**CASE NUMBER:** CON2018-00043

**APPLICANT/OWNER:** Shannon and Kristin White (Owner/Applicant)

**REQUEST:** Conditional Use to permit an Accessory Apartment

**CURRENT ZONING:** RR Rural Residential (“RR”)

**SITE SIZE:** 5.5 acres

**LOCATION:** Generally located one-quarter mile north of US 54/400 on the west of 391<sup>st</sup> Street West

**PROPOSED USE:** Accessory Apartment

**BACKGROUND:** The applicant is requesting a Conditional Use for a 30-feet by 30-feet accessory apartment to be located within a 30-feet by 70-feet accessory building on the site. The unplatted property is zoned RR Rural Residential and is approximately 5.5 acres. It is currently developed with a single-family home. The subject site is located one-quarter mile north of US Highway 54/400 on the west side of 391<sup>st</sup> Street West on the south side of West 7<sup>th</sup> Street South (39201 West 7<sup>th</sup> Street South.) The Sedgwick County site is not located within any Urban Area of Influence.

The Wichita-Sedgwick County Unified Zoning Code (“UZC”) defines an “accessory apartment” (Art. II.Sec. II-B.1.b) as a dwelling unit that may be wholly within, or may be detached from a principal single-family dwelling unit. Accessory apartments are also subject to supplementary use regulation Art. III.Sec.III-D.6.a (1) a maximum of one accessory apartment may be allowed on the same lot as a single-family dwelling unit that may be within the main building, within an accessory building or constructed as an accessory apartment; (2) the appearance of an accessory apartment shall be compatible with the main dwelling unit and with the character of the neighborhood; (3) the accessory apartment shall remain accessory to and under the same ownership as the principal single-family dwelling unit, and the ownership shall not be divided or sold as a condominium and (4) the water and sewer service provided to the accessory apartment shall not be provided as separate service from the main dwelling. Electric, gas, telephone and cable television utility service may be provided as separate utility services.

The surrounding properties to the north, east, west and south are zoned RR. The uses include single-family residences and unimproved large lots.

The applicant submitted the attached site plan showing the location of the existing residence, proposed structure with the 30-feet by 30-feet apartment and the lagoon.

**CASE HISTORY:** The subject property is unplatted. The existing single-family residence was built in 2016.

**ADJACENT ZONING AND LAND USE:**

NORTH: RR Single-family residence on 5.5 acres  
SOUTH: RR Vacant 67 acre tract  
WEST: RR Single-family residence on 5.2 acres  
EAST: Right-of-Way for 391<sup>st</sup> Street, 300 feet

**PUBLIC SERVICES:** South 391<sup>st</sup> Street West is a two-lane paved section line road with paved shoulders. The subject site has access to South 391<sup>st</sup> Street West from West 7<sup>th</sup> Street South, which is a 30-foot wide, undedicated, gravel road. The property is served by a septic system with a lateral field and on-site water well.

**CONFORMANCE TO PLANS/POLICIES:** The *2035 Community Investments Plan* Wichita Future Growth Concept map indicates the application area is located in the Rural Growth Area. This category encompasses land outside the 2035 urban growth areas for Wichita and the small cities. Agricultural uses, rural-based businesses, and larger lot residential exurban subdivisions likely will be developed in this area and should occur in accordance with the *Urban Fringe Development Standards for Wichita and Sedgwick County*.

