

Planning Agenda Item # _____

City of Wichita
City Council Meeting
August 11, 1992

Agenda Report # _____

TO: Mayor and City Council Members

SUBJECT: Z-3061 - ZONE CHANGE FROM THE "A" TWO-FAMILY DWELLING
DISTRICT TO THE "R-5" GENERAL RESIDENCE DISTRICT,
LOCATED AT THE SOUTHWEST CORNER OF 2ND AND ATHENIAN.
(District #4)

INITIATED BY: Metropolitan Area Planning Department

AGENDA ACTION: Planning

MAPC Recommendation: Approve. (8-3)

Staff Recommendation: Approve.

CPO Recommendation: CPO Council "4" recommended disapproval.
(7-2)

Background: On July 16, 1992, the MAPC held a public hearing to consider a zone change from the "A" Two-Family Dwelling District to the "R-5" General Residence District for a 200' x 340' unplatted tract at the southwest corner of 2nd and Athenian (249 N. Athenian), commonly known as the Martinson School. The applicant has indicated that the intended use of the property is to rehabilitate the building to be used as apartments. The "R-5" district is the first district to allow multiple-family uses.

The Martinson School was built in 1910 and served the City of Wichita as a public school until 1973. The property was then sold and served as a private school before being purchased by a private owner. The building has value to the community as an historical place and is worthy of being preserved. The applicants have been advised of the benefits of pursuing historical designation.

The "R-5" district requires a minimum of 2,500 square feet of lot area per multiple family dwelling unit. For this property, the maximum density would be 27 dwelling units. The applicant has indicated that eight to ten apartments are planned for the existing building. The building has been initially inspected by Central Inspection, and their comments are attached for your reference.

Municipal services are available at this location. Additionally, a fire hydrant is located at the northeast corner of the property. Adequate right-of-way exists for the surrounding streets.

Comparing the traffic that may be generated by the proposed use to that which might be generated by the structure at its original use indicates less trips being generated by the proposed use. Trips include all vehicles entering and exiting the property.

RECOMMENDATIONS/ACTIONS:

1. Concur with the findings of the MAPC and approve the zone change; place the ordinance establishing the zone change on first reading or
2. Return the application to the MAPC for reconsideration, stating reasons; or
3. Override Planning Commission's recommendation by 2/3 majority vote.
