Re: Case No. RZA 21-82  
Request for Exception

Dear Mr. Williams:

As you were advised by letter on June 23, 1982, the Board of Zoning Appeals did favorably act on your requested "exception" for residential storage warehouses subject to several conditions. One of those conditions required that an amended site plan be submitted to the Secretary within 180 days, showing compliance with all conditions of approval as required by the Board, or the case would be considered null and void and the case closed.

This letter is to inform you that the 180 days has expired and since you have failed to submit the site plan as required, the action of the Board has been considered null and void and the case is closed.

If for any reason you wish to proceed on the project, it will be necessary to again file an application and be processed the same as the previous case. If you have any questions, please don't hesitate to give me a call.

Sincerely,

Glen E. Lytle  
Assistant Secretary

Re: Case No. EZA 21-82  
Request for Exception

Dear Mr. Williams:

At the regular meeting of the Board of Zoning Appeals on June 22, 1982, your request for an exception was considered.

It was the action of the Board to approve your request subject to the following conditions:

1. Prior to the release of the Resolution authorizing the construction of Residential Storage Warehouses, an amended site plan, in triplicate, shall be submitted to the Secretary to become part of the file. Such site plan shall show compliance with all conditions as set forth herein. This shall be submitted within 180 days, or the case will be considered null and void and the case closed.
2. # 25-foot landscaped yard shall be provided along the west property line that is adjacent to Bunker Hill Drive, and a 25 foot landscaped yard shall be provided along the north property line adjacent to the "R-3" General Residence District. Should the adjacent property on the north be zoned "LC" Light Commercial, then no landscaped yard would be required on the north.
3. A six to eight foot screening fence, constructed to prevent the passage of light and debris shall be erected along the west and north property lines at the required 25 foot setback line wherever the buildings do not provide the screening. Said fence shall be constructed of either brick, stone, architectural tile, masonry, wood or other similar material (not including woven wire). Any fence located on easements shall be wood or metal panels for easy removal.

4. The remainder of the property shall be fenced in some manner for security and control provisions, preferably of a material compatible with the design of the building, but at the option of the applicant. Such fence shall not interfere with the access easement.
5. Any side of the buildings providing access to storage areas shall maintain a 35-foot setback from the property line.
6. Off-street parking shall be provided on the basis of one space for each 2,000 square feet of floor area in the facility.
7. All driveways, parking, loading and vehicle circulation areas shall be paved with concrete, asphalt or asphaltic concrete. Adequate bumper guards or fences shall be provided to prevent the extension of vehicles beyond property lines.
8. All lights shall be shielded to direct light onto the use established and directed away from adjacent property.
9. No activities such as miscellaneous or garage sales shall be conducted on the premises.
10. The servicing or repair of motor vehicles, boats, trailers, lawn mowers and other similar equipment shall not be conducted on the premises.
11. Signs shall be limited to one per arterial street frontage and in this case, one sign would be permitted. This sign shall not exceed 20 feet in height nor exceed 50 square feet in gross surface area and shall not project over any public right-of-way.
12. The area shall be properly policed by the owner or operator for removal of trash and debris.
13. The operation of this facility shall in no way be deemed to include a transfer and storage business, where the use of vehicles are part of such business, nor shall storage space be rented or leased to any commercial business, individual or corporation for the storage of any merchandise, stock, furnishings or vehicles of a business of any kind.
14. No outdoor storage of any kind shall be permitted on the premises.
15. A resident manager shall be required on the site and shall be responsible for maintaining the operation of the facility in conformance with the conditions of approval.
16. A copy of this resolution shall be maintained in the office for the convenience of the manager and the tenants. In addition, a log of all tenants shall be maintained on the premises for review by the Central Inspection Superintendent or his representative to assure compliance that no commercial storage is occurring in violation of this resolution.

17. Only one point of ingress/egress shall be permitted to/from subject property. That access being from 31st Street South.
18. All areas not paved as required by condition of approval #7 shall be landscaped with deciduous and coniferous plant materials. The amended site plan, as set forth in condition #1 shall include the landscaping material to be used. Provisions shall be made for watering and maintaining the landscaping in good condition.
19. All site improvements as set forth herein shall be completed prior to the occupancy of the site for a Residential Storage Warehouse Facility.

A Resolution setting forth the official action of the Board is being prepared and you will be mailed a copy as soon as you have complied with condition number 1 above.

If you have any questions, please call our office.

