STAFF REPORT

CASE NUMBER: **VAC2024-00007** - City vacation of a portion of platted building setback.

APPLICANT/AGENT: Lynn Porter (applicant)/ Above and Beyond Roofing and Construction, LLC (agent)

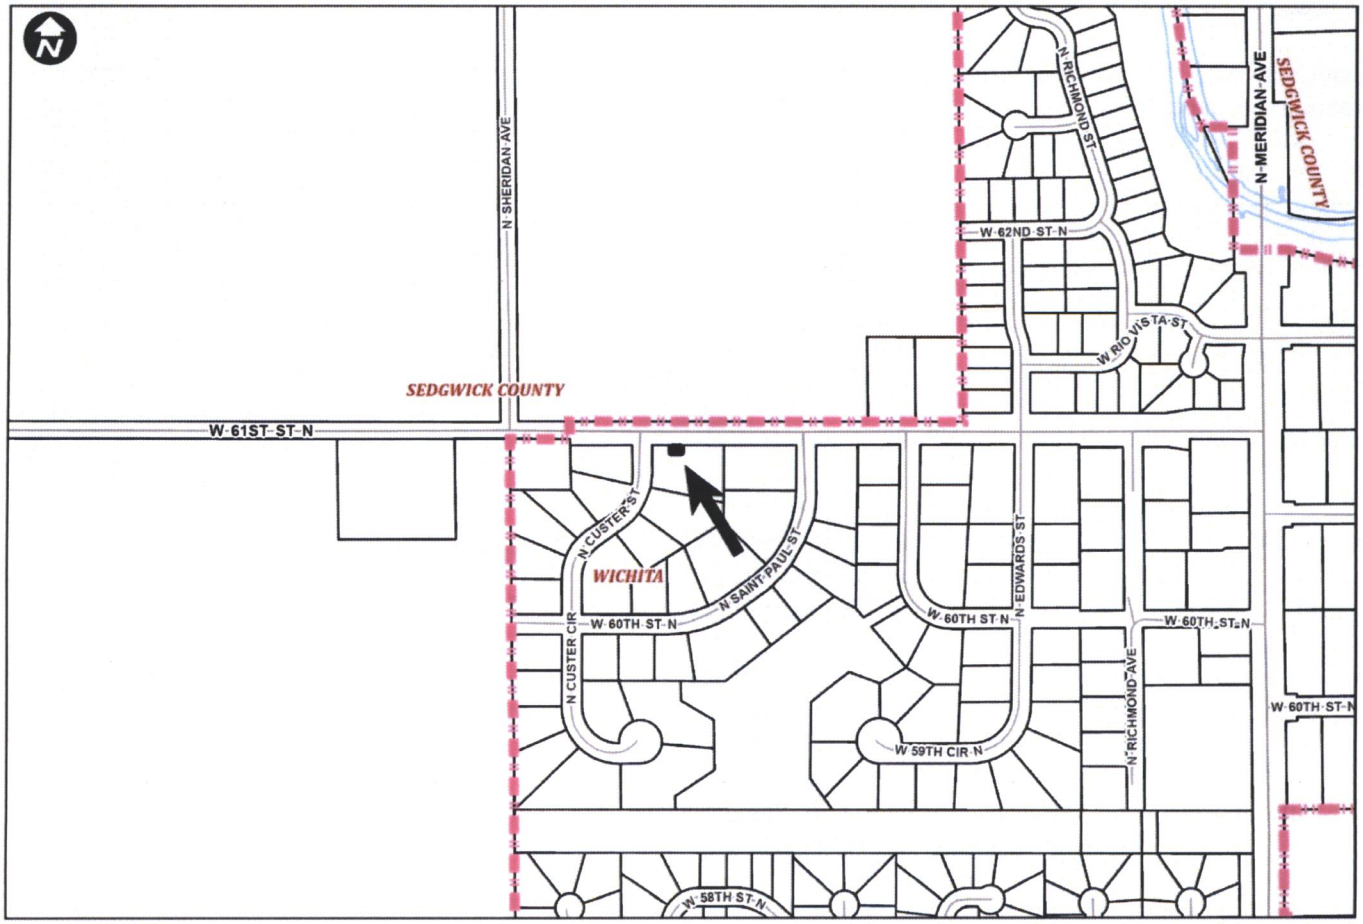

LEGAL DESCRIPTION: Vacating the south 15 feet of the north 25 feet of the east 30 feet of the west 100 feet of the platted 25-foot building setback, Lot 5, Block 2, Fox Meadows Addition, Wichita, Sedgwick County, Kansas.

