Agenda Report # \_\_\_\_\_

TO: Mayor and City Commissioners

SUBJECT: Z-2757 - REQUEST FOR ZONE CHANGE FROM "AA" ONE-FAMILY DWELLING TO "R-6" GENERAL RESIDENCE DISTRICT LOCATED ON THE NORTH SIDE OF 37TH STREET NORTH, 1/2-MILE WEST OF ROCK ROAD. (PARCEL 5B)  
(Woodlawn Development Co.)

INITIATED BY: Metropolitan Area Planning Department

AGENDA ACTION: Zoning

-----  
MAPC Recommendation: Approve (7-0)

Staff Recommendation: Approve

Background: On May 29, 1986, the MAPC held a public hearing to consider a zone change from "AA" to "R-6" for a 17.6-acre tract of unplatted land located on the north side of 37th Street North; 1/2-mile west of Rock Road. The property is currently undeveloped. No one spoke in opposition to the request. The MAPC unanimously recommended approval of the zone change subject to platting the property within two years.

CPO Council "I" voted 9-0 to recommend approval of the request.

Analysis: All adjacent properties are currently zoned "AA" with the exception of the Eaglerock Apartments to the southeast which are in the "A" district and part of DP-115. With the proposed deletion of DP-115, "R-6" zoning will be requested for Eaglerock. Property to the south has been approved for "LC" and has an approved commercial C.U.P. (DP-122). Property to the north and northeast is being platted for single-family development as part of the Willowbend (formerly Mulberry) Golf Course Community. Directly east is proposed for "LC" (see Z-2758 and DP-155). Property to the west is "AA" with a C.U.P. and has been platted for single-family development. The triangular area southwest of the pipeline is platted and developed as a water pumping station.

With direct access to an arterial road (37th Street North) and with adequate capacity for sewer and water service, "R-6" zoning which would permit a maximum of 510 dwelling units on this 17.6-acre parcel of land would seem appropriate.

The Planning Commission found that the character of the neighborhood, the zoning and uses of properties nearby, the suitability of subject site for the use proposed, and the recommendation of staff justified the zone change.

- Actions:
1. Concur with the findings of the MAPC and approve the zone change subject to the condition of platting; instruct the Planning Department to forward the ordinance for first reading when the plat is forwarded to the City Commission; or
  2. Return the application to the MAPC for reconsideration stating reasons.
