RE: CON2023-00010: Conditional Use request in the City for Group Residence, Limited on property zoned SF-5 Single-Family Residential; located 143 feet east of North Lawrence Lane and north of East 13th Street (7000 East Stonegate Street).

Dear Applicant;

At its regular meeting on **June 13, 2023**, the Wichita City Council (WCC) heard the above captioned request. The action of the WCC was to **DENY** the request.

Section V-D.11 of the Unified Zoning Code states that in the event that the governing body denies a request, a similar application shall not be refiled for one year from the latest advertised public hearing date (this would be the Planning Commission hearing on May 11, 2023). A request for a more restrictive zoning classification shall not be filed for six months from the same date.

If you have any questions concerning this application, please contact our office at 268-4421.

Sincerely,

Christina Rieth
Associate Planner

RE: CON2023-00010: Conditional Use request in the City for Group Residence, Limited on property zoned SF-5 Single-Family Residential; located 143 feet east of North Lawrence Lane and north of East 13th Street (7000 East Stonegate Street).

Dear Applicant;

At its regular meeting on May 11, 2023, the Wichita - Sedgwick County Metropolitan Area Planning Commission considered the above captioned request. The action of the MAPC was to recommend APPROVAL the request with the following conditions:

- 1) The Conditional Use approval is limited to a maximum of 12 persons, including staff members.
- 2) A revised site plan shall be submitted illustrating that the required parking that is in compliance with the UZC prior to the Conditional Use being approved.
- 3) No signs shall be allowed except those permitted under the City Sign Code Section 24.04.190.
- 4) The site shall be developed and operated in compliance with all federal, state, and local rules and regulations.
- 5) If the Zoning Administrator finds that there is a violation of any of the conditions of the conditional use, the Zoning Administrator, in addition to enforcing the other remedies set forth in Article VIII of the Unified Zoning Code, may, with the concurrence of the Planning Director, declare that the conditional use is null and void.

Property owners opposed to the application may file with the City Clerk a signed, written protest of the MAPC's recommendation. (Unsigned e-mails are not considered to be legal protests.) To be effective, the protest must be filed by 5:00 p.m. on May 25, 2023. In order to be considered a "valid" petition, the signatures must reflect the correct and entire ownership of the property, the property must be at least partially located within 200 feet of the property for which the application was filed, and must be submitted to the City Clerk by May 25, 2023 at 5:00 p.m.

This application will be presented to the Wichita City Council on Tuesday, June 13, 2023 beginning at 9:00 a.m.

If you have any questions concerning this application, please contact our office at 268-4421.

Sincerely,

Christina Rieth, Current Plans
Associate Planner

MAPC: May 11, 2023
DAB II: May 8, 2023

BACKGROUND: The applicant is requesting a Conditional Use for Group Residence, Limited on property zoned SF-5 Single Family Residential District located on the north side of East Stonegate Lane, within 100 feet north of East 13th Street North (7000 East Stonegate Lane). According to the applicant's website, Ivy Foundation operates sober living home facilities. The site is currently used as a sober living home which is accommodated similar to a Group Home, which in this case up to eight persons who are not related by blood or marriage can occupy a residence. The request for a Conditional Use for Group Residence, Limited would allow the facility to house up to 15 persons including staff.

The Unified Zoning Code defines Group Residence as "a residential facility providing cooking, sleeping, and sanitary accommodations for a group of people, not defined as a family, on weekly or longer basis." It defines Group Residence, Limited as "a Group Residence that is occupied by six (6) to 15 persons, including staff members who reside in the facility." Group Residence, Limited is permitted within the SF-5 zoning district by Conditional Use approval.

The site plan submitted by the applicant shows a three-car garage and a driveway with three parking spaces. The cars shown in the driveway are parked in the setback, which is not permitted per the Unified Zoning Code. Additionally, the off-street parking requirement for Group Residence, Limited is one per bedroom. The facility proposes to use the existing five-bedroom home for the Group Residence. There are no anticipated modifications to the existing structure. Therefore, the subject site requires five parking spaces. Considering this, staff recommends that the applicant files for a Variance to reduce the parking requirement to three spaces or reduce the front setback. If neither are pursued, the additional two required parking spaces will have to be accommodated in the rear portion of the site, which could negatively affect the residential character of the property and neighborhood.

Properties to the north, west, and south are zoned SF-5 Single-Family Residential District and are developed with single-family dwellings. The subject site is located on the interior portion of the neighborhood. It is Planning staff's opinion that the requested Conditional Use for this particular location may have detrimental impacts on the surrounding properties due to an increase in traffic and increase in parking requirements, which are out of character with the neighborhood.

CASE HISTORY: On June 19, 1967, the site was platted as part of the Rockhurst Addition. There are no zoning cases associated with this property.

