Agenda Report # _____

TO: Mayor and City Council Members

SUBJECT: Z-3279 - WEST WICHITA DEVELOPMENT, INC., C/O JAY RUSSELL (CONTRACT PURCHASER); BAUGHMAN COMPANY, PA (AGENT) REQUEST ZONE CHANGE FROM "SF-6" SINGLE-FAMILY TO "MF-29" MULTI-FAMILY DWELLING, LOCATED SOUTH OF MAPLE AND EAST OF 135TH STREET WEST.

(DISTRICT #5)

INITIATED BY: Metropolitan Area Planning Department

AGENDA ACTION: Planning

MAPC Recommendation: Approve, subject to platting within 1 year and to the additional provisions of a Protective Overlay (P-O #38) (11-0-2).

Staff Recommendation: Approve, subject to platting within 1 year and to the additional provisions of a Protective Overlay (P-O #38).

CPO Recommendation: Approve (4-3).

Background: The applicant requests a zone change from "SF-6" Single-Family to "MF-29" on an 8.2 acre preliminary platted tract located south of Maple and east of 135th Street West. This would allow the applicants to construct an apartment complex on this property as part of the Auburn Hills Addition.

The "MF-29" Multi-Family Zoning District requires 1,500 square feet per unit for multi-family development with a maximum of 29 dwelling units per acre. Therefore, the applicants could possibly construct 237 units on these 8.2 acres. However, the applicants have stated it is not their intention to construct the maximum number of units on this property, but will construct more than permitted within the "MF-18" zoning district (maximum of 17.4 dwelling units per acre). The applicant has agreed to a protective overlay on this property to address the design of the apartment complex, including conditions on building size, wall and roof forms and materials, landscaping, childrens' play area, and setback from the most affected single family lots to the east.

The applicant will be required to meet the landscaping and screening requirements of the Landscape Ordinance and Unified Zoning Code due to a multi-family development located adjacent to single-family residential zoning district. These requirements include landscaping along 135th Street West as well as a 15 foot landscaped buffer along the east property line adjacent to "SF-6" zoning, with one shade tree and 5 shrubs for each 30 feet in length of the buffer, or a solid screening fence with lesser landscaping. However, the landscaping could possibly be waived along the south property line, if it is found the proposed golf course will provide sufficient undisturbed natural foliage. The applicant will also be required to meet the compatibility setback and height standards unless a variance request is approved by the Board of Zoning Appeals.

According to the applicant, 135th Street West will be moved farther west to allow for the construction of the golf course just south of this site.

This site is surrounded on the north by Auburn Hills Commercial Addition and unplatted land. East of this site is Auburn Hills 3rd Addition, a single-family residential development. South of this site and west across 135th Street is undeveloped agricultural land proposed as the Auburn Hills Golf Course.

At the June 10th CPO 5 meeting, no citizens appeared in opposition, and CPO members voted (4-3) to recommend approval of the request. Their action included a recommended 2 story limitation and a masonry wall between the apartments and the adjacent golf course that is planned. Those voting in opposition were concerned that neighbors to the east may not have been notified of the request.

At the June 11th MAPC hearing, the applicant's agent spoke about this request and the proposed use of this property. No one spoke in opposition to this request. After limited discussion, the MAPC unanimously approved the request, subject to platting within one year and the additional provisions of a protective overlay, but rejected the additional recommendations of CPO 5.

Recommendation:

1. Concur with the findings of the MAPC and approve the zone change, subject to the additional recommended provisions of a Protective Overlay District and subject to the condition of platting; instruct the Planning Department to forward the ordinance for first reading when the plat is forwarded to the City Council; or
2. Return the application to the MAPC for reconsideration.

(An override of the Planning Commission's recommendation requires a 2/3rd majority vote of the membership of the governing body on the first hearing.)
