RE: BZA2003-43 – 1) Variance to Section 24.04.193.3 of the Sign Code to increase the maximum area of a building sign from 32 square feet to 190 square feet each; and 2) Variance to Section 24.04.193.3 of the Sign Code to increase the maximum height of a building sign from 30 feet to 37 feet; and 3) Variance to Section 24.04.221.4 of the Sign Code to increase the maximum area of a ground or pole sign from 100 square feet to 144 square feet; and 4) Variance to Section 24.04.221.4 of the Sign Code to increase the maximum area of a ground or pole sign from 16 square feet to 65 square feet, on property zoned “GO” General Office, “LC” Limited Commercial and “B” Multi-Family Residential. Generally located at the northeast corner of Central and Hillside.

Dear Ladies and Gentlemen:

Enclosed is a signed copy of the above-referenced BZA Resolution approved by the Board of Zoning Appeals on September 23, 2003, this resolution reflects the official action of the Board to grant your requests and sets out the conditions of approval. It is forwarded to you for your information and files.

If you have any questions concerning this matter, please call our office at 268-4421

Sincerely,

Scott Knebel
Assistant BZA Secretary

BZA RESOLUTION NO. 2003-00043

WHEREAS, Wesley Medical Center c/o Scott Hoepner, (owner/applicant), TriMark Signworks c/o Jim Atherton, (agent) pursuant to Section 2.12.590.B, Code of the City of Wichita, requests: 1) Variance to Section 24.04.193.3 of the Sign Code to increase the maximum area of a building sign from 32 square feet to 190 square feet; 2) Variance to Section 24.04.193.3 of the Sign Code to increase the maximum height of a building sign from 30 feet to 37 feet; 3) Variance to Section 24.04.221.4 of the Sign Code to increase the maximum area of a ground or pole sign from 100 square feet to 144 square feet; and 4) Variance to Section 24.04.221.4 of the Sign Code to increase the maximum area of a ground or pole sign from 16 square feet to 65 square feet on property zoned "GO" General Office, "LC" Limited Commercial and "B" Multi-family Residential and legally described as follows:

Lot 2, in Wesley Medical Center Second Addition, Wichita, Kansas, in Sedgwick County, Kansas. AND Lots 5, 6, 7, 8, 9 10 and 11, except the east 15 feet of Lot 11, on Central Avenue; together with the South Half of the vacated alley adjoining Lots 5, 6, 7, 8, 9, 10 and 11, except the east 15 feet thereof on the north; and the south 70 feet of Lots 44, 45, 46 and 47, except the east 15 feet of Lot 44, on Edgemont Place, together with the North Half of the vacated alley adjoining said lots on the south, all in Blazer's Addition, Sedgwick County, Kansas. Generally located on the northeast corner of Central and Hillside (550 N. Hillside).

WHEREAS, proper notice as required by ordinance and by the rules of the Board of Zoning Appeals has been given; and

WHEREAS, the Board of Zoning Appeals did, at the meeting of September 23, 2003, consider said application; and

WHEREAS, the Board of Zoning Appeals has proper jurisdiction to consider said request for a variance under the provisions of Section 2.12.590.B, Code of the City of Wichita; and

WHEREAS, the Board of Zoning Appeals has found that the variance arises from such condition which is unique. It is the opinion of the Board that this property is unique, inasmuch as the proposed signage is for one business providing a variety of services and located within a large medical center campus. Typically, a such a large campus would house numerous businesses, and each business would be allowed separate signage with the likely square footage of the signage exceeding the square footage of signage requested by the applicant.

WHEREAS, the Board of Zoning Appeals has found that the granting of the permit for the variance will not adversely affect the rights of adjacent property owners or residents. It is the opinion of the Board that the granting of the variance requested will not adversely affect the rights of adjacent property owners, inasmuch as the only properties that will have a direct view of the signage are developed with non-residential uses.

