RE: CON2023-00008: Conditional Use Request in the City interior salvage on property zoned LI Limited Industrial District, generally located south of West Mariposa Lane and east of South Ridge Road (1515 S. Yucca).

Dear Applicant;

At its regular meeting on June 8, 2023, the Wichita City Council considered the above captioned request. The action of the City Council was to APPROVE the request with the following conditions:

1. The Wrecking/Salvage is us restricted to indoor storage only.
2. Applicant shall submit a revised site plan illustrating solid screening and landscaping along the south and west property lines per Section IV of the Unified Zoning Code and Wichita Landscape Ordinance.
3. Building permits shall not be issued until a revised site plan has been approved by the Planning Department.
4. The applicant shall obtain all applicable inspections, permits, and licenses.
5. The site shall be maintained and operated in general conformance with the approved site plan and conditions of approval.
6. If the Zoning Administrator finds that there is a violation of any of the conditions of the Conditional Use, the Zoning Administrator, in addition to enforcing the other remedies set forth in Article VIII of the Unified Zoning Code, may, with the concurrence of the Planning Director, declare that the Conditional Use is null and void.

If you have any questions concerning this application, please contact our office at 268-4421.

RE: CON2023-00008: Conditional Use Request in the City interior salvage on property zoned LI Limited Industrial District, generally located south of West Mariposa Lane and east of South Ridge Road (1515 S. Yucca).

Dear Applicant;

At its regular meeting on April 27, 2023, the Wichita - Sedgwick County Metropolitan Area Planning Commission considered the above captioned request. The action of the MAPC was to recommend APPROVAL the request with the following conditions:

1. The Wrecking/Salvage is us restricted to indoor storage only.
2. Applicant shall submit a revised site plan illustrating solid screening and landscaping along the south and west property lines per Section IV of the Unified Zoning Code and Wichita Landscape Ordinance.
3. Building permits shall not be issued until a revised site plan has been approved by the Planning Department.
4. The applicant shall obtain all applicable inspections, permits, and licenses.
5. The site shall be maintained and operated in general conformance with the approved site plan and conditions of approval.
6. If the Zoning Administrator finds that there is a violation of any of the conditions of the Conditional Use, the Zoning Administrator, in addition to enforcing the other remedies set forth in Article VIII of the Unified Zoning Code, may, with the concurrence of the Planning Director, declare that the Conditional Use is null and void.

Property owners opposed to the application may file with the City Clerk a signed, written protest of the MAPC's recommendation. (Unsigned e-mails are not considered to be legal protests.) To be effective, the protest must be filed by 5:00 p.m. on May 11, 2023. In order to be considered a "valid" petition, the signatures must reflect the correct and entire ownership of the property, the property must be at least partially located within 200 feet of the property for which the application was filed, and must be submitted to the City Clerk by May 11, 2023 at 5:00 p.m.

To ensure that Conditional Use applications would not be ruled invalid due to the recent American Warrior, Inc. v. Board of County Commissioners of Finney County, Kansas, the Planning Department is sending Conditional Use cases to the respective Governing Body for action. To do this, the Planning Director is submitting an appeal for all Conditional Use applications, per UZC Sec. V.A.5. This application will be considered by the Wichita City Council on **Tuesday, June 6, 2023** beginning at 9:00 a.m.

If you have any questions concerning this application, please contact our office at 268-4421.

Sincerely,

BACKGROUND: The applicant is requesting a Conditional Use to expand an indoor salvage use into a proposed building expansion onto an abutting lot under the same ownership. The property is zoned LI Limited Industrial and located at 1515 South Yucca, which is generally located within one-block north of West Harry Street and within one-quarter mile east of South Eisenhower Parkway. The application is designed to accommodate the building of a structure designed to be used for the indoor salvage and storage of aircraft components. The applicant intends to construct a 5,978 square-foot addition to the existing 9,600 square-foot salvage warehouse located on a lot addressed 1505 South Yucca. In 2008, the Wichita City Council approved a zone change from SF-5 Single-Family Residential District to LI Limited Industrial District with a Conditional Use for Wrecking/Salvage at the 1505 South Yucca location.

The Unified Zoning Code (UZC) defines a Wrecking/Salvage Yard as such:

A Lot, land or Structure, or part thereof, used for the collecting, dismantling, storing and/or salvaging of machinery, equipment, appliances, Inoperable Vehicles, vehicle parts, bulky waste, salvage material, junk, or discarded materials; and/or for the sale of parts thereof.

The UZC also states that a Wrecking/Salvage Yard is only allowed in LI Limited Industrial (LI), GI General Industrial (GI), or AFB Airforce Base (AFB) zoning districts. Within the LI and GI zoning districts, the code states:

Wrecking/Salvage Yards may be approved as a Conditional Use in the LI and GI Districts, provided that such operation:

- (1) is not Abutting an arterial Street, expressway or freeway;
- (2) in the opinion of the Planning Commission, will not adversely affect the character of the neighborhood; and
- (3) is enclosed by a Fence or wall not less than eight feet in height and having cracks and openings not in excess of five per-cent of the area of such Fence.