LOCATION: Generally located within one-quarter mile west of North Meridian Avenue and on the south side of West 61st Street North (6162 North Custer St.). (WCC VI)

REASON FOR REQUEST: To permit construction of a detached garage.

CURRENT ZONING: The site and properties on the east, south, and west sides are zoned SF-5 Single-Family Residential District and are developed with single-family dwellings. Property to the north, across West 61st Street North is in unincorporated Sedgwick County, zoned SF-20 Single-Family Residential District, and is an agricultural field.

VICINITY MAP:

The applicant is requesting the vacation of the south 15 feet of the 25-foot platted setback on the north side of Lot 5, Block 2, Fox Meadows Addition, Wichita, Sedgwick County, Kansas. The site is generally located within one-quarter mile west of North Meridian Avenue and on the south side of West 61st Street North. The property is zoned SF-5 Single-Family Residential District (SF-5) and currently with a single-family dwelling. The purpose of this request is to reduce the setback from 25 feet to 10 feet to allow construction of a new, detached garage. The site has access off of North Custer Street with a paved driveway that serves the attached garage to the single-family dwelling. The Fox Meadows Addition Plat has complete access control along West 61st Street between North Custer Street and North St. Paul Street except for one opening. Lot 8 (on the southwest corner of West 61st and St. Paul Streets) has an opening onto West 61st Street. Therefore, no additional openings are permitted.

The applicant's property is made up of Lots 5 and 6, Block 2. Combined as a zoning lot, the front zoning setback would be determined along the narrow portion of the lot, which is the west property line of Lot 5, along North Custer Street. Therefore, had the 25-foot platted setback along West 61st Street North not been established, the zoning setback would be considered a street side setback at 15 feet. The request to reduce the setback to 10 feet exceeds the street side zoning setback standard by 5 feet. However, the area of the building that would encroach does not exceed 300 square feet. Therefore, a zoning setback at this location could be adjusted by up to 50 percent permit the construction of the detached garage.

There are no public utilities in the vacation area. Public Works and Utilities; Wichita Fire; and Traffic Engineering have no objection to the vacation. Neither Evergy nor Cox have any objection. Evergy commented that the applicant will need to maintain proper clearance of their nearby poles and lines when constructing the proposed garage. Brandon Chadd, Area Design Representative for Evergy can be contacted for this item at 785-508-2700. The Fox Meadows Addition was recorded with the Register of Deeds May 5, 1988.

Based upon information available prior to the public hearing and reserving the right to make recommendations based on subsequent comments from Public Works, Stormwater, Water and Sewer, Traffic, Fire, franchised utility representatives and other interested parties, planning staff has listed the following considerations (but not limited to) associated with the request to vacate the described portion of platted building setback.

A. That after being duly and fully informed as to fully understand the true nature of this petition and the propriety of granting the same, the MAPC makes the following findings:

   1. That due and legal notice has been given by publication as required by law, in the Wichita Eagle, of notice of this vacation proceeding one time February 22, 2024, which was at least 20 days prior to this public hearing.

   2. That no private rights will be injured or endangered by vacating the described portion of the platted building setback and that the public will suffer no loss or inconvenience thereby.

   3. In justice to the petitioner, the prayer of the petition ought to be granted.

Conditions (but not limited to) associated with the request:

(1) Vacate the described portion of the platted setback. Provide planning staff with legal descriptions of the approved vacated portion of the platted setback on a Word document, via e-mail, to be used on the Vacation Order. This must be provided to Planning prior to the case going to Council for final action.

(2) Any relocation or reconstruction of utilities made necessary by this vacation shall be the responsibility and at the expense of the applicant. Provide Planning with any needed easements dedicated by separate instrument with original signatures. These conditions must be completed prior to the case going to Council for final action.

