RE: ZON2023-00034: Zone change request in the City from SF-5 to MF-18, subject to Protective Overlay #413 to allow multiple duplexes on one lot; generally located west of North Clara Street, within 180 feet south of West Elm Street (741 North Clara).

Dear Applicant;

At its regular meeting on **July 25, 2023**, the Wichita City Council considered the above captioned request. The action of the MAPC was to **APPROVE** the request subject to Protective Overlay #413, which reads:

1. Structures shall be limited to duplexes and single family dwellings.
2. Utilities shall be installed underground.
3. Amendments, adjustments, or interpretations to this Protective Overlay shall be done in accordance with the Unified Zoning Code.
4. The transfer of title of all or any portion of land included within the Protective Overlay (or any amendments hereto) does not constitute a termination of the plan or any portion thereof, but said plan shall run with the land and be binding upon present owners, their successors and assigns.
5. The development of this property shall proceed in accordance with the development plan as recommended for approval by the Planning Commission and approval by the Governing Body, and any substantial deviation of the plan, as determined by the Zoning Administrator and the Director of Planning, shall constitute a violation of the building permit authorizing construction of the proposed development.
6. Any major changes in this development shall be submitted to the Planning Commission and to the Governing Body for their consideration.
7. Building height shall be limited to 35 feet.

If you have any questions concerning this application, please contact our office at 268 4421.

Sincerely,

RE: ZON2023-00034: Zone change request in the City from SF-5 to MF-18, subject to Protective Overlay #413 to allow multiple duplexes on one lot; generally located west of North Clara Street, within 180 feet south of West Elm Street (741 North Clara).

Dear Applicant;

At its regular meeting on **June 22, 2023**, the Wichita - Sedgwick County Metropolitan Area Planning Commission considered the above captioned request. The action of the MAPC was to recommend **APPROVAL** of the request subject to Protective Overlay #413, which reads:

1. Structures shall be limited to duplexes and single family dwellings.
2. Utilities shall be installed underground.
3. Amendments, adjustments, or interpretations to this Protective Overlay shall be done in accordance with the Unified Zoning Code.
4. The transfer of title of all or any portion of land included within the Protective Overlay (or any amendments hereof) does not constitute a termination of the plan or any portion thereof, but said plan shall run with the land and be binding upon present owners, their successors and assigns.
5. The development of this property shall proceed in accordance with the development plan as recommended for approval by the Planning Commission and approval by the Governing Body, and any substantial deviation of the plan, as determined by the Zoning Administrator and the Director of Planning, shall constitute a violation of the building permit authorizing construction of the proposed development.
6. Any major changes in this development shall be submitted to the Planning Commission and to the Governing Body for their consideration.
7. Building height shall be limited to 35 feet.

Property owners opposed to the application may file with the City Clerk a signed, written protest of the MAPC's recommendation. (Unsigned e-mails are not considered to be legal protests.) To be effective, the protest must be filed by 5:00 p.m. on July 6, 2023. In order to be considered a "valid" petition, the signatures must reflect the correct and entire ownership of the property, the property must be at least partially located within 200 feet of the property for which the application was filed and must be submitted to the City Clerk by **July 6, 2023 at 5:00 p.m.**

This case will be heard by the District VI Advisory Board (DAB) on **Monday, July 10, 2023**, beginning at 6:30 p.m. DAB VI meets at the Evergreen Community Center and Library, 2601 North Arkansas, Wichita, Kansas. For more information, please contact the Community Services Representative for District VI, Ana Lopez, at ALopez@wichita.gov or (316) 303-8042.

This application will be heard by the Wichita City Council on **Tuesday, July 25, 2023**, beginning at 9:00 a.m.

This is a reminder that the zoning notification signs should now be removed from the property.

If you have any questions concerning this application, please contact our office at 268 4421.

Sincerely,

STAFF REPORT
MAPC: June 22, 2023
DAB VI: July 10, 2023

AGENDA ITEM NO. 4.10

-
- CASE NUMBER:** ZON2023-00034 (City)
- APPLICANT/AGENT:** T.B. Holdings LLC (Applicant)/ K.E. Miller Engineering (Agent)
- REQUEST:** MF-18 Multi-Family Residential District
- CURRENT ZONING:** SF-5 Single-Family Residential District
- SITE SIZE:** 0.63 acres
- LOCATION:** Generally located on the west side of North Clara Street within two blocks north of West Central Avenue (741 North Clara Street).
- PROPOSED USE:** Allow multiple duplexes on site.
- RECOMMENDATION:** Approve subject to Protective Overlay.

