RE: ZON2022-00036: Zone change request in the County from SF-20 to SF-5 for the development of single-family homes; generally located one-quarter mile north of the intersection of East 55th Street South and South Clifton Avenue.

Dear Applicant;

At its regular meeting on August 4, 2022, the Wichita - Sedgwick County Metropolitan Area Planning Commission considered the above captioned request. The action of the MAPC was to recommend APPROVAL of the request.

Property owners opposed to the application may file with the County Clerk a signed, written protest of the MAPC's recommendation. (Unsigned e-mails are not considered to be legal protests.) To be effective, the protest must be filed by 5:00 p.m. on August 18, 2022. In order to be considered a "valid" petition, the signatures must reflect the correct and entire ownership of the property, the property must be at least partially located within 1,000 feet of the property for which the application was filed and must be submitted to the County Clerk by August 18, 2022 at 5:00 p.m.

Please note that the County Clerk's office has a new address. It is now located at 100 N. Broadway, Ste 620, Wichita, KS 67202.

This is a reminder that the zoning notification signs should now be removed from the property. If you have any questions concerning this application, please contact our office at 268 4421.

Sincerely,

BACKGROUND: The applicant is requesting a zone change from SF-20 Single-Family Residential to SF-5 Single-Family Residential on property located on the west side of South Clifton Avenue, within one-quarter mile north of the intersection of East 55th Street South and South Clifton Avenue. The subject site is 14.90 acres in total. As discussed in further detail in the Case History below, this property formerly was zoned SF-5 Single-Family Residential, but the zoning reverted back to SF-20 Single-Family Residential when a wrongful annexation was nullified by the 18th Judicial District Court. The applicant is requesting to reestablish SF-5 zoning for single-family residential development on smaller lot sizes than SF-20 permits.

The attached site plan illustrates a preliminary layout of the development. The property is in unincorporated Sedgwick County. The applicant seeks to develop single-family residential dwellings on the subject property.

Property to the north is zoned SF-20 Single-Family Residential within unincorporated Sedgwick County and is developed with a mobile home park. Properties immediately abutting to the south are zoned SF-5 Single-Family Residential and were recently deannexed by the City of Wichita. The applicant owns this land and petitioned the City for deannexation to reestablish continuity within the Meadowlake Beach Addition for future development. Properties farther to the south are zoned SF-5 Single-Family Residential within the City of Wichita and are developed with single-family residential dwellings. Property to the east is zoned IP Industrial Park and is undeveloped within the City of Wichita. Property to the west is zoned SF-20 Single-Family Residential within unincorporated Sedgwick County and is developed with a farming and ranch operation.

CASE HISTORY:

- In 1967, a Conditional Use (CU-96) was approved to allow a mobile home park on the subject property. A mobile home park was developed north of the property, but the subject property remained undeveloped.
- In 2006, the property was wrongly annexed into the City of Wichita and concurrent with the annexation the zoning was changed to SF-5 Single-Family Residential. It was wrongly annexed because the property is within the Oaklawn Improvement District and K.S.A. 12-520(c) prohibits a city from annexing property with an improvement district.
- On April 10, 2007, the Meadowlake Beach Addition was created, which includes 5.43 acres south of the subject site.
- In 2016, the 18th Judicial District Court ruled on the wrongful annexation of the subject site, nullifying the annexation and the zoning reverted to SF-20 Single-Family Residential.

ADJACENT ZONING AND LAND USE:

NORTH:	SF-20	Mobile home park (Unincorporated Sedgwick County)
SOUTH:	SF-5	Single-family residential dwellings (Unincorporated Sedgwick County)
EAST:	IP	Undeveloped (City of Wichita)
WEST:	SF-20	Farming/ranch operation (Unincorporated Sedgwick County)

PUBLIC SERVICES: South Clifton Avenue is a two-lane, paved arterial street with no sidewalks. Municipal services will have to be extended prior to development. Wichita Transit does not serve this area.

