RE: ZON2006-46 - Zone change from "SF-5" Single-family Residential to "LC" Limited Commercial, generally located at the southwest corner of Central & Sheridan Avenues, 635 N. Sheridan

Dear Ladies and Gentlemen:

At its regular meeting on **December 19, 2006**, the Wichita City Council considered the above-captioned request. The action of the City Council was to **APPROVE**, the request, subject to platting within one year.

This is a reminder that the zoning notification signs should now be removed from the property. If you have any questions concerning this application, please contact our office at 268-4421.

Sincerely,

Dale Miller
Current Plans Manager
Current Plans Division

STAFF REPORT

DAB VI 11-15-06

MAPC 11-16-06

CASE NUMBER: ZON2006-46

APPLICANT/AGENT: Family Video Movie Club / Levi Dinkla

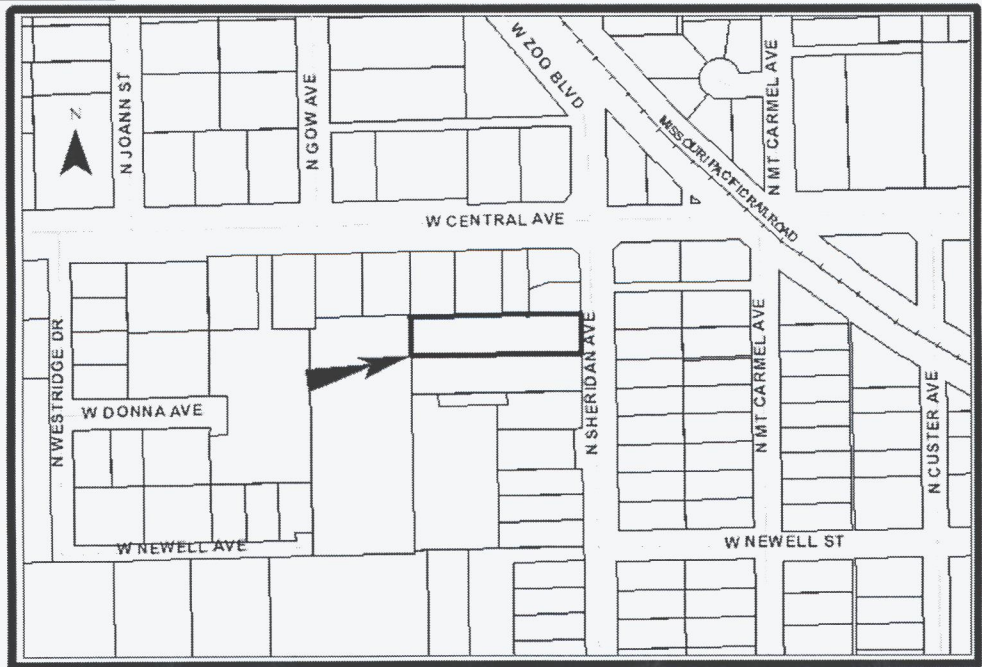

REQUEST: LC Limited Commercial

CURRENT ZONING: SF-5 Single-family Residential

SITE SIZE: .44 acre

LOCATION: 131 feet south of West Central and west of North Sheridan Avenue

PROPOSED USE: Video Store

BACKGROUND: The application area is a vacant SF-5 Single-family Residential zoned portion of a lot located south of West Central Avenue and west of North Sheridan Avenue (635 N. Sheridan). The site is .44 acre in size, and is owned by the Family Video Movie Club, which plans to develop this property along with other Limited Commercial zoned property located to the north with a video rental store. The application area is part of Lot 1, Knight Acres Addition, which appears to have multiple owners without benefit of a replat or lot split. There are at least two other owners of portions of this lot, and staff was unable to find any record of a re-plat or lot split. The Office of Central Inspection will probably require a re-plat or lot split before a building permit is granted. Approval of the request would provide uniform zoning on the applicant's ownership.

Surrounding properties are either zoned LC Limited Commercial or SF-5 Single-family Residential, and developed with a mix of residential, commercial and radio broadcast studio uses.

LC signage standards permit .5 square feet of signage times the property's frontage along a collector street.

CASE HISTORY: Knight Acres Addition was recorded in 1918.

ADJACENT ZONING AND LAND USE:

NORTH: LC Limited Commercial; residential, commercial uses and radio broadcast studio, most of which is owned by the applicant
SOUTH: SF-5 Single-family Residential; residential
EAST: LC Limited Commercial and TF-3 Two-family Residential; residential
WEST: LC Limited Commercial; broadcast radio tower

PUBLIC SERVICES: Public services are available. Sheridan is an urban collector with an average daily traffic volume of 2,860. The western half of Sheridan has only 25 feet of half street right-of-way. Central Avenue carries an average daily traffic volume of 13,712 trips. As a four-lane facility, Central can handle between 20,000 to 23,000 trips before service levels are impacted.

CONFORMANCE TO PLANS/POLICIES: The "2030 Wichita Functional Land Use Guide" depicts this site as appropriate for "urban residential." The Metropolitan Area Planning Commission has a policy of supporting the expansion of existing businesses. Commercial Guidelines stipulate that any commercial use in proximity to residential development should have required site design features that limit noise, lighting and other aspects of commercial activity that may adversely impact surrounding residential land uses. Unified Zoning Code standards include: compatibility setbacks for buildings, building height and dumpster placement, zoning required screening, work area screening, landscape buffering and shielding of lighting.

RECOMMENDATION: Based upon information available prior to the public hearings, planning staff recommends that the request be APPROVED; subject to a replat or lot split being completed within one year.

This recommendation is based on the following findings:

1. The zoning, uses and character of the neighborhood: The surrounding properties are a mix of Limited Commercial, Two-family Residential and Single-family Residential zoning. The uses in the area also mixed ranging from vacant, commercial, broadcast studio and residential. This is an older part of Wichita with older buildings and homes. Central is a major east-west arterial, and the applicant's ownership north of the application area has frontage along Central.
2. The suitability of the subject property for the uses to which it has been restricted: The site is currently zoned SF-5 Single-family Residential but is vacant. As an infill site it is possible the property could be developed as currently zoned, but it is unlikely. The site is probably too small to attract significant attention for infill residential development, and the age of surrounding residential development probably inhibits new residential construction.
3. Extent to which removal of the restrictions will detrimentally affect nearby property: Approval will allow commercial activities to reach further south of Central, however if approved as requested, the applicant's ownership would have uniform zoning.
4. Length of time the property has been vacant: The property is currently vacant and appears to have been so for a considerable amount of time.
5. Conformance of the requested change to the adopted or recognized Comprehensive Plan and policies: The "2030 Wichita Functional Land Use Guide" depicts this site as appropriate for "urban residential." The Metropolitan Area Planning Commission has a policy of supporting the expansion of existing businesses.
6. Impact of the proposed development on community facilities: Anticipated impacts can be addressed by existing facilities. Approval of this small an area of LC zoning will not detrimentally affect community facilities.
