Agenda Report # _____

TO: Mayor and City Council Members

SUBJECT: Z-2997 - ZONE CHANGE FROM THE "B" MULTIPLE FAMILY DWELLING DISTRICT TO THE "C" COMMERCIAL DISTRICT, LOCATED ON THE EAST SIDE OF WACO BETWEEN 9TH AND 10TH STREETS.
(District #1)

INITIATED BY: Metropolitan Area Planning Department

AGENDA ACTION: Planning

MAPC Recommendation: Approve (7-0).

Staff Recommendation: Approve "C" zoning for the south 25 feet of the site and "OC" zoning for the remainder of the application area.

CPO Recommendation: CPO Council "1A" voted 3-1 to concur with MAPD staff's recommendation.

Background: On June 21, 1990, the MAPC held a public hearing to consider a zone change request from the "B" Multiple-Family Dwelling District to the "C" Commercial District for three platted lots located on the east side of Waco, between 9th and 10th Streets. The application area measures .2 of an acre, has 75 feet of frontage to Waco, and was platted in 1884. The applicants' stated reasons for filing this rezoning request are to gain additional "C"-zoned land for expansion of their building and to gain suitably zoned land for additional off-street parking. The building to the south is used for offices, warehousing and some manufacturing. The first zoning district that permits parking lots as an outright use is the "BB" Office District [28.04.080(A)(12)]. A parking lot could be constructed in the existing "B" zoning district, provided the Board of Zoning Appeals first approves that use by granting an exception [28.04.145].

The applicants have provided staff with a drawing that depicts a proposed building addition and new off-street parking. The drawing indicates a 50-foot by 64-foot building addition. Thirty feet of the new building's 50 feet of frontage along Waco Street will be on property already zoned "C". That is, only 20 feet of the building's frontage is proposed to be located on land now zoned "B". However, the applicants would like the flexibility of possibly providing outdoor loading and unloading space along the north wall of the new addition. This use would also require "C"

zoning. Thirty feet of additional "C" zoning beyond the amount required for the new building should be sufficient to provide for the outdoor loading/unloading use. That is, 50 feet of additional "C" zoning is required to accommodate the applicants' tentative building plans and outdoor loading uses.

Legal Considerations: In accordance with K.S.A 75-2724, this zone change request has been reviewed by the State Historic Preservation office. This review is required since the zone change application area is within 500 feet of the historic William Sternberg House. A copy of the Kansas State Historical Society's findings is attached.

- RECOMMENDATIONS/ACTIONS:
1. Concur with the findings of the MAPC and approve the zone change, subject to the condition of platting; instruct the Planning Department to forward the ordinance for first reading when the plat is forwarded to the City Council; or
 2. Return the application to the MAPC for reconsideration, stating reasons.