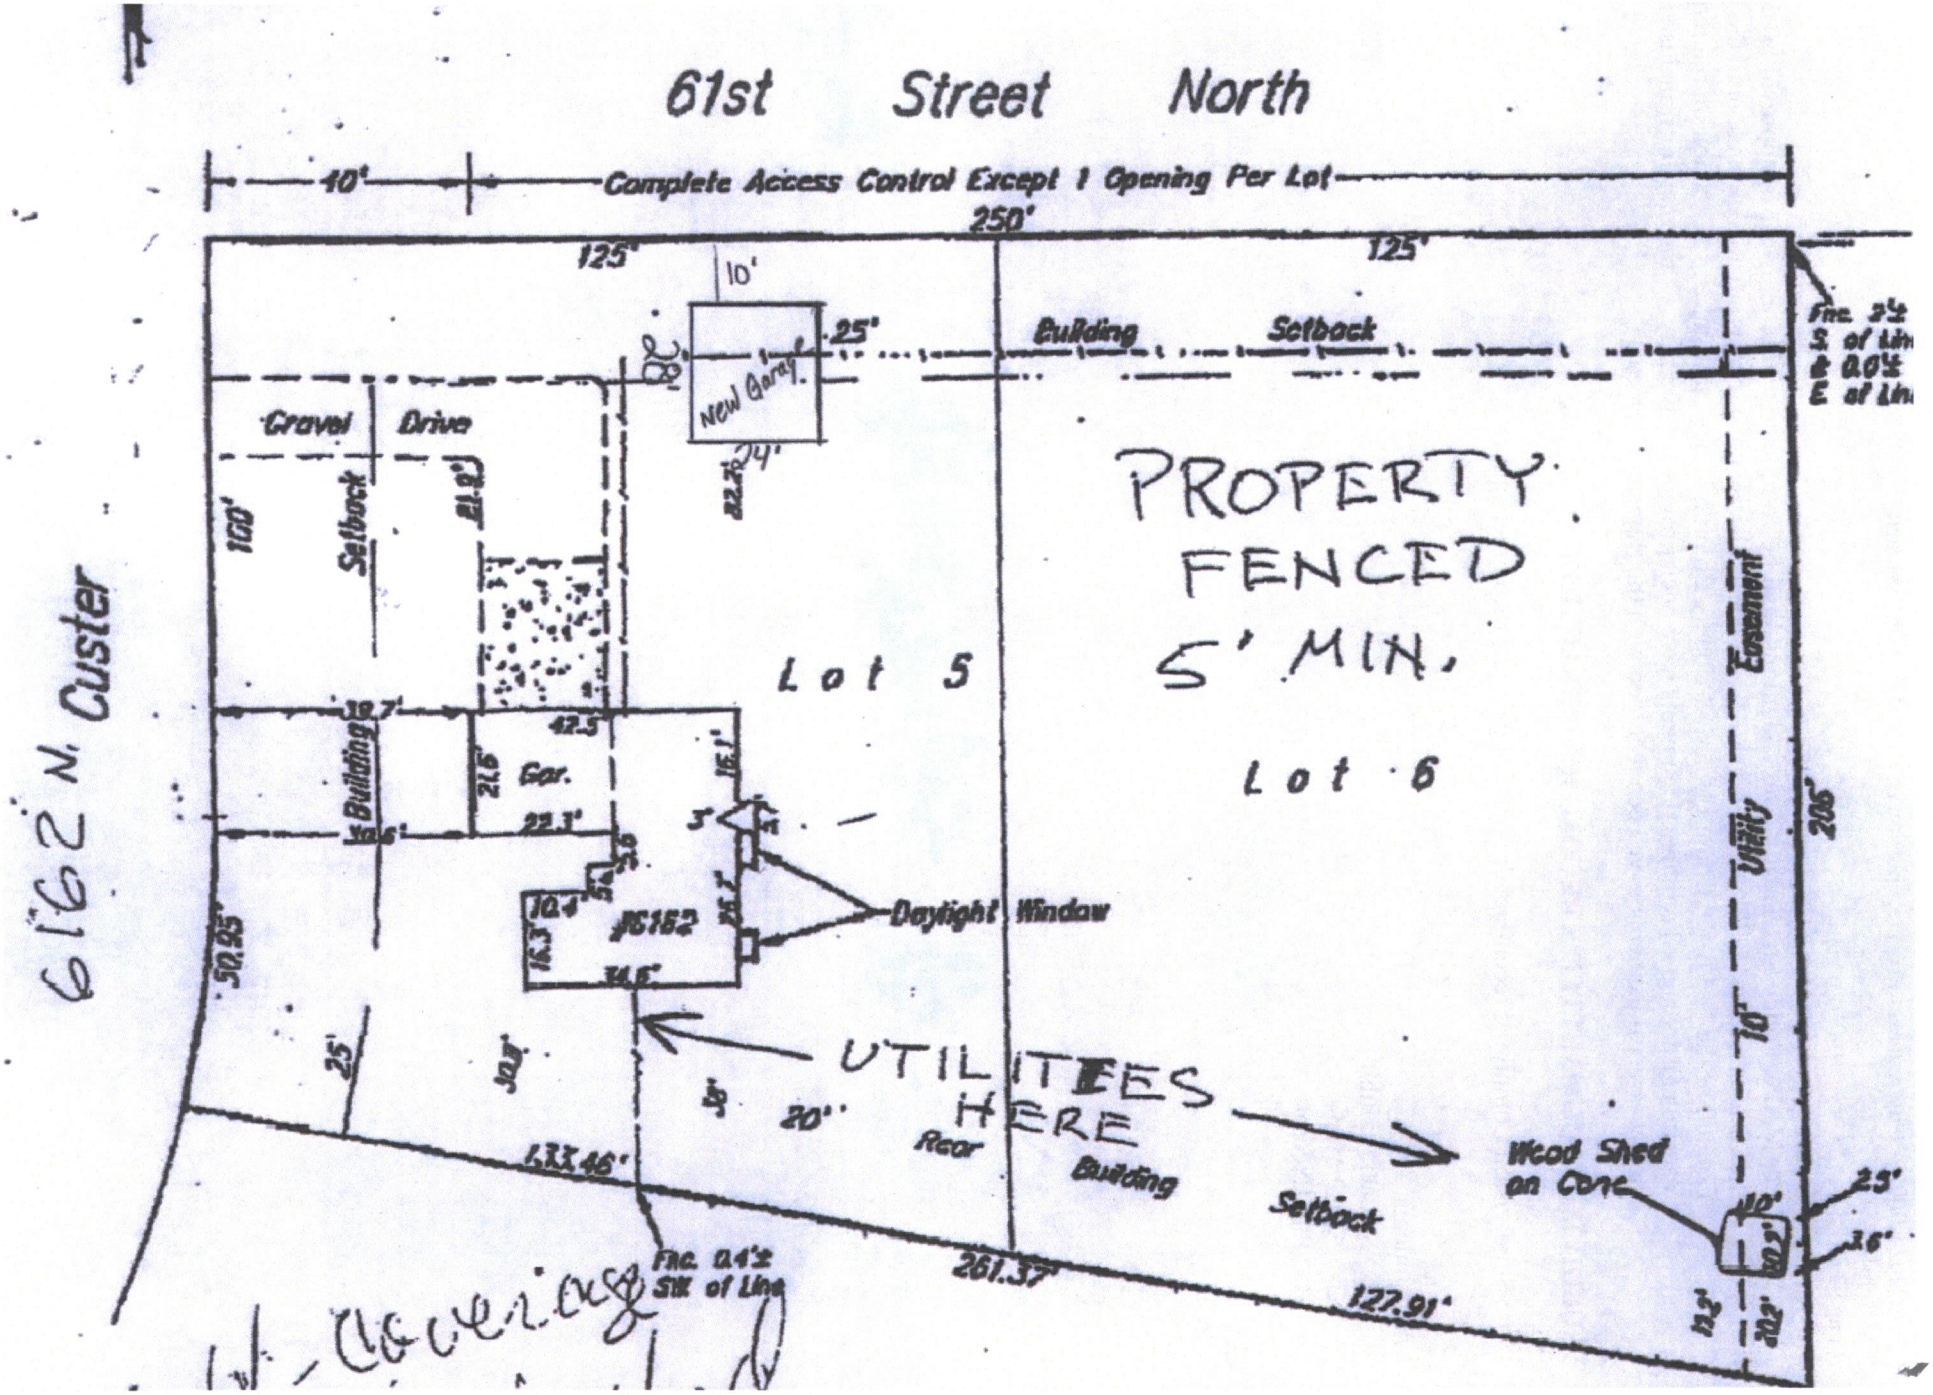

(3) All improvements shall be according to City Standards and at the applicant's expense.