Properties to the west and south are zoned SF-5 Single-Family Residential District and developed with single-family dwellings. Properties to the north and east are zoned LI Limited Industrial District. Property to the north is under common ownership with the subject site and developed with an indoor salvage warehouse (CON2018-00007). Property to the east is developed with a semi-truck parking area.

Section IV-B of the UZC requires solid screening on the west and south sides due to the abutting residential zoning. The south property line has an existing six-foot privacy fence. The west property line has a chain link fence and will need to be upgraded to solid screening to come into compliance. The Wichita Landscape Ordinance requires a landscape buffer on the south and west sides as well. This requires a minimum of one shade tree per 40 linear feet along each property line. A landscape street yard and parking lot screening is not required. The Landscape Ordinance has an exception for collector streets where the zoning on both sides is industrial.

An Administrative Adjustment (BZA2023-00014) to reduce the compatibility setbacks on the west and south sides. Section IV-C of the UZC requires compatibility setbacks of at least 15-25 feet based on lot depth for commercial buildings next to residential zoning. The Administrative Adjustment is requesting the compatibility setbacks be reduced to 10 feet along both property lines. Along the west property line, this request matches a reduction (BZA2018-00004) when the original warehouse was constructed. Section IV-C also requires compatibility height standards. This standard restricts the height of buildings to 35 feet when within 50 feet of residential property lines. This standard will be complied with.

CASE HISTORY: In 1953, this property was platted as Lot 13, Block A, of the Rolling Hills Mesa Addition. In 2021, a zone change request from SF-5 to LI was approved (ZON2021-00005).

ADJACENT ZONING AND LAND USE:

North: LI	Indoor salvage
South: SF-5	Single Family Residential
East: LI	Semi-truck parking area
West: SF-5	Single Family Residential

PUBLIC SERVICES: South Yucca Place is a paved, local street with no sidewalks. Wichita Transit does not serve this area. All municipal services serve the site.

CONFORMANCE TO PLANS/POLICIES: The requested Conditional Use is in conformance with the *Community Investments Plan*. The adopted Wichita-Sedgwick County Comprehensive Plan, the *Community Investments Plan*, identifies the site as “New Employment.” The New Employment category: Encompasses areas that likely will be developed or redeveloped by 2035 with uses that constitute centers or concentrations of employment primarily in manufacturing, warehousing, distribution, construction, research, technology, business services, or corporate offices. The plan also encourages a development pattern that supports the expansion of existing uses into nearby areas. Locational guidelines encourage sufficient screening and buffering to promote compatibility of higher intensity uses next to lower intensity uses. The site will conform to all screening and landscaping standards of the applicable Codes.

RECOMMENDATION: Based upon the information available at the time the staff report was prepared it is recommended that the request be **APPROVED**, subject to the following conditions:

1. The Wrecking/Salvage is us restricted to indoor storage only.
2. Applicant shall submit a revised site plan illustrating solid screening and landscaping along the south and west property lines per Section IV of the Unified Zoning Code and Wichita Landscape Ordinance.
3. Building permits shall not be issued until a revised site plan has been approved by the Planning Department.
4. The applicant shall obtain all applicable inspections, permits, and licenses.
5. The site shall be maintained and operated in general conformance with the approved site plan and conditions of approval.
6. If the Zoning Administrator finds that there is a violation of any of the conditions of the Conditional Use, the Zoning Administrator, in addition to enforcing the other remedies set forth in Article VIII of the Unified Zoning Code, may, with the concurrence of the Planning Director, declare that the Conditional Use is null and void.

This recommendation is based on the following findings:

1. The zoning, uses and character of the neighborhood: Properties to the west and south are zoned SF-5 Single-Family Residential District and developed with single-family dwellings. Properties to the north

and east are zoned LI Limited Industrial District. Property to the north is under common ownership with the subject site and developed with and indoor salvage warehouse (CON2018-00007). Property to the east is developed with a semi-truck parking area.

2. The suitability of the subject property for the uses to which it has been restricted: This parcel is currently zoned for LI Limited Industrial and is suitable for industrial uses. Wrecking/Salvage is permitted by Conditional Use approval. The subject request is an expansion of an existing use on the adjoining parcel.
3. Extent to which removal of the restrictions will detrimentally affect nearby property: Approval of this request should not have an adverse effect on the nearby property. Required screening, landscaping, and height compatibility are designed to help mitigate possible negative impacts on nearby residential uses. Furthermore, the surrounding area is already primarily industrial in nature.
4. Length of time subject property has remained vacant as zoned: In 2021, the property was rezoned to LI Limited Industrial from SF-5 Single-Family Residential. The property has the existing residential structure on it, but LI zoning does not permit residential uses.
5. Relative gain to the public health, safety and welfare as compared to the loss in value or the hardship imposed upon the applicant: Approval of the request would allow the expansion of an existing nearby use. Denial would presumably represent a loss of economic opportunity to the applicant and/or land owner.
6. Conformance of the requested change to the adopted or recognized Comprehensive Plan and policies: The requested Conditional Use is in conformance with the *Community Investments Plan* as discussed in the staff report.
7. Impact of the proposed development on community facilities: The requested Conditional Use is not anticipated to have any negative affects on community facilities.
8. Opposition or support of neighborhood residents: At the time of the publication of the staff report, there have been no comments received.