Sincerely yours,

Glen E. Lytle  
Assistant Secretary

**TO** Glen Lytle, Special Assistant for Zoning

**FROM** Robert Tillman, Administrative Aide III

**SUBJECT** BZA 21-82: Generally located  
on the Northeast Corner of  
31 st. Street and Bunker Hill

At its Thursday, June 17th meeting, CPO Neighborhood Council Area "D" was unable to forward a recommendation on the captioned case due to lack of a quorum. The applicant is requesting an exception to permit the establishment of residential storage warehouses on property zoned the "BB", Office District.

There were no one present to represent the applicant and there were no area property owners or residents present to speak in support or opposition to the request for an exception.

SECRETARY'S REPORT  
CASE NO. BZA 21-82

APPLICANT: Wayne Williams, Inc., 535 North Oliver, Wichita, Kansas.

AGENT: Same

REQUEST: Exception pursuant to Section 28.04.183.5, Code of the City of Wichita to permit the establishment of residential storage warehouses in the "BB" Office District.

GENERAL LOCATION: On the northeast corner of 31st Street South and Bunker Hill Drive.

ZONING: Subject property is zoned the "BB" Office District. Property to the east is zoned "LC" Light Commercial Property to the west is zoned "A" Two-family and to the south "E" Light Industrial. Property to the north is zoned the "R-5" General Residence District.

LAND USE: Subject property is vacant. Property to the north is a VFW, to the west are duplexes, to the east apartments and to the south the Boeing employee recreation area.

JURISDICTION:

The Board has jurisdiction to consider this request under the provisions outlined under Section 2.12.590.C, Code of the City of Wichita. The Board may grant the exception provided the conditions set out in Section 28.04.183.5 can be complied with.

COMMENTS BY THE SECRETARY:

The applicant is requesting an exception to permit the construction of residential storage warehouses in the "BB" Office District. This is an area recently zoned the "BB" Office District from the "R-5" General Residence District by the applicant for the express purpose of establishing said use. The applicant has also filed a request to vacate the complete access control along 31st Street South in order to comply with the conditions of the zoning ordinance requiring access from a major street for the residential storage warehouses.

It is necessary that the applicant provide a landscaped yard on the property when adjacent to or across the street from residentially zoned property. This will require a landscaped yard all along Bunker Hill Drive and also adjacent to the "R-5" General Residence District on the north. It is also required that such use is either provided with a screening fence or the use of the buildings without openings when adjacent to the residential zoning districts.

RECOMMENDATION:

Should the Board determine that Residential Storage Warehouses are appropriate at this location, then it is the Secretary's recommendation that the application be approved subject to the following conditions:

1. Prior to the release of the Resolution authorizing the construction of Residential Storage Warehouses, an amended site plan, in triplicate, shall be submitted to the Secretary to become part of the file. Such site plan shall show compliance with all conditions as set forth herein. This shall be submitted within 90 days, or the case will be considered null and void and the case closed.
2. A 25-foot landscaped yard shall be provided along the west property line that is adjacent to Bunker Hill Drive, and a 25 foot landscaped yard shall be provided along the north property line adjacent to the "R-5" General Residence District.
3. A six to eight foot screening fence, constructed to prevent the passage of light and debris shall be erected along the west and north property lines at the required 25 foot setback line wherever the buildings do not provide the screening. Said fence shall be constructed of either brick, stone, architectural tile, masonry, wood or other similar material (not including woven wire). Any

fence located on easements shall be wood or metal panels for easy removal.

