STAFF REPORT
MAPC: November 30, 2023
DAB II: December 11, 2023

AGENDA ITEM NO. 4.10

CASE NUMBER: ZON2023-00064 (City)

APPLICANT/AGENT: Najib and Mona Sleiman (Applicants)

REQUEST: TF-3 Two-Family Residential District

CURRENT ZONING: SF-5 Single-Family Residential District

SITE SIZE: 4.11 acres

LOCATION: Generally located on the west side of North Webb Road, within one-quarter mile south of East 45th Street North (4439 North Webb Road).

PROPOSED USE: Duplex development.

RECOMMENDATION: Approve

BACKGROUND: The applicant is requesting a zone change from SF-5 Single-Family Residential District to TF-3 Two-Family Residential District. The 4.11-acre property is generally located on the west side of North Webb Road and within one-quarter mile south of East 45th Street North (4439 North Webb Road). The subject site is currently developed with a single-family dwelling.

The applicant has indicated they intend to use the site for duplex development. Should the zone change request be approved, there will be no change in setbacks, parking requirements, or maximum height. SF-5 Single-Family Residential District requires a 5,000 square foot minimum lot size, while TF-3 Two-Family Residential District requires a 3,000 square foot minimum lot size per dwelling unit (6,000 square feet for one duplex). Based on the size of the subject site, the applicant would be able to place up to 29 duplexes without taking into account any rights-of-way that the applicant might include.

The property north of the subject site is zoned SF-5 Single-Family Residential District and is developed with a single-family dwelling. Property to the east is zoned LI Limited Industrial District, is owned by the Wichita Airport Authority, and is undeveloped other than a small outbuilding. Properties south of the subject site are zoned TF-3 Two-Family Residential and are developed with single-family dwellings. The Property to the west is zoned SF-5 Single-Family Residential District is developed with a single-family dwelling.

CASE HISTORY: On June 22, 2000, the subject site was annexed into the City of Wichita. The subject site is currently unplatted. Platting will be required prior to the issuance of building permits. There are no zoning cases associated with this property.

ADJACENT ZONING AND LAND USE:

NORTH:	SF-5	Single-family dwelling
SOUTH:	TF-3	Single-family dwelling
EAST:	LI	Undeveloped Airport Authority property
WEST:	SF-5	Single-family dwelling

PUBLIC SERVICES: The subject site currently has access to an unplatted and unimproved right-of-way that currently serves as a drive to the subject site and the property to the west. This right-of-way will be required to be dedicated and improved during the platting process. This right-of-way empties onto North Webb Road, which is a four-lane arterial street with no sidewalks on either side. Municipal services such as sanitary sewer and stormwater services will need to be extended prior to development on-site. Water mains already serve the site. Wichita Transit serves the area by request at the intersection of North Webb Road and East 39th Street North.

CONFORMANCE TO PLANS/POLICIES: The requested zone change is in partial conformance with the *Community Investments Plan*. The *Community Investments Plan* (the Wichita-Sedgwick County Comprehensive Plan), which includes the 2035 Future Growth Concept Map, recommends the subject site as appropriate for "New Employment" uses. The *Plan* defines "New Employment" as "areas that likely will be developed or redeveloped by 2035 with uses that constitute centers or concentrations of employment primarily in manufacturing, warehousing, distribution, construction, research, technology, business services, or corporate offices. Major shopping centers and office parks likely will be developed within this area as well, based upon market driven location factors. In certain areas, especially those in proximity to existing residential uses, higher density housing and convenience retail centers likely will be developed." Duplex development is an appropriate use for this area.

RECOMMENDATION: Based upon information available prior to the public hearings, planning staff recommends that the request be **APPROVED**.

This recommendation is based on the following findings:

1. **The zoning, uses and character of the neighborhood:** The character of the neighborhood is residential and rural. The property to the north of the subject site is a single-family dwelling and an undeveloped lot that is zoned SF-5 Single-Family Residential District. Property to the south is zoned TF-3 Two-Family

Residential District, and is developed with single-family dwellings. The property east of the subject site is the zoned LI Limited Industrial and is owned by the Wichita Airport Authority. The property to the west is zoned SF-5 Single-Family Residential District and is developed with a single-family dwelling.

2. **The suitability of the subject property for the uses to which it has been restricted:** The property is presently zoned SF-5 Single-Family Residential District, which is suitable for a limited number of residential, public, and civic uses, including single-family residences.
3. **Extent to which removal of the restrictions will detrimentally affect nearby property:** Staff does not anticipate the removal of restrictions to have detrimental impacts on nearby property. There are duplexes developed on properties zoned TF-3 approximately 1,700 feet northwest from the subject site. Therefore, duplexes are not a new type of development to the area.
4. **Length of time subject property has remained vacant as zoned:** The property is not vacant. A single-family dwelling is currently on the property.
5. **Relative gain to public health, safety, and welfare as compared to the loss in value or the hardship imposed upon the applicant:** Approval would permit new development in an area on an under-developed parcel that is also appropriate for such development. Denial may represent a loss of economic opportunity for the applicant.
6. **Conformance of the requested change to the adopted or recognized Comprehensive Plan and policies:** The requested zoning would continue to allow the property to be in conformance with the *Community Investments Plan*, as discussed in the staff report.
7. **Impact of the proposed development on community facilities:** The Planning Department does not anticipate the requested zone change will have a significant impact on community facilities.
8. **Opposition or support of neighborhood residents:** At the time the staff report was prepared, staff has received no comments in regards to the requested zone change.
