Agenda Report # _____

TO: Mayor and City Commissioners

SUBJECT: Z-2730 - REQUEST FOR ZONE CHANGE FROM THE "C" COMMERCIAL DISTRICT TO THE "E" LIGHT INDUSTRIAL DISTRICT. GENERALLY LOCATED ON THE NORTH SIDE OF PATTERSON BETWEEN WICHITA STREET AND BROADWAY.

INITIATED BY: Metropolitan Area Planning Department

AGENDA ACTION: Planning & Zoning

MAPC Recommendation: Approve zone change (8-0).

Staff Recommendation: Approve zone change.

Background: On November 14, 1985, the MAPC held a public hearing to consider a request for a change of zoning from "C" Commercial to "E" Light Industrial for a 1.5-acre platted site located on the north side of Patterson approximately 600 feet west of Broadway. Martin Roofing Company occupies the site and has filed this application for the stated purpose of constructing a building for a sheet metal business. Although "C" zoning permits roofing and sheet metal businesses, the number of employees on the premises is limited to ten. There is no limit to the number of employees for such businesses when located in the "E" district.

The agent for the applicant indicated agreement with the staff report. One property owner to the west spoke in opposition, stating her objections to the current uses of the property.

CPO Council "C" voted 4-0 on November 4, 1985, to recommend approval.

Analysis: The properties to the north, east and south are occupied by legal non-conforming uses, primarily auto salvage, which would normally require light industrial zoning and a special use permit. Current zoning is "AA" (single-family) and "C" (commercial). Single-family zoning and development is found to the west.

The Planning Commission found that the character of the neighborhood, the zoning and uses of nearby properties, and the suitability of subject property for the proposed use justified the zone change. They passed a motion, by a unanimous vote of the eight members present, to recommend approval of the zone change.

Legal Consideration: 3.7% of the property within 200 feet is represented by valid protest petitions which have been filed as provided by law.

- Action:
1. Concur with the findings of the MAPC and approve the zone change; place the zoning ordinance on first reading; or
 2. Return the application to the MAPC for reconsideration stating reasons.
