Re: Request for vacation of the N-S alley at the southeast corner of Lot 10, Fred P. Mosteller Addition and the E-W alley extending east from this alley at the north end, and in exchange accept dedication of an extension of the southern most alley at the south side of Lot 10

Gentlemen:

At the regular meeting of the City Planning Commission held on September 3, 1957, the above request was considered.

The petitioner has purchased Lots 1 and 2, Block 1, Murphy Addition to square off their property which will be developed as a site for a baking company. One east-west alley at the southern most edge of their property would permit better utilization and development of their property. Sewer has been installed in one of the alleys but arrangements have been made for it to remain as a private line which would serve no one but the petitioner.

It was moved, seconded and carried unanimously that the Planning Commission recommend to the Board of City Commissioners that the above request be approved, subject to dedication of the extension of the southern most alley to Minneapolis, and all proceedings in connection with the vacation to be at the expense of the petitioner.

Respectfully submitted,

Eugene N. Smith

EXCERPT FROM CITY PLANNING COMMISSION MINUTES
of September 3, 1957

- B. Request for vacation of the north-south alley at the southeast corner of Lot 10, Fred P. Mosteller Addition, and the east-west alley extending east from this alley at the north end, and in exchange accept dedication of an extension of the southern most east-west alley at the south side of Lot 10, to result in dedication of one east-west alley from K-15 to Minneapolis, (Geo. P. Hammond for Rainbo Baking Company, petitioner.)

The petitioner has purchased Lots 1 and 2, Block 1, Murphy Addition to square off their property which they expect to develop as a site for Rainbo Baking Company. One east-west alley at the southern most edge of their property would permit better utilization and development of their property.

It was pointed out that sewer has been installed in one of the alleys but that arrangements have been made for it to remain as a private line which would serve no one but the petitioner.

In submitting the Plats Committee recommendation, Wertz moved, Titus seconded and it carried unanimously that the Planning Commission recommend to the Board of City Commissioners that the above request be approved, subject to dedication of the extension of the southern most alley to Minneapolis, and all proceedings in connection with the vacation to be at the expense of the petitioner.
