AGENDA ITEM NO. 4.6

STAFF REPORT
MAPC June 1, 2023
DAB June 5, 2023

CASE NUMBER: ZON2023-00021 (City)

APPLICANT/AGENT: Bell Land Holdings, LLC (applicant)/ Baughman Company, P.A. (agent)

REQUEST: TF-3 Two-Family Residential District

CURRENT ZONING: SF-5 Single-Family Residential District

SITE SIZE: 41.34 acres

LOCATION: Generally located east of Hillside Avenue and approximately one-half mile north of 45th street North.

PROPOSED USE: Duplexes

RECOMMENDATION: Approval

BACKGROUND: The applicant is requesting a zone change from SF-5 Single-Family Residential District to TF-3 Two-Family Residential District for duplex development. The subject site is 41.34 acres in size, generally located east of North Hillside Avenue and approximately one-half mile north of East 45th Street North.

In 2010, The Falcon Falls East Addition was platted with 91 residential lots. In 2016, 23 lots in its southeast corner were rezoned to MF-18 Multi-Family Residential District. The application area for this request includes the remaining 68 lots and Reserve B. All lots in the Falcon Falls East Addition are currently undeveloped.

The area surrounding the property is generally developed with a mix of residential use types and densities. Reserve B contains the Middle Fork Chisholm Creek floodway and abuts the application area to the north. Properties north of Reserve B are zoned SF-20 Single-Family Residential District and are developed with large-lot single-family residences and accessory structures. South of the application area are the 19 lots zoned MF-18 Multi-Family Residential District. To the east is property zoned SF-20 Single-Family Residential District and developed as agriculture. To the west, on the west side of North Hillside Avenue, are properties zoned SF-5 Single-Family Residential District and developed with single-family residences.

TF-3 Two-Family Residential District (TF-3) accommodates Single-Family and Two-Family residential development, some multi-family residential development (by Conditional Use approval), and some civic uses such as churches and schools. Should this request be approved, the site will be subject to the property development standards of the TF-3 Two-Family Residential District, outlined in Section III-B.6 of the Unified Zoning Code.

CASE HISTORY: In 2010, the subject area was platted as Falcon Falls East Addition (SUB2008-00011). In 2016, the southeast 23 lots of the addition were rezoned as MF-18 Multi-Family Residential District (ZON2016-00060). There have been no other zoning actions on this site.

ADJACENT ZONING AND LAND USE:

NORTH:	SF-20/SF-5	Single-Family Residences and Agriculture
SOUTH:	MF-18	Undeveloped
EAST:	SF-20	Undeveloped
WEST:	SF-5	Single-Family Residences

PUBLIC SERVICES: In this area, North Hillside Avenue is a paved, two-lane arterial street without sidewalks. City sanitary sewer and stormwater are located in Reserve B. City water is located in the North Hillside Avenue right-of-way. Wichita Transit does not provide service in this area.

CONFORMANCE TO PLANS/POLICIES:

The Community Investments Plan (the Wichita-Sedgwick County Comprehensive Plan): The 2035 Wichita Future Growth Concept Map, which outlines the preferred development pattern and land uses within the *Plan* area, identifies this subject site as appropriate for “New Residential” development. “New Residential” areas are those that “likely will be developed or redeveloped by 2035 with uses predominately found in the Residential category”, which includes duplexes.

RECOMMENDATION: Based upon information available prior to the public hearings, planning staff recommends that the request be **APPROVED**. This recommendation is based on the following findings:

1. The zoning, uses, and character of the neighborhood: The area surrounding the property is generally developed with a mix of residential use types and densities. Reserve B contains the Middle Fork Chisholm Creek floodway and abuts the application area to the north. Properties north of Reserve B are zoned SF-20 Single-Family Residential District and are developed with large-lot single-family residences and accessory structures. South of the application area are the 19 lots zoned MF-18 Multi-Family Residential District. To the east is property zoned SF-20 Single-Family Residential District and developed as

agriculture. To the west, on the west side of North Hillside Avenue, are properties zoned SF-5 Single-Family Residential District and developed with single-family residences.

2. The suitability of the subject property for the uses to which it has been restricted: The subject property is zoned SF-5 Single-Family Residential District. The site could be developed with single-family residences.
3. Extent to which removal of the restrictions will detrimentally affect nearby property: A change of zoning to TF-3 Two-Family Residential District would allow all uses permitted in the TF-3 District on this site. Approval of the request should not detrimentally impact nearby property owners as similar zoning and uses exist in the subject area.
4. Length of time subject property has remained vacant as zoned: The property has been vacant since platting.
5. Relative gain to the public health, safety, and welfare as compared to the loss in value or the hardship imposed upon the applicant: Approval of the request represents a gain to the public in that it contributes to supporting residential development in the area. Denial of the request could represent a loss in the use and enjoyment of the applicant's property.
6. Conformance of the requested change to the adopted or recognized Comprehensive Plan and policies: The request to rezone the property is in conformance with the *Community Investments Plan* as discussed in the staff report.
7. Impact of the proposed development on community facilities: It is not anticipated that approval of this request should generate any additional significant impacts on community facilities. Existing infrastructure at the site will accommodate the proposed use.
8. Opposition or support of neighborhood residents: At the time the staff report was prepared, staff has not received any comments from the public regarding the requested zone change.
