DAB IV January 6, 2020

<u>CASE NUMBER:</u>	ZON2019-00047
<u>APPLICANT/AGENT:</u>	DPK LLC, Paul Kelsey (owner)/ Baughman Company, Phil Meyer (Agent)
<u>REQUEST:</u>	TF-3 Two-Family Residential
<u>CURRENT ZONING:</u>	SF-5 Single-Family Residential
<u>SITE SIZE:</u>	17.8 acres
<u>LOCATION:</u>	Located approximately 1,000 feet North of Pawnee Avenue and East of West 135 th Street South
<u>PROPOSED USE:</u>	Duplex development

BACKGROUND: The applicant/owner is requesting the rezoning of 17.8 acres of Turkey Creek 3rd Addition (approximately 59 lots, which includes portions of existing platted lots) from SF-5 Single-Family Residential (SF-5) to TF-3 Two Family Residential (TF-3). The applicant has indicated that a re-plat will be submitted to reflect the proposed zone change. The site is located 1,000 feet north of West Pawnee Avenue on the east side of West 135th Street South. The property is currently undeveloped.

The surrounding area is undeveloped land. SF-20 Single Family Residential zoned property to the west of the site is used for agriculture. Turkey Creek 3rd Addition is zoned SF-5 to the north and east and is undeveloped. South of the subject site is SF-20 Single-Family Residential and is developed with a single family dwelling unit and CUP DP-314 which is to be developed with limited commercial uses and is located within the Wichita City Limit.

CASE HISTORY: Turkey Creek 3rd Addition was platted in February 2007 as a single-family residential subdivision. In March 2019, 48 lots (19 acres) north of the site were re-zoned to TF-3 (ZON2019-05).

ADJACENT ZONING AND LAND USE:

NORTH:	SF-5	Undeveloped residential lots
SOUTH:	SF-20, CUP DP-314	Single-family dwelling unit, Undeveloped $\pm$ 8.7 acres
EAST:	SF-5	Undeveloped residential lots
WEST:	SF-20	Agricultural land

PUBLIC SERVICES: West 135th Street South is a paved arterial road with travel in both directions and a dedicated center turn lane with a 60-foot right-of-way. The nearest municipal services are located approximately 1,200 feet east of the subject site on West Grant Street.

CONFORMANCE TO PLANS/POLICIES: The Wichita-Sedgwick County *Community Investments Plan*, identifies the area in which the site is located as Wichita Urban Growth Area. The site is located in an area in which City expansion and extension of municipal services and infrastructure should be focused for residential growth and has the potential to be developed by 2035 based upon population growth and market trends. The uses envisioned for redevelopment in this area include a variety of residential types including single-family dwellings, duplexes and multi-family residential.

RECOMMENDATION: Based upon the information available at the time the staff report was completed, staff recommends APPROVAL of the request, as submitted. This recommendation is based on the following findings:

1. The zoning, uses and character of the neighborhood: The surrounding neighborhood is zoned for predominantly residential uses. Turkey Creek 3rd Addition has a 19-acre TF-3 zoning district located along West 135th Street South 250 feet north of the subject site.
2. The suitability of the subject property for the uses to which it has been restricted: The property is presently zoned SF-5 Single Family Residential, and the property could be developed with new single-family dwellings; however, the Community Investments Plan encourages a variety of housing types, including duplexes.
3. Extent to which removal of the restrictions will detrimentally affect nearby property: TF-3 zoning will be compatible with the surrounding zoning districts. Turkey Creek Commercial Community Unit Plan DP-314 requires solid screen walls and landscaping per General Provision #12 and #13 as parcels are developed.
4. Length of time the property has been vacant as currently zoned: The property was platted in February 2007. No development has begun on the site.
5. Conformance of the requested change to the adopted or recognized Comprehensive Plan and policies: The Wichita-Sedgwick County *Community Investments Plan*, identifies the area in which the site is located as Wichita Urban Growth Area. The site is located in an area in which City expansion and extension of

municipal services and infrastructure should be focused for residential growth and has the potential to be developed by 2035 based upon population growth and market trends. The uses envisioned for redevelopment in this area include a variety of residential types including single-family dwellings, duplexes and multi-family residential.

6. Impact of the proposed development on community facilities: Development of the property would not have any impact on community facilities or resources. All public improvements are proximal to the property.