ADJACENT ZONING AND LAND USE:

NORTH:	SF-5	Single Family Residence
SOUTH:	SF-5	Single Family Residence
EAST:	SF-5	Single Family Residence
WEST:	SF-5	Single Family Residence

PUBLIC SERVICES: Access to the property is from East Stonegate Lane, a paved local street with on-street parking, but no sidewalks. East 13th Street North is a paved, four-lane arterial street with sidewalks on both sides. Municipal water and sewer services currently serve the site. Wichita Transit provides regular bus service within one-quarter mile southeast of the subject site, at the northeast corner of East 13th Street North and North Gouverneur Road.

CONFORMANCE TO PLANS/POLICIES: The Conditional Use request is in partial conformance with the following plans:

Community Investments Plan: The Conditional Use request is in partial conformance with the *Community Investments Plan*. The Wichita-Sedgwick County Comprehensive Plan, the *Community Investments Plan*, namely the 2035 Wichita Future Growth Concept Map, identifies the site as "Residential" on the Future Growth Map Concept Map, which reflects the full diversity of residential development densities and types typically found in an urban municipality. The Plan discusses that the range of housing densities and types include anywhere from single-family detached homes to multifamily units, condominiums, and special residential accommodations (assisted living, congregate care, and nursing homes).

The requested Conditional Use is not in conformance with the Land Use Compatibility Locational Guidelines. The General guidelines state, "Higher-intensity development should be discouraged from locating areas of existing lower-intensity development, particularly established low-density residential areas." Group Residence, Limited is allowing up to 15 persons, including 2 staff members, in the interior of a single-family residential neighborhood. The scale of this type of residential use is out of character with the existing surrounding uses. The number of residents who could drive, versus the number of on-site parking requirements, may be detrimental to the character of the neighborhood.

Wichita: Places for People Plan: The requested Conditional Use is in partial conformance with the goals of the *Wichita: Places for People Plan*. The *Wichita: Places for People Plan* provides recommendations for urban infill development in the Established Central Area (ECA). The subject site is located within the ECA. In general, the ECA is envisioned as "a place for people - a place that provides for the movement of people - on foot, on bike and through transit - in balance with automobiles."

- **Strategies:** The Plan recommends strategies to help guide the community in their actions to create walkable places within Wichita. The requested Group Residence, Limited partially aligns with Strategy 5: *Provide a diversity of housing options to attract new residents and allow existing residents to remain in the ECA*. The proposed Group Residence, Limited would permit additional residents to be served by the facility at this location. However, the scale of the development is out of character with the neighborhood.
- **Current Condition:** The subject property is located within an area identified as an "area of opportunity." The *Places for People Plan* defines Areas of Opportunity as "areas that generally exhibit economic challenges, a disconnected development pattern, and a lack of walkable places and facilities. These areas are in need of strategic reinvestment, both public and private, to assist in redefining and reinvigorating the area, physically and socially." The site is currently used as a sober living home and the structure retains the character of the surrounding residential neighborhood. However, the scale of the proposed Group Residence, Limited could impact the development pattern of the neighborhood.

RECOMMENDATION: Based on the information available prior to the public hearing, MAPD staff recommends the application be **DENIED**.

The staff's recommendation is based on the following findings:

1. **The zoning, uses and character of the neighborhood:** The character of the neighborhood is residential. Properties to the north, west, and south are zoned SF-5 Single-Family Residential District and are developed with single-family dwellings. The subject site is located on the interior portion of the neighborhood. It is Planning staff's opinion that the requested Conditional Use for this particular location may have detrimental impacts on the surrounding properties due to an increase in traffic and increase in parking requirements, which are out of character with the neighborhood.
2. **The suitability of the subject property for the uses to which it has been restricted:** The subject property is currently zoned SF-5 Single Family Residential District and is suitable for a single-family home. The type of care facility is considered a "Group Home," which is permitted by-right in SF-5 up to eight total residents who are not related by blood or marriage. The owner is looking to expand the capacity of the Group Home, which requires Group Residence, Limited.
3. **Extent to which removal of the restrictions will detrimentally affect nearby property:** Group Residence, Limited is permitted as a Conditional Use within the SF-5 district. The property is currently being used as a Group Home for up to eight residents. The request for Group Residence, Limited is to expand the use up to 15 residents, but the type of care is not changing. If the request is approved, it is staff's opinion that it could have detrimental impacts on the character of the neighborhood, such as increased traffic and a negative impact on the aesthetics of the neighborhood due to increased parking requirements.
4. **Length of time the property has been vacant as currently zoned:** The subject property is not vacant. The

subject property has been developed since 1969.