CONFORMANCE TO PLANS/POLICIES: The requested zoning is in conformance with *Community Investments Plan*. The *Community Investments Plan* (the Wichita-Sedgwick County Comprehensive Plan) includes the 2035 Wichita Future Growth Concept Map. The Map identifies the area in which the site to be within the Wichita 2035 growth area, and it is designated for Residential development. The Comprehensive Plan defines “Residential” as “*Encompasses areas that reflect the full diversity of residential development densities and types typically found in a large urban municipality. The range of housing densities and types includes, but is not limited to, single-family detached homes, semi-detached homes, zero lot line units, patio homes, duplexes, townhouses, apartments and multi-family units, condominiums, mobile home parks, and special residential accommodations for the elderly (assisted living, congregate care and nursing homes).*” Single-family detached homes are thus appropriate for this area.

The requested zoning is also in conformance with the *South Wichita/Haysville Area Plan*. One of the Goals

identified in the Plan is to “promote the development and revitalization of the housing and neighborhoods within the Planning Area.” The construction of single-family homes in the area aligns with the Housing Goal.

RECOMMENDATION: Based upon the information available at the time the staff report was completed, staff recommends **APPROVAL** of the zone change request.

This recommendation is based on the following findings:

The zoning, uses and character of the neighborhood: Property to the north is zoned SF-20 Single-Family Residential within unincorporated Sedgwick County and is developed with a mobile home park. Properties farther to the south are zoned SF-5 Single-Family Residential within the City of Wichita and are developed with single-family residential dwellings. Property to the east is zoned IP Industrial Park and is undeveloped within the City of Wichita. Property to the west is zoned SF-20 Single-Family Residential within unincorporated Sedgwick County and is developed with a farming and ranch operation.

The suitability of the subject property for the uses to which it has been restricted: The property is suitable for the current SF-20 Single-Family Residential, which supports single-family residential development with a minimum lot size of approximately one-half acre in addition to agricultural uses.

Extent to which removal of the restrictions will detrimentally affect nearby property: The request to rezone would reestablish SF-5 zoning to the site and enable single-family residential development within the Meadow Beach Addition as originally intended. SF-5 zoning is not uncommon in the area even for properties in unincorporated Sedgwick County to the north in the Oaklawn Improvement District. The Planning Department does not anticipate that rezoning of the property will have significant detrimental effects on nearby property.

Relative gain to public health, safety, and welfare as compared to the loss in value or the hardship imposed upon the applicant: Approval would permit residential development in an area that is considered likely to develop by the year 2035. Denial would represent a loss of economic opportunity for the applicant.