WHEREAS, the Board of Zoning Appeals has found that the strict application of the provisions of the zoning ordinance of which variance is requested will constitute unnecessary hardship upon the property owners represented in the application. It is the opinion of the Board that the strict application of the provisions of the zoning regulation will constitute an unnecessary hardship upon the applicant, inasmuch as the Sign Code would permit signage in excess of the amount requested by the applicant were the large campus occupied by multiple businesses rather than a single medical center.

WHEREAS, the Board of Zoning Appeals has found that the variance desired will not adversely affect the public health, safety, morals, order, convenience, prosperity or general welfare. It is the opinion of the Board that the requested variance would not adversely affect the public interest, inasmuch as the signage is tasteful in design, is of an appropriate scale and has minimal lighting.

WHEREAS, the Board of Zoning Appeals has found that the granting of the variance desired will not be opposed to the general spirit and intent of the zoning ordinance. It is the opinion of the Board that the granting of the variance requested would not oppose the general spirit and intent of the Sign Code inasmuch as the signage will make it easier to locate the facility and the services provided within the facility while balancing these identification needs with the needs for high-quality community aesthetics.

WHEREAS, each of the five conditions required by Section 2.12.590.B, Code of the City of Wichita, to be present before a variance can be granted has been found to exist.

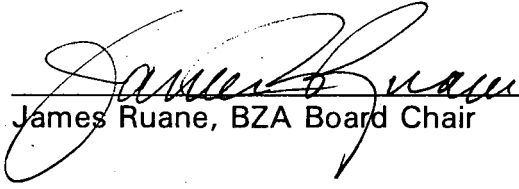

NOW, THEREFORE, BE IT RESOLVED by the Board of Zoning Appeals, pursuant to Section 2.12.590.B, Code of the City of Wichita, that 1) Variance to Section 24.04.193.3 of the Sign Code to increase the maximum area of a building sign from 32 square feet to 190 square; 2) Variance to Section 24.04.193.3 of the Sign Code to increase the maximum height of a building sign from 30 feet to 37 feet; 3) Variance to Section 24.04.221.4 of the Sign Code to increase the maximum area of a ground or pole sign from 100 square feet to 144 square feet; and 4) Variance to Section 24.04.221.4 of the Sign Code to increase the maximum area of a ground or pole sign from 16 square feet to 65 square feet be granted on property zoned "GO" General Office, "LC" Limited Commercial and "B" Multi-family Residential and legally described as follows:

Lot 2, in Wesley Medical Center Second Addition, Wichita, Kansas, in Sedgwick County, Kansas. AND Lots 5, 6, 7, 8, 9 10 and 11, except the east 15 feet of Lot 11, on Central Avenue; together with the South Half of the vacated alley adjoining Lots 5, 6, 7, 8, 9, 10 and 11, except the east 15 feet thereof on the north; and the south 70 feet of Lots 44, 45, 46 and 47, except the east 15 feet of Lot 44, on Edgemont Place; together with the North Half of the vacated alley adjoining said lots on the south, all in Blazer's Addition, Sedgwick County, Kansas. Generally located on the northeast corner of Central and Hillside (550 N. Hillside).

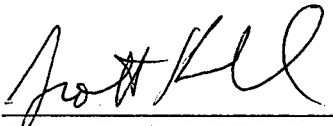

The variances are hereby GRANTED, subject to the following conditions:

1. All signage on the subject property shall conform to the requirements of the Sign Code except that variances are granted to permit one building sign on the south elevation with a maximum area of 190 square and a maximum height of 37 feet; one ground or pole sign at the northwest corner of Central and Rutan with a maximum area of 144 square feet; and one ground or pole sign west of the intersection of Rutan and Edgemont with a maximum area of 65 square feet.
2. The signs permitted by the variances shall be placed in locations and be of a design that are in substantial conformance with the approved site plan and elevation renderings.
3. The applicant shall obtain all permits necessary to construct the signage and the signage shall be erected within one year of the issuance of the sign permit, unless such time period is extended by the BZA.
4. The resolution authorizing this variance may be declared null and void upon findings by the Board that the applicant has failed to comply with any of the foregoing conditions.

ADOPTED AT WICHITA, KANSAS, this 23rd DAY of SEPTEMBER 2003.

James Ruane, BZA Board Chair
