by Booze Rentals into a single ownership. The main portion of the Booze Rentals land is zoned LI Limited Industrial (LI) and is located to the north and east. The subject properties for this rezoning are in the B Multiple Family Residential (B) category. The existing industrial zoning owned by Booze Rentals is categorized by the Sedgwick County Appraiser as a “warehouse distribution/storage facility” land use. There is one existing single family residence on the subject property. The aerial photo shows another residential structure that was adjacent to alley that has been razed. The aerial photo also shows outside storage on some of the property that has been removed.

The surrounding neighborhood is a mixture of industrial uses to the north as noted above. To the south side of 15th Street are lands zoned LI Limited Industrial with steel fabrication and open parking uses, as well as a single family residence on the east side of the alley between Santa Fe Avenue and Saint Francis Avenue. Most of the land to the west of the alley and north of 15th Street North is zoned B Multiple Family Residential and are used for multiple family residences. The land to the southwest along Saint Francis Avenue and south of 15th Street North is zoned TF-3 Two-Family Residential and has single family residences.

CASE HISTORY: The land was included in the North Park Addition to the City of Wichita, which was approved and recorded by the County in February, 1886. There are no other zoning actions on this property.

ADJACENT ZONING AND LAND USE:

NORTH:	LI	industrial
SOUTH:	LI	industrial
EAST:	LI	commercial/vacant
WEST:	B/TF-3	multiple family residential

PUBLIC SERVICES: East 15th Street North is a paved, two-lane road with curbs and gutters. Santa Fe Avenue is unpaved adjacent to the property, but does have storm drainage on the east side adjacent to the elevated railroad. All other municipal utilities are available to serve the site.

CONFORMANCE TO PLANS/POLICIES: The Wichita-Sedgwick County Comprehensive Plan, the *Community Investments Plan*, identifies the site as “New Employment.” The “new employment” classification applies to those areas that likely will develop or be redeveloped within the by 2035 for centers or concentrations of employment primarily in manufacturing, warehousing, distribution, construction, research, technology, business services or corporate offices; among other potential uses. The requested rezoning complies with the Comprehensive Plan.

RECOMMENDATION: Based upon information available prior to the public hearings, planning staff recommends that the request be **APPROVED**.

This recommendation is based on the following findings:

1. **The zoning, uses and character of the neighborhood:** The surrounding neighborhood is a mixture of industrial uses to the north as noted above. To the south side of 15th Street are lands zoned LI Limited Industrial with steel fabrication and open parking uses, as well as a single family residence on the east side of the alley between Santa Fe Avenue and Saint Francis Avenue. Most of the land to the west of the alley and north of 15th Street North is zoned B Multiple Family Residential and are used for multiple family residences. The land to the southwest along Saint Francis Avenue and south of 15th Street North is zoned TF-3 Two-Family Residential and has single family residences.

2. **The suitability of the subject property for the uses to which it has been restricted:** Given the location and the nature of surrounding uses, leaving the property as B Multiple Family Residential makes no sense. With the intent to make all the land one owner and one use, the rezoning is reasonable.
3. **Extent to which removal of the restrictions will detrimentally affect nearby property:** Given the location and surrounding uses as noted above, there are no recognized detriments to nearby property owners created by this change in zoning.
4. **Conformance of the requested change to the adopted or recognized Comprehensive Plan and policies:** The Wichita-Sedgwick County Comprehensive Plan, the *Community Investments Plan*, identifies the site as “New Employment.” The proposed conversion of the property to the same use as the one to the north and east is reasonable.
5. **Impact of the proposed development on community facilities:** Municipal utilities are available to serve the site; hence no impacts are anticipated.
