Dear Applicant,

We reviewed your Zoning Adjustment request to reduce the parking requirement for the above-referenced property on parking lots owned by Edgehill Happiness Plaza from 82 to 64 spaces.

Sec. V-1.2. (i) of the Unified Zoning Code allows reduction of the parking requirement for LC Limited Commercial zoning by up to 25% when the conditions required by Sec. V-1.6 of the Code are met. We find that the parking requirement reduction as proposed meets the four conditions required by Sec. V-1.6 of the Code as set out below:

- 1) Impact on safety and convenience of vehicular and pedestrian circulation: The proposed reduction in parking requirement should have no impact on the safety and convenience of vehicular and pedestrian circulation in the vicinity of the application area.

- 2) Impact on existing uses in surrounding areas: The proposed reduction in parking should not impact the surrounding uses in the immediate area.
- 3) Compatibility with existing or permitted uses on abutting sites: Surrounding properties are zoned LC and TF-3 Two-Family Residential and are developed with uses permitted those zoning districts. Therefore a 22% parking reduction should not compromise existing or permitted uses on abutting sites. Street visibility will not be affected.
- 4) Effect on public health, safety or welfare: The public's safety, health and welfare should not be impacted.

Our signatures below indicate that an Administrative Adjustment to reduce required parking spaces from 82 to 64 spaces is hereby granted for the aforementioned property subject to the following conditions:

- 1) The site shall be developed in general conformance with the approved site plan.
- 2) This adjustment shall apply only to the restaurant and retail uses indicated on the approved site plan. Any additional uses will require parking standards to be met.
- 3) All parking on the site shall be paved and marked in accordance with City standards.
- 4) If the Zoning Administrator finds that there is a violation of any of the conditions of the Administrative Adjustment, the Zoning Administrator, in addition to enforcing the other remedies set forth in the Unified Zoning Code, may, with the concurrence of the Planning Director, declare that the Zoning Adjustment is null and void.

The "Development Application" sign should now be removed from the property.

PARKING ADMINISTRATIVE ADJUSTMENT PLAN

ADMIN. ADJUST. REQUEST

DESCRIPTION

The property Owners + Architect request an administrative adjustment to reduce the required parking count by 25% for the Happiness Plaza building located at 3555 E Douglas Ave., Wichita KS 67218.

The request is made due to the constraints of the existing conditions and urban location of the renovation project. A restaurant is being introduced to the building which increases the parking requirements from their previous count and therefore an adjustment is needed. Additional parking, while not considered part of this project, can be found on the surrounding streets.