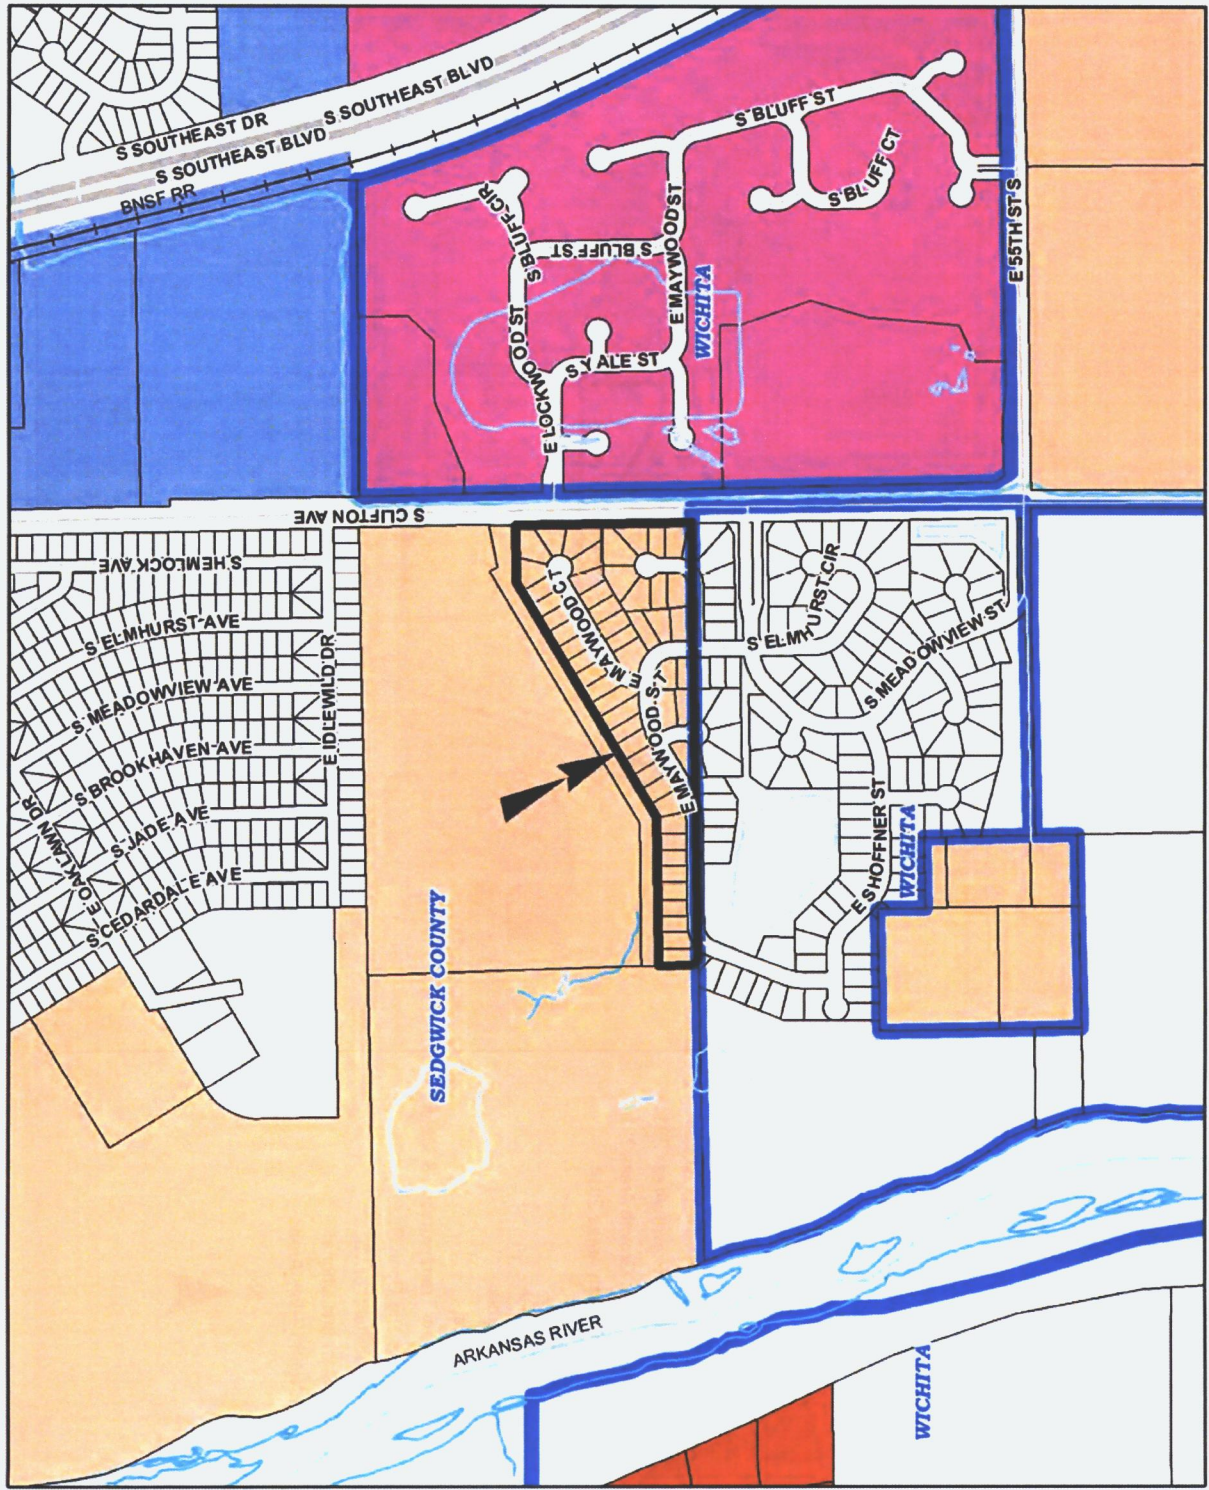

Conformance of the requested change to the adopted or recognized Comprehensive Plan and policies: The requested zoning would continue to allow the property to be in conformance with the *Community Investments Plan* and the *South Wichita/Haysville Area Plan*, as discussed in the staff report.

Impact of the proposed development on community facilities: Development of the property with the requested zoning will bring additional traffic to the area. It will also require investment in the extension of municipal services.