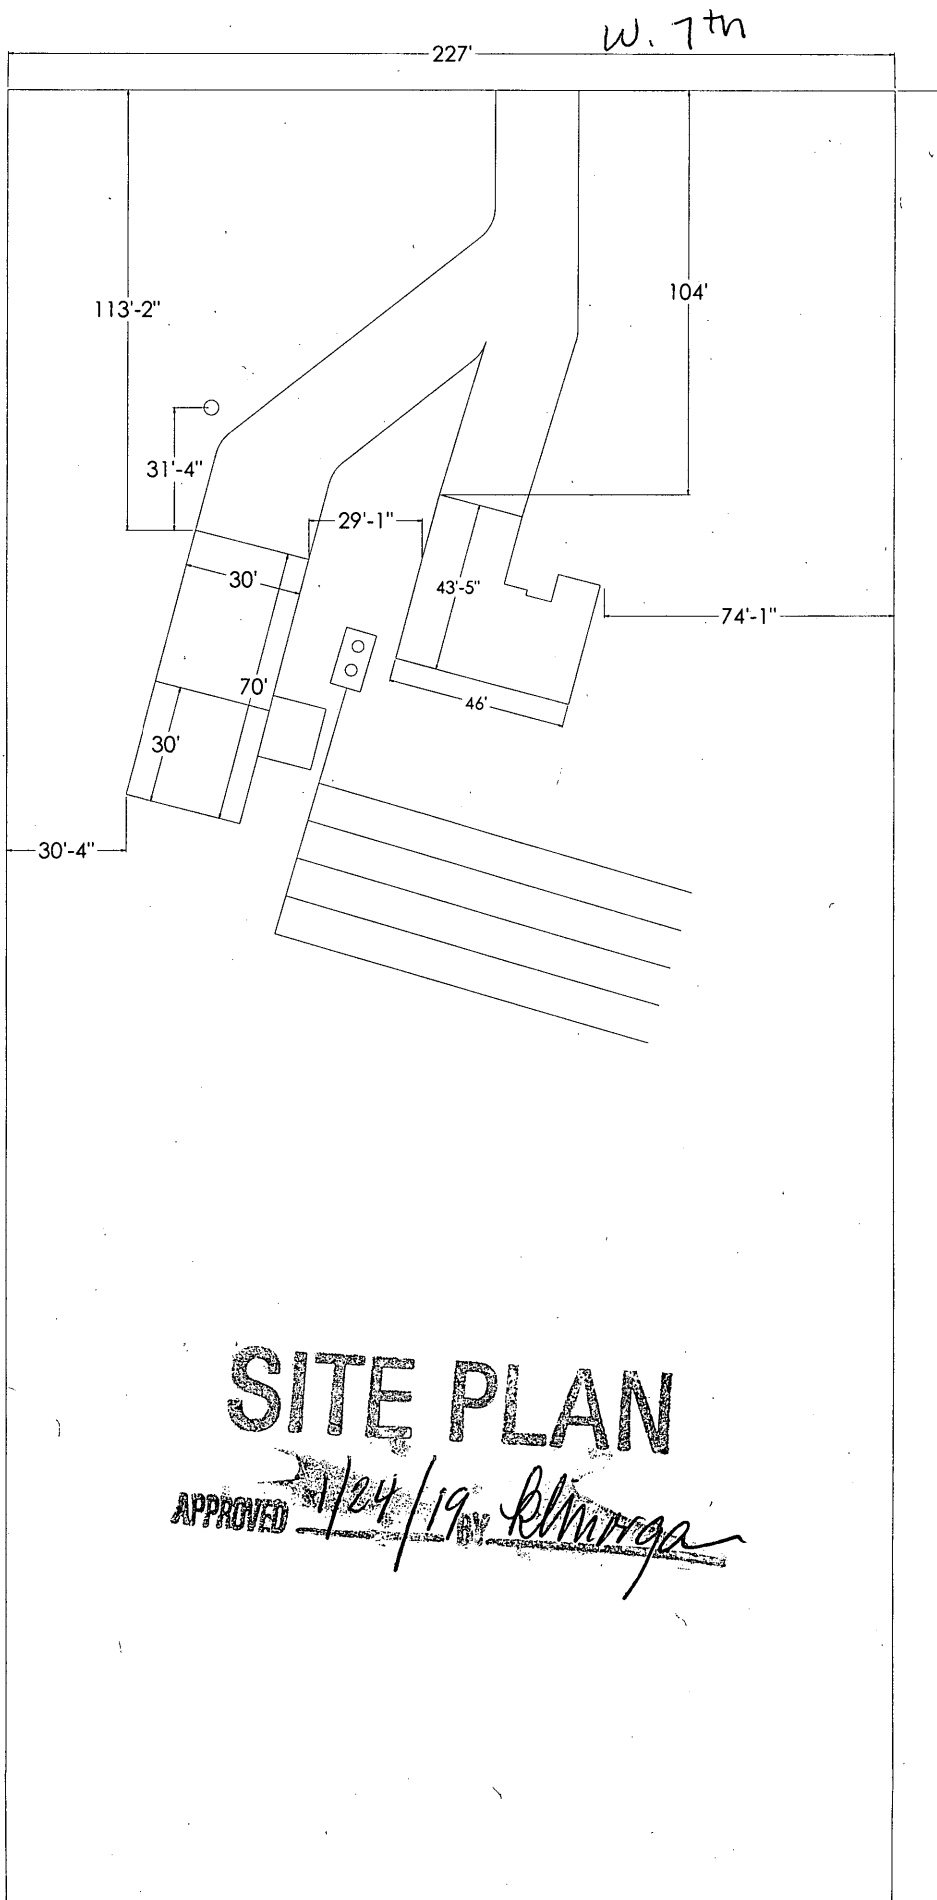

**RECOMMENDATION:** Based upon information available prior to the public hearings, planning staff recommends that the request be **APPROVED**, with the following conditions:

- (1) The accessory apartment shall remain accessory to and under the same ownership as the principal single-family residence (located at 39201 West 7<sup>th</sup> Street South) and the ownership shall not be divided or sold as a condominium. The appearance of the accessory structure shall be compatible with the main dwelling.
- (2) The water provided to the accessory apartment shall not be provided as separate services from the main dwelling. Sewer will be provided by the on-site septic. The applicant shall have the MABCD review the status of the existing septic system. Electric, gas, telephone and cable television utility service may be provided as separate utility services.
- (3) The applicant shall obtain all applicable permits including, but not limited to: building, health and zoning. This will include turning in plans for review and approval by the MABCD for the construction of the accessory apartment.
- (4) Development and maintenance of the site shall be in conformance with the approved site plan.
- (5) If the accessory apartment is not in place within 12 months after final approval, or if the Zoning Administrator finds that there is a violation of any of the conditions of the Conditional Use, the Zoning Administrator, in addition to enforcing the other remedies set forth in Article VIII of the Unified Zoning Code, may, with the concurrence of the Planning Director, declare that the Conditional Use is null and void.

