CASE NUMBER: ZON2018-00026

APPLICANT/AGENT: Joselito and Imee Magno (owner)

REQUEST: TF-3 Two Family Residential

CURRENT ZONING: SF-5 Single Family Residential

SITE SIZE: 0.25acre

LOCATION: Located 800 feet west of South Hydraulic Avenue on the south side of East McArthur Road

PROPOSED USE: Two-family residential development

BACKGROUND: The applicant/owner is requesting the rezoning of the east 119.5 feet of Lot 1, Block 2 of the Louis Addition (0.25 acre) at this location from SF-5 Single Family Residential (SF-5) to TF-3 Two Family Residential (TF-3). The property is currently vacant.

The surrounding neighborhood is a mix of commercial, multi-family and single-family zoning, primarily residential uses. The property north of the subject site is zoned LC Limited Commercial, developed with single-family detached houses and MF-29, developed with four-plexes. SF-5 zoning district is east, west and south of the subject property developed with single-family detached houses.

CASE HISTORY: The Louis Addition was platted in 1948, and the lot split of Lot 1 was perfected in July 2006.

ADJACENT ZONING AND LAND USE:

NORTH:	LC, MF-29	residential
SOUTH:	SF-5	residential
EAST:	SF-5	residential
WEST:	SF-5	residential

PUBLIC SERVICES: East McArthur Road is a fully improved four-lane arterial street with dedicated turn lanes and medians at this location. All municipal services are provided to the site.

CONFORMANCE TO PLANS/POLICIES: The Wichita-Sedgwick County *Community Investments Plan*, identifies the area in which the site is located as appropriate for Residential uses. The site is located within the Wichita city limit, where residential development is encouraged. The uses envisioned for redevelopment in this area include duplexes.

RECOMMENDATION: Based upon the information available at the time the staff report was completed, staff recommends APPROVAL of the request, as submitted. This recommendation is based on the following findings:

1. The zoning, uses and character of the neighborhood: The surrounding neighborhood is predominantly residential uses. The neighborhood has been relatively stable for residential uses. There are already four-plexes within the neighborhood, so the introduction of a couple of new duplexes is not felt to be out of character with the neighborhood.
2. The suitability of the subject property for the uses to which it has been restricted: The property is presently zoned SF-5 Single Family Residential and the property could be developed for new single family homes.
3. Extent to which removal of the restrictions will detrimentally affect nearby property: The proposed TF-3 zoning is present in the neighborhood within a two block radius.
4. Length of time the property has been vacant as currently zoned: The property has been undeveloped at least since 1938, as indicated in historic aerial photographs.
5. Conformance of the requested change to the adopted or recognized Comprehensive Plan and policies: The Wichita-Sedgwick County Comprehensive Plan, the *Community Investments Plan*, identifies the area in which the site is located as appropriate for residential uses within the Wichita city limit. This includes development of duplexes.
6. Impact of the proposed development on community facilities: Development of the property would not have any impact on community facilities or resources. All public improvements are available to serve the property.
