STAFF REPORT

MAPC: January 19, 2023

DAB I: February 6, 2023

<u>CASE NUMBER:</u>	CON2022-00052 (City)
<u>APPLICANT:</u>	MLC/CCH Limited Partnership
<u>REQUEST:</u>	Conditional Use for Group Residence, Limited
<u>CURRENT ZONING:</u>	SF-5 Single Family Residential District
<u>SITE SIZE:</u>	0.47 acres
<u>LOCATION:</u>	On the west side of South Woodlawn Boulevard, within one-quarter mile north of East Kellogg (441 South Morningside Drive).
<u>PROPOSED USE:</u>	Group Residence, Limited
<u>RECOMMENDATION:</u>	Approval with Conditions.

BACKGROUND: The applicant is requesting a Conditional Use for Group Residence, Limited on property zoned SF-5 Single Family Residential District generally located on the west side of South Woodlawn Boulevard and within one-quarter mile north of East Kellogg Drive (441 South Morningside Drive). The applicant currently operates a Home Plus Group Home on the property, which is allowed by-right per the Unified Zoning Code and protected by State Statute. A Home Plus Group Home allows up to eight (8) residents and two (2) staff at the location. The request for a Conditional Use for Group Residence, Limited would allow the facility to house up to 15 persons including staff. The applicant stated they intend to house up to 12 residents and two staff members.

The Kansas Department for Aging and Disability Services (KDADS) generally defines Home Plus as “any residence or facility caring for not more than 12 individuals not related within the third degree of relationship to the operator or owner by blood or marriage who need personal care or supervised nursing care to help with limitations in activities of daily living” (see attached full definition).

The Unified Zoning Code defines Group Residence as “a residential facility providing cooking, sleeping, and sanitary accommodations for a group of people, not defined as a family, on weekly or longer basis.” It defines Group Residence, Limited as “a Group Residence that is occupied by six (6) to 15 persons, including staff members who reside in the facility.” Group Residence Limited is permitted within the SF-5 zoning district by Conditional Use approval.

The applicant states that the purpose of a Home Plus facility is to provide a small retirement care home located in a residential area so that residents can live in a traditional home environment near their families. The facility is an existing single-family house located in a single-family neighborhood. The house was built in 1955 with three bedrooms and 2,555 square feet of finished living space. The two-car garage is a side-load garage on the east side of the structure, facing the masonry screening fence along South Woodlawn Boulevard. The facility is licensed by KDADS to have up to 12 residents and has met all necessary requirements of the Kansas State Fire Marshal and National Fire Protection Association (NFPA) Life Safety Code 101 for such a facility. As shown on the attached site plan, the applicant intends to build an 1,800 square-foot addition to the rear of the house to accommodate additional residents, bringing the total number of bedrooms to 10. The addition meets all setback requirements and would be a permitted addition to this single-family dwelling even if it was not operating a Home Plus facility.

The off-street parking requirement for Group Residence, Limited is one per bedroom. The facility proposes to have 10 bedrooms. The applicants indicate that all residents do not drive or own vehicles as they are care-dependent. Therefore, the only vehicles parked on site will be for staff (maximum of three at any given time) in addition to visiting family members. The facility’s driveway can only satisfy a portion of the parking requirement. Therefore, the applicant has filed a Variance application (BZA2022-0057) to reduce the parking requirement to two spaces. This case is being heard concurrently.

Properties to the north, west, and south are zoned SF-5 Single-Family Residential District and are developed with single-family dwellings. Property immediately abutting to the east is the South Woodlawn Boulevard right-of-way. East of South Woodlawn Boulevard are single-family residential properties in the City of Eastborough.

CASE HISTORY: In 1951, the site was platted as part of the Village 5th Addition.

ADJACENT ZONING AND LAND USE:

NORTH:	SF-5	Single Family Residence
SOUTH:	SF-5	Single Family Residence
EAST:	Eastborough	Single Family Residence
WEST:	SF-5	Single Family Residence

PUBLIC SERVICES: Access to the property is from South Morningside Drive, a paved local street with on-street parking, but no sidewalks. South Woodlawn Boulevard is a paved, four-lane arterial street with a sidewalk on the west side. Municipal water and sewer services currently serve the site. Wichita Transit provides regular bus service within

CON2022-00052

one-half mile to the west along South Edgemoor Drive.

