RE: ZON2020-00016 - City zone change from SF-5 Single-Family Residential to TF-3 Two-Family Residential to build a two-story duplex on a vacant lot generally located west of Zoo Blvd and north of W. Central Ave on the east side of N. Kessler (792 N. Kessler)

Dear Applicants:

At its regular meeting on **June 18, 2020**, the Wichita - Sedgwick County Metropolitan Area Planning Commission considered the above captioned request. The action of the MAPC was to **APPROVE** the request subject to the following conditions:

1. The following conditions shall apply to ZON2020-00016:
 - a. **Garages.** The garage face shall occupy no more than 50 percent of the ground-level façade facing the street and may not project more than five feet in front of the main facade.
 - b. **Entrances.** Pedestrian scaled entry shall be a prominent feature of the front elevation. Front doors shall be oriented to the street in front of the units.
 - c. **Architectural Variety.** Developments shall achieve architectural variety by accommodating a variety of architectural styles that are compatible or consistent with the surrounding neighborhood, variation of the same architectural style, and through the use of multiple design elements. Duplicative house designs adjacent to each other are highly discouraged. Simple reverse configurations of the same house design on adjacent lots are not sufficient to meet this standard. The structure shall be limited to one-story.
 - d. **Windows and Transparency.** Transparent windows and/or doors facing the street are required. To meet this requirement, at least 10 percent of the façade must be transparent. The façade is measured from the base of the house to the start of the roofline and any other vertical walls facing the street, except for gabled portions of the facade not containing livable floor area. Garages facing the street shall count as part of the façade.
 - e. **Roof Design.** Roofs shall have variation in roof planes in order to break up the large roof mass through dormers, gables, or changes in elevation. Roof forms and roof pitches of porches, dormers and garages shall be consistent and complement the building style within the neighborhood.
 - f. **Siding materials.** Siding materials shall be appropriate to the architectural style of the structure. Traditional materials consistent with the neighborhood architectural styles are encouraged such as wood, masonry and brick. Siding materials and window trim should be consistent on all sides of the structures.

- g. **HVAC.** HVAC units shall be located away from the front of the buildings and screened from public view through landscaping and/or screen walls.
2. The parking area shall not cover more than 50% of the front yard and trash dumpsters shall not be permitted in front of the duplex building.
3. A site plan shall be approved by the Director of Planning before any building permits are issued.
4. Prior to publishing the ordinance establishing the zone change, the applicants shall record a document with the Register of Deeds indicating that this tract includes special conditions for development on this property.

NOTICE: The public hearing on planning items is conducted by the MAPC under provisions of State Law. Adopted policy is that the City Council will not take additional testimony on zoning related applications and other issues for which the MAPC has held a public hearing. However, interested parties may file a written statement with the City Clerk by 5:00 p.m. on the Wednesday preceding this meeting, providing new facts on the issue or alleging an unfair hearing. The Council will determine from such statements whether to return the issue to the MAPC for reconsideration or to reverse their recommendation.

Property owners may also file written protest petitions on zoning related items heard by the MAPC. In order to be considered a "valid" petition, the signatures must reflect the correct and entire ownership of the property, the property must be at least partially within 200 feet of the property for which the application was filed, and must be submitted to the City Clerk within 14 days of the conclusion of the MAPC hearing, by **July 2, 2020, at 5 p.m.** Such petitions may cause the application to be disapproved, if the land area encompassed by the protesting owners exceeds 20% of the land area within 200 feet of the perimeter of the application area, unless the Council overrides such a protest and approves the application by a 6 of 7 vote of its members.

The application will be forwarded to the City Council for review and final action on **July 21, 2020**. This meeting will be held in the City Council Chambers, First Floor, City Hall, 455 N. Main, Wichita, Kansas.

This is a reminder that the zoning notification signs should now be removed from the property. If you have any questions concerning this application, please contact our office at 268-4421.

Sincerely,

Kathy L. Morgan, Senior Planner
Current Plans Division