5. **Conformance of the requested change to the adopted or recognized Comprehensive Plan:** The requested Conditional Use is in partial conformance with the *Community Investments Plan* and the *Wichita: Places for People Plan* as discussed in the staff report.
6. **Relative gain to the public health, safety, and welfare compared to the loss in value or the hardship imposed upon the applicant:** Approval of this request could provide the opportunity for the applicant to provide care for additional residents, which is a gain to the public welfare. However, any gain must be considered in light of the possible negative impacts to the public welfare, including the effects on neighboring properties. Approval of the request could have detrimental impacts on the surrounding residents, such as increased traffic. Denial could be regarded as a loss of economic opportunity and enjoyment for the applicant.
7. **Impact of the proposed development on community facilities:** Staff does not anticipate significant, negative impacts to community facilities.
8. **Opposition or support of neighborhood residents:** At the time the staff report was prepared, staff received several comments in opposition to the proposed Conditional Use via telephone and email. Written comments are attached to the end of this report.

Should the MAPC find that the Conditional Use be approved, it is recommended that the MAPC adopt alternate findings supporting their recommendation. Staff recommends the following conditions:

- 1) The Conditional Use approval is limited to a maximum of 15 persons, including staff members.
- 2) A revised site plan shall be submitted illustrating that the required parking that is in compliance with the UZC prior to the Conditional Use being approved.
- 3) No signs shall be allowed except those permitted under the City Sign Code Section 24.04.190.
- 4) The site shall be developed and operated in compliance with all federal, state, and local rules and regulations.
- 5) If the Zoning Administrator finds that there is a violation of any of the conditions of the conditional use, the Zoning Administrator, in addition to enforcing the other remedies set forth in Article VIII of the Unified Zoning Code, may, with the concurrence of the Planning Director, declare that the conditional use is null and void.

RE: Case CON2023-00010

To the Wichita-Sedgwick Co. Metropolitan Area Planning Department:

This letter is in reference to Case #CON2023-00010, the rezoning proposal for **7000 East Stonegate Street, Wichita KS, 67206**. I have looked over the proposal, prayed about this with intention and searched my heart for what is the correct thought process, and my heart keeps coming back to the thought that even though I have empathy for the situation of the addict, there is proper protocol we follow in our lives. We plan and zone our neighborhoods for specific design and purpose in our lives. The neighborhood that is chosen for this proposal is a neighborhood zoned for SF-5 living. So, to better understand this situation, I have to ask these questions of this council...

1. This proposed home is appx. 2300 Sq. Ft and listed as a 3-4-bedroom home. The email our neighborhood received stated that up to 20 people at a time could be staying in this residence. How is this possible and give everyone enough space for proper bathing and bathroom quarters, as well as space needed for private affairs? Is safety even possible, in these circumstances, under our current Fire and Safety Codes?
2. Will there be 24-hour attention given to monitored and attended security and direction?
3. Less than 1000 yards away from this location is a middle school. With the national relapse rate for drug rehabilitation at 50-55% on average ¹(Addiction Group.org, 2023) how is our neighborhood and our school going to be guaranteed that it will not be affected by the increase in possible drug and alcohol use, and the increase in drug trafficking and violence this behavior brings to neighborhoods?
4. We have many children living in this neighborhood that are already exposed to so many wrongs in this world. The increases seen in violence alone in the last

¹ [HTTPS://WWW.ADDICTIONGROUP.ORG/RESOURCES/SOBRIETY-STATISTICS/](https://www.addictiongroup.org/resources/sobriety-statistics/)

decade has forced many parents to make hard decisions about the neighborhoods they love, and the schools their children love. Is bringing more of societies unfortunate problems, to the doorsteps of our homes, really what life we want for our families, many of whom's households are trying to be God-fearing homes to begin with?

5. This street has grown in traffic flow as our children have become young drivers themselves. With one household having 20 members to it, each having different siblings and other family members possibly visiting them, this will add a mass of traffic flow to the neighborhood that I am not sure it can handle. Parking will become a very bad situation, not to mention the costs of maintenance, with those costs hitting our ever-growing tax base. What are we to think of these situations?

I moved my family to this neighborhood 5 years ago because it was quiet, quaint and a small neighborhood with single family dwellings. I want my neighborhood to stay that way. Quiet, no drama, very few problems. Just good people, good neighbors and nice homes. I searched the website for the Ivy Home Foundation and found not a lot other than hate and disdain for neighborhoods like ours. She said herself that she was "tired of the exclusivity of middle- and upper-class neighborhoods". Well, I am sorry, but all neighborhoods have that right to be exclusive of drug and alcohol abuse, violence, and crime. We work hard as good citizens to try and teach people that there is a certain way to live life. You can live life without laws, without abandon, and without any thought of other people and you can live with the consequences that lifestyle brings. Or you can search your own heart, search how God created us to live by laws and rules, live a life of modesty and of worship, and live with the consequences that brings. All of our decisions have consequences. If I make the wrong decision here, it will have consequences for my family, my life and my home. I am not willing to risk those things, when other options are available for recovery centers and their locations, that are away from schools that our children attend, and neighborhoods that our children and families play in their parks and walk in their streets.

Our voice is against this change in zoning, and our choice is to not permit this addiction recovery house to proceed.

We will not be able to attend the May 11 meeting in person or by Zoom, as we will be in flight to New York City.

Sincerely,

Wayne and Cindy Hearson