4. The remainder of the property shall be fenced in some manner for security and control provisions, preferably of a material compatible with the design of the building, but at the option of the applicant. Such fence shall not interfere with the access easement.
5. Any side of the buildings providing access to storage areas shall maintain a 35-foot setback from the property line.
6. Off-street parking shall be provided on the basis of one space for each 2,000 square feet of floor area in the facility.
7. All driveways, parking, loading and vehicle circulation areas shall be paved with concrete, asphalt or asphaltic concrete. Adequate bumper guards or fences shall be provided to prevent the extension of vehicles beyond property lines.
8. All lights shall be shielded to direct light onto the use established and directed away from adjacent property.
9. No activities such as miscellaneous or garage sales shall be conducted on the premises.
10. The servicing or repair of motor vehicles, boats, trailers, lawn mowers and other similar equipment shall not be conducted on the premises.
11. Signs shall be limited to one per arterial street frontage and in this case, one sign would be permitted. This sign shall not exceed 20 feet in height nor exceed 50 square feet in gross surface area and shall not project over any public right-of-way.
12. The area shall be properly policed by the owner or operator for removal of trash and debris.
13. The operation of this facility shall in no way be deemed to include a transfer and storage business, where the use of vehicles are part of such business, nor shall storage space be rented or leased to any commercial business, individual or corporation for the storage of any merchandise, stock, furnishings or vehicles of a business of any kind.
14. No outdoor storage of any kind shall be permitted on the premises.
15. A resident manager shall be required on the site and shall be responsible for maintaining the operation of the facility in conformance with the conditions of approval.
16. A copy of this resolution shall be maintained in the office for the convenience of the manager and the tenants. In addition, a log of all tenants shall be maintained on the premises for review by the Central Inspection Superintendent or his representative to assure compliance that no commercial storage is occurring in violation of this resolution.
17. Only one point of ingress/egress shall be permitted to/from subject property. That access being from 31st Street South.
18. All areas not paved as required by condition of approval #7 shall be landscaped with deciduous and coniferous plant materials. The amended site plan, as set forth in condition #1 shall include the landscaping material to be used. Provisions shall be made for watering and maintaining the landscaping in good condition.
19. All improvements as set forth herein shall be completed prior to the occupancy of the site for a Residential Storage Warehouse Facility.

Mr. Wayne Williams  
535 North Oliver  
Wichita, Kansas 67208

Re: Case No. BZA 21-82 - Request for Exception

Dear Mr. Williams:

In reviewing the site plan submitted with your application for an exception for residential storage warehouses, it appears that additional information is needed for review prior to the preparation of the Secretary's Report. I would appreciate receiving this by June 10, 1982.

In accordance with Section 28.04.183.5.5 when residential storage warehouses are to be constructed in close proximity to residential development, the architectural design is to be submitted to the Superintendent of Central Inspection for review and a recommendation to the Board as to the design being compatible with the surrounding development. Also, the plan that was submitted does not indicate whether openings to the storage buildings are to be provided on the west or whether the buildings will be used for screening along Bunker Hill. It would appear that if you were going to use the buildings for screening, you would attempt to move the buildings to the 25-foot building setback line and provide the entire area as a landscaped yard along Bunker Hill. A screening fence should be shown along that portion of the property not otherwise screened by the buildings.

There is no indication as to the structures being anything but one story. If this is correct, there are far more off-street parking spaces shown than is required by the ordinance. In prior cases where this has occurred, the owner violated the provisions of the ordinance and the resolution by leasing outdoor spaces for vehicle storage. It should be noted that no outside storage of vehicles, boats or articles of any kind are permitted on property zoned the "BB" Office District. Also, the use of the storage facilities shall be limited to the exclusive storing of excess property of an individual or family that is generally stored in residential accessory structures such as passenger motor vehicles, boats, trailers, campers, motorcycles, etc. Under no circumstances shall the property be used for storage for any business of any kind.

Mr. Wayne Williams

BOARD OF ZONING APPEALS  
Tenth Floor - City Hall  
455 North Main, Wichita, Kansas 67202

June 2, 1982

NOTICE TO ADJOINING PROPERTY OWNERS:

CASE NO. BZA 21-82

As required by law, all property owners of record, within 200 feet of a property to be considered for an exception or variance by the Board of Zoning Appeals, are to be notified of the public hearing. An application has been filed by Wayne Williams Inc., 535 North Oliver, Wichita, Kansas, requesting an exception.

Pursuant to Section 2.12.590.C, of the Code of the City of Wichita, the applicant is requesting an exception to permit the establishment of residential storage warehouses on property zoned "BB" Office District. A legal description of the applicant's property is as follows:

Lots 1 and 2, except the north 60', Block 2, Washington Heights 5th Addition, Wichita, Sedgwick County, Kansas. Generally located on the northeast corner of 31st Street South and Bunker Hill.

This application has been assigned Case No. BZA 21-82. It will be considered by the Board of Zoning Appeals on June 22, 1982 at 1:30 p.m. in the Board Room, First Floor of City Hall, 455 North Main Street, Wichita, Kansas. If you have no interest or objections regarding the requested exception you have no obligation to appear or comment. If you desire to appear at the Board meeting, you are invited to do so, either in person or by agent or attorney.

It should be noted that the Citizen Participation Organization Area Council may consider this case at its next meeting. Additional information about such a meeting may be obtained by calling the CFO Office, 268-4516.

If you have any questions about the application, please feel free to call the Wichita-Sedgwick County Metropolitan Area Planning Department at 268-4421.

Jack H. Galbraith  
Secretary