BACKGROUND: The applicant is requesting a zone change from SF-5 Single-Family Residential District to MF-18 Multi-Family Residential District, with Protective Overlay #413, on a 0.63-acre property in Lot 25 of the Pettett Gardens Addition. The property is generally located on the west side of North Clara Street within two blocks north of West Central Avenue (741 North Clara Street). The subject site is currently developed with an unoccupied single-family dwelling and a detached garage, which were built in 1941.

The applicant is requesting the zone change to allow multiple duplexes on-site. According to the preliminary site plan, the applicant is proposing five duplexes (ten dwelling units) on the property. With a maximum density of 17.4 dwelling units per acre in MF-18 Multi-Family Residential District zoning, the site is allowed up to ten dwelling units on the property. With the Protective Overlay #413, there will be no changes in setback standards or height restrictions.

Property Development Standards	SF-5 Single-Family Residential District	MF-18 Multi-Family Residential District with Protective Overlay #413
Minimum lot area	5,000 square feet	3,000 square feet per Dwelling Unit for Duplex
Front setback	25 feet	25 feet
Rear setback	20 feet	20 feet
Maximum height	35 feet	35 feet
Minimum lot width	50 feet	50 feet
Density	Single-family dwelling	17.4 Dwelling Units per acre

The preliminary site plan shows a total of five duplexes (ten dwelling units) with twelve parking spaces in the middle. The Unified Zoning Code (UZC) requires one parking space per dwelling unit for duplexes. The duplexes thus comply with the front and rear setback requirements.

Because the applicant is proposing multi-family zoning in a single-family residential zoning district, they will need to adhere to the requirements of the Wichita Landscape Ordinance. In general, the ordinance requires one shade tree (or two ornamental trees) per 40 linear feet along the abutting residential property lines and a landscape street yard will be required for the proposed parking lot. The proposed development abuts single-family residential zoning on all sides. A landscape plan is required to be submitted for review and approval prior to the issuance of building permits. The property will also need to adhere to the rules and regulations of the Wichita Sign Code, which prohibits buildings signs from facing residential zoning district if the building is within 150 feet of the residential lot line.

The UZC's Sec.IV-C.5.a, Compatibility Height standards states that no structure shall exceed 35 feet in height within 50 feet of the lot line of property zoned TF-3 or more restrictive. However, the provisions of the Protective Overlay #413 already implement a 35-foot maximum height restriction on the property. The minimum building compatibility setback shall be 15 feet plus one foot for each five feet of lot width over 50 feet.

Properties to the north, south, east and west are zoned SF-5 Single-Family Residential. All properties are developed with single-family dwellings, with the exception of one of the parcels to the east, which is vacant.

CASE HISTORY: On September 21, 1948, the Pettett Gardens Subdivision was created. There are no zoning cases associated with this property.

ADJACENT ZONING AND LAND USE:

NORTH:	SF-5	Single-family residence
SOUTH:	SF-5	Single-family residence
EAST:	SF-5	Undeveloped
WEST:	SF-5	Single-family residences

PUBLIC SERVICES: The subject site has access to North Clara Street, a paved, two-lane local street with no sidewalks on either side. The subject site has access to municipal services, such as sewer, water, and stormwater. Wichita Transit serves this site within two blocks southeast, on the northeast corner of West Central Avenue and North Bebe Street.

CONFORMANCE TO PLANS/POLICIES: The requested zone change is in conformance with the *Community Investments Plan*. The *Community Investment Plan* (the Wichita-Sedgwick County Comprehensive Plan) recommends the subject site as primarily appropriate for both “Residential”. The *Plan* defines “Residential” as “areas that reflect the full diversity of residential development densities and types typically found in a large urban municipality.”

The Design Guidelines of the *Community Investments Plan* provide a framework for decision-making regarding land use changes. In the Established Central Area, where the subject site is located, “Accessory dwelling units, duplexes, and small-scale multi-family developments can be appropriate in existing residential areas if appropriate site design limits adverse impacts on surrounding residential uses, the design of the buildings is compatible with existing residences, and the scale of the development is compatible with the intensity of the surrounding area.” The provisions of the Protective Overlay and the Wichita Landscape Ordinance, which include a building height restriction and landscape buffering, are designed to provide a site design that limits the adverse impacts on surrounding residential uses. Additionally, the Design Guidelines encourage “development of a variety of lot sizes and housing types.”