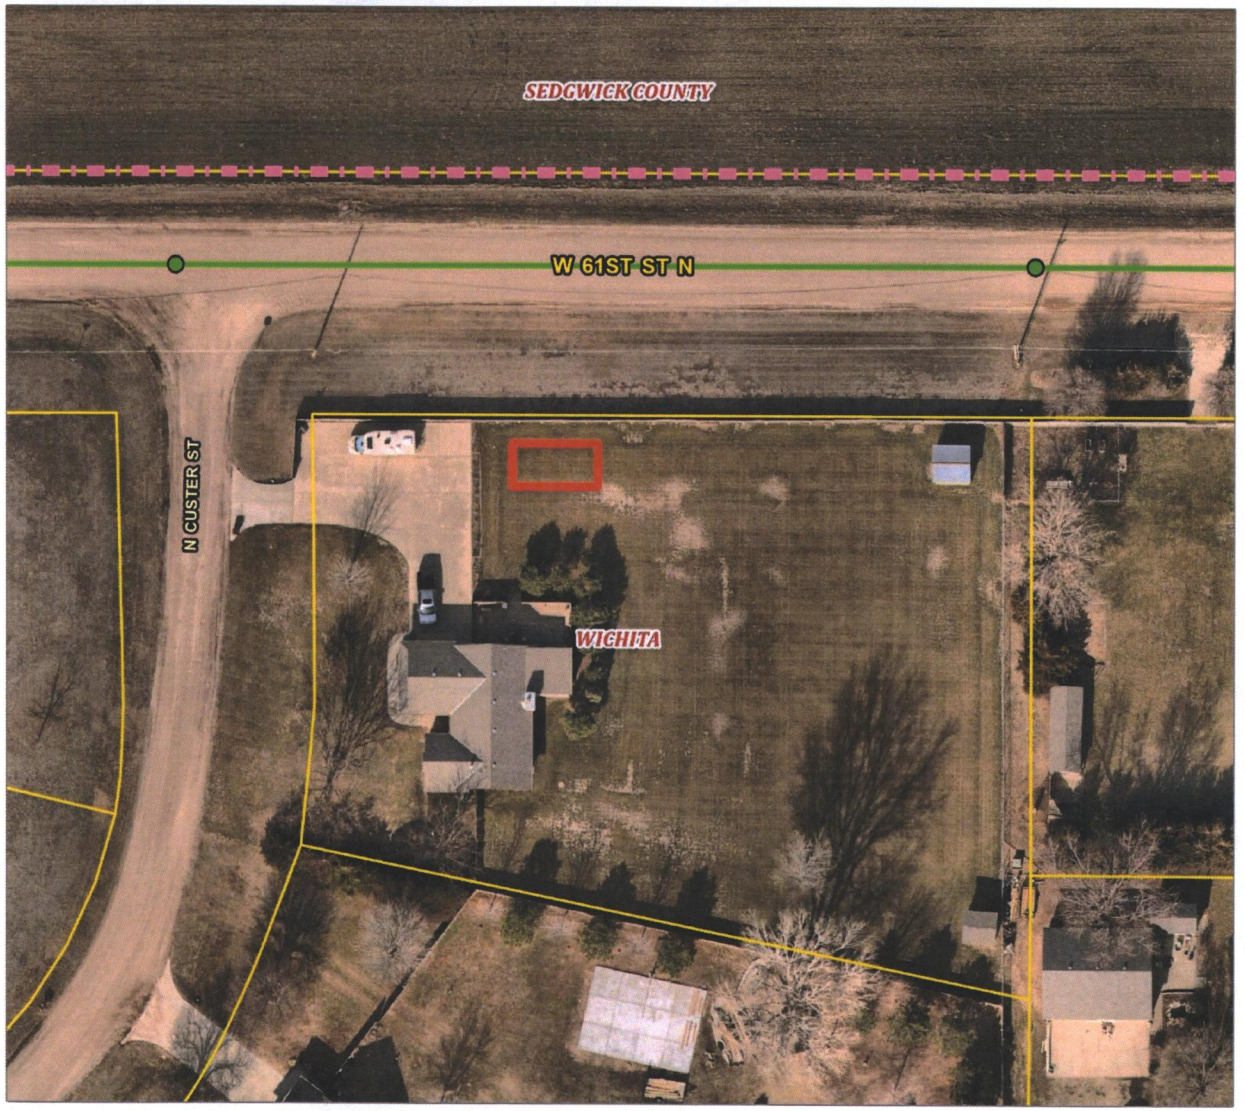

(4) Per MAPC Policy Statement #7, all conditions shall be completed within one year of approval by the MAPC or the vacation request will be considered null and void. All vacation requests are not complete until the Wichita City Council or the Sedgwick County Board of County Commissioners have taken final action on the request and the Vacation Order and all required documents have been provided to the City, County and/or franchised utilities and the necessary documents have been recorded with the Register of Deeds.