CONFORMANCE TO PLANS/POLICIES: The Conditional Use request is in conformance with the following plans:

Community Investments Plan: The Conditional Use request is in conformance with the *Community Investments Plan*. The Wichita-Sedgwick County Comprehensive Plan, the *Community Investments Plan*, identifies the site as “Residential” on the Future Growth Map Concept Map, which reflects the full diversity of residential development densities and types typically found in an urban municipality. The Plan discusses that the range of housing densities and types include anywhere from single-family detached homes to multifamily units, condominiums, and special residential accommodations for the elderly (assisted living, congregate care, and nursing homes).

Wichita: Places for People Plan: The requested Conditional Use is in conformance with the goals of the Wichita: Places for People Plan. The Wichita: Places for People Plan provides recommendations for urban infill development in the Established Central Area (ECA). The subject site is located within the ECA. In general, the ECA is envisioned as “a place for people - a place that provides for the movement of people - on foot, on bike and through transit - in balance with automobiles.”

- **Strategies:** The Plan recommends strategies to help guide the community in their actions to create walkable places within Wichita. The requested Group Residence, Limited aligns with Strategy 5: *Provide a diversity of housing options to attract new residents and allow existing residents to remain in the ECA*. The site is currently used as a Home Plus Group Home. The proposed Group Residence, Limited would permit additional residents to be served by the facility at this location.
- **Current Condition:** The subject property is located within an area identified as an “area of stability.” The Places for People Plan defines Areas of Stability as those “areas of the ECA that exhibit less stress, or fewer economic, connectivity and walkability challenges. Areas of Stability should require fewer interventions and potentially less investment to maintain a viable development environment and community. Improvements should be geared toward continuing the area’s momentum and strengthening the established context” The site is currently used as a Home Plus Group Home and the structure retains the character of the surrounding residential neighborhood.

RECOMMENDATION: Based on the information available prior to the public hearing, MAPD staff recommends the application be **APPROVED** subject to the following conditions.

- 1) The Conditional Use approval is limited to a maximum of 12 persons needing assistance with daily activities and two (2) staff members.
- 2) The addition to the structure shall retain compatible residential character to the existing home. The applicant shall provide building elevations to the Planning Department for review and approval prior to the issuance of building permits.
- 3) The owner or the manager of the facility shall comply with all regulations and licensing required by the Kansas Department of Aging and Disability Services.
- 4) No signs shall be allowed except those permitted under the City Sign Code Section 24.04.190.
- 5) The site shall be developed and operated in compliance with all federal, state, and local rules and regulations.
- 6) If the Zoning Administrator finds that there is a violation of any of the conditions of the conditional use, the Zoning Administrator, in addition to enforcing the other remedies set forth in Article VIII of the Unified Zoning Code, may, with the concurrence of the Planning Director, declare that the conditional use is null and void.

The staff’s recommendation is based on the following findings:

1. **The zoning, uses and character of the neighborhood:** Properties to the north, west, and south are zoned SF-5 Single-Family Residential District and are developed with single-family dwellings. Property immediately abutting to the east is the South Woodlawn Boulevard right-of-way. East of South Woodlawn Boulevard are single-family residential properties in the City of Eastborough.

Home Plus as Defined by the Kansas Department for Aging and Disability Services
www.kdads.ks.gov

"Home Plus" means any residence or facility caring for not more than 12 individuals not related within the third degree of relationship to the operator or owner by blood or marriage unless the resident in need of care is approved for placement by the secretary for children and families, and who, due to functional impairment, needs personal care and may need supervised nursing care to compensate for activities of daily living limitations. The level of care provided to residents shall be determined by preparation of the staff and rules and regulations developed by the Kansas department for aging and disability services. An adult care home may convert a portion of one wing of the facility to a not less than five-bed and not more than 12-bed home plus facility provided that the home plus facility remains separate from the adult care home and each facility must remain contiguous. Any home plus that provides care for more than eight individuals after the effective date of this act shall adjust staffing personnel and resources as necessary to meet residents' needs in order to maintain the current level of nursing care standards. Personnel of any home plus who provide services for residents with dementia shall be required to take annual dementia care training.
