Agenda Report # _____

TO: Mayor and City Commissioners

SUBJECT: Z-2788 - REQUEST FOR ZONE CHANGE FROM "LC" LIGHT COMMERCIAL TO "C" COMMERCIAL, LOCATED SOUTH OF CENTRAL EAST OF THE BIG DITCH. (Storage Equities)

INITIATED BY: Metropolitan Area Planning Department

AGENDA ACTION: Zoning

MAPC Recommendation: Approve (10-0)

Staff Recommendation: Approve

Background: On August 7, 1986, the MAPC held a public hearing to consider a zone change from "LC" to "C" for the south portion of a narrow, triangular-shaped lot located on the east side of the Big Ditch south of Central. The site is currently being used for outdoor storage of boats, recreational vehicles, etc., in violation of the "LC" zoning district regulations. No one appeared in opposition to the zone change. The Planning Commission unanimously recommended approval subject to an amended BZA application.

CPO Council "A" voted 5-0 to recommend approval of the request.

Analysis: North of the application area is an undeveloped light commercial area from which a single-family house has just been removed; to the east are residential storage warehouses in the "LC" district with a BZA use exception; south and west is the Big Ditch. The only access to this site is through the property to the east and out to Central. However, the BZA resolution authorizing the storage warehouses to the east required the west property line to be fenced wherever the buildings were not located. In order to provide appropriate access to the application area and to amend the screening requirements of BZA 25-83 with regard to this access, approval of the zone change should be subject to the applicant filing and receiving approval of an amended BZA exception request to include this application area and the property to the east.

The Planning Commission determined that the character of the neighborhood; the zoning and uses of properties nearby; the suitability of subject property for the uses proposed; and the recommendation of staff justified the approval of the zone change.

- Actions:
1. Concur with the findings of the MAPC and approve the zone change subject to the condition of BZA approval; place the ordinance on first reading and instruct the City Clerk to withhold publication until the BZA resolution has been approved; or
 2. Return the application to the MAPC for reconsideration stating reasons.