The requested zone change is in conformance with the *Wichita: Places for People Plan*. The subject site is in what the *Plan* defines as an “Area of Opportunity”. The *Plan* defines “Area of Opportunity” as “areas that generally exhibit economic challenges, a disconnected development pattern and a lack of walkable places and facilities. These areas need strategic investment, both public and private, to assist in redefining and reinvigorating the area. Areas of Opportunity also require capacity-building at the neighborhood level to accommodate redevelopment that is beneficial to the neighborhood and its residents.”

RECOMMENDATION: Based upon information available prior to the public hearings, planning staff recommends that the request be **APPROVED** subject to Protective Overlay #413, which reads:

1. Structures shall be limited to duplexes and single family dwellings.
2. Utilities shall be installed underground.
3. Amendments, adjustments, or interpretations to this Protective Overlay shall be done in accordance with the Unified Zoning Code.
4. The transfer of title of all or any portion of land included within the Protective Overlay (or any amendments hereof) does not constitute a termination of the plan or any portion thereof, but said plan shall run with the land and be binding upon present owners, their successors and assigns.
5. The development of this property shall proceed in accordance with the development plan as recommended for approval by the Planning Commission and approval by the Governing Body, and any substantial deviation of the plan, as determined by the Zoning Administrator and the Director of Planning, shall constitute a violation of the building permit authorizing construction of the proposed development.
6. Any major changes in this development shall be submitted to the Planning Commission and to the Governing Body for their consideration.
7. Building height shall be limited to 35 feet.

This recommendation is based on the following findings:

1. **The zoning, uses and character of the neighborhood:** The character of the neighborhood is residential. Properties to the north, south, east and west are zoned SF-5 Single-Family Residential. All properties are developed with single-family dwellings, except for one of the parcels to the east, which is vacant.
2. **The suitability of the subject property for the uses to which it has been restricted:** The property is presently zoned SF-5 Single-Family Residential District, the property is suitable for a limited number of

residential, public, and civic uses, including single-family residences. The current zoning does not allow for duplexes on site.

3. **Extent to which removal of the restrictions will detrimentally affect nearby property:** Staff does not anticipate that the removal of the restrictions will detrimentally affect nearby property. The screening and landscaping requirements, along with the Protective Overlay, are designed to mitigate any potential negative impacts on surrounding properties. These requirements include a maximum height restriction, screening, and landscape buffers.
4. **Length of time subject property has remained vacant as zoned:** The property is not vacant. The property has been developed with a single-family dwelling and detached garage since 1941.
5. **Relative gain to public health, safety, and welfare as compared to the loss in value or the hardship imposed upon the applicant:** Approval would permit new development in an area that is appropriate for such development. The requested zone change would introduce a new type of housing that is not already present in the area. However, the provisions of the screening requirements, landscaping requirements, and Protective Overlay should mitigate any potential negative impacts that may be associated with multi-family housing. Denial may result in the loss of use and enjoyment of the applicant's property.
6. **Conformance of the requested change to the adopted or recognized Comprehensive Plan and policies:** The requested zoning would continue to allow the property to be in conformance with the *Community Investments Plan* and the *Wichita: Places for People Plan*, as discussed in the staff report.
7. **Impact of the proposed development on community facilities:** The Planning Department does not anticipate the requested zone change will have a significant impact on community facilities.
8. **Opposition or support of neighborhood residents:** At the time the staff report was prepared, staff has not received any comments from the public on the requested zone change.

Protective Overlay #413

1. Structures shall be limited to duplexes and single family dwellings.
2. Utilities shall be installed underground.
3. Amendments, adjustments, or interpretations to this Protective Overlay shall be done in accordance with the Unified Zoning Code.
4. The transfer of title of all or any portion of land included within the Protective Overlay (or any amendments hereof) does not constitute a termination of the plan or any portion thereof, but said plan shall run with the land and be binding upon present owners, their successors and assigns.
5. The development of this property shall proceed in accordance with the development plan as recommended for approval by the Planning Commission and approval by the Governing Body, and any substantial deviation of the plan, as determined by the Zoning Administrator and the Director of Planning, shall constitute a violation of the building permit authorizing construction of the proposed development.
6. Any major changes in this development shall be submitted to the Planning Commission and to the Governing Body for their consideration.
7. Building height shall be limited to 35 feet.