This recommendation is based on the following findings:

- (1) **The zoning, uses and character of the neighborhood:** The County subject site is located in an RR zoned area with lots ranging from five acres to 70 acres. Development in the area consists of large lot single-family residential and unimproved parcels.
- (2) **The suitability of the subject property for the uses to which it has been restricted:** The subject site is currently zoned RR which permits the existing single-family residence. The property will continue to be used for one single-family residence; the size of the property easily accommodates an accessory structure with an apartment and the additional required parking space.
- (3) **Extent to which removal of the restrictions will detrimentally affect nearby property:** Approval of the request should not detrimentally impact nearby properties. The conditions of approval should minimize any anticipated detrimental impacts.
- (4) **Conformance of the requested change to the adopted or recognized Comprehensive Plan and policies:** The *2035 Community Investments Plan* Wichita Future Growth Concept map indicates the application area is located in the Rural Growth Area. This category encompasses land outside the 2035 urban growth areas for Wichita and the small cities. Agricultural uses, rural-based businesses, and larger lot residential exurban subdivisions likely will be developed in this area and should occur in accordance with the *Urban Fringe Development Standards for Wichita and Sedgwick County*.
- (5) **Impact of the proposed development on community facilities:** There will be minimal impact on public roads and no impact to water and sewer service.
