STAFF REPORT

CASE NUMBER: VAC2023-00036 - Request to vacate a portion of a platted drainage and utility easement, a portion of a platted utility easement, and portions of platted building setbacks.

OWNER/APPLICANT: Broadmoor One, LLC (Applicant)/ Baughman Company P.A. (Agent)

LEGAL DESCRIPTION: See attached descriptions.

LOCATION: Generally located on the north side of West 40th street North, within one-quarter mile west of North Seneca Street. (District VI)

REASON FOR REQUEST: To release property for development based on unused easements, a change in drainage pattern, and a change in lot configurations.

CURRENT ZONING: The subject site is zoned GC General Commercial District with CUP DP-353 and is undeveloped. Property to the east is zoned GC General Commercial District with CUP DP-86 and is developed with a school bus storage yard and a ballfield. Property to the north is zoned SF-5 Single-Family Residential District and developed with a driver training track. Property to the south, across West 40th Street North is the I-235/K-96 Highway right-of-way.

VICINITY MAP:

The applicant is requesting to vacate the following within Lots 1, 2 and Reserve B, Block B, Harbor Isle Commercial 2nd Addition:

1. a 20-foot platted drainage and utility easement located on the east side of Lots 1 and 2 and Reserve B (Exhibit 1);
2. a 20-foot by 46.25-foot section of a platted utility easement in the northeast corner of Lot 1 (Exhibit 2);
3. the platted 35-foot building setback along the east and a portion north property line of Lot 1 (Exhibit 3);
4. the platted 35-foot building setback along the east property line of Lot 2 (Exhibit 4); and
5. the platted 5-foot building setback along a portion of the south property line of Lot 2 (Exhibit 5).

The purpose of the vacation requests is to release the property for development based on unused easements, a change in drainage pattern, and a change in lot configuration. The exhibits illustrate that Lot 1 and the north one-half of Reserve B are identified as Parcel A and Lot 2 and the south one-half of Reserve B are identified as Parcel B. If all vacation requests are approved, it would permit a structure be constructed up to the property lines in these locations. Rear and side (interior and street side) setbacks in the GC General Commercial District are permitted to be zero. The subject site is part of Community Unit Plan DP-353. Section III-C.2.b only requires a 35-foot setback when abutting a residential zoning district and/or abutting a street right-of-way. The setback along West 40th Street North was approved at five feet when the CUP was established, the property abutting to the east is zoned and developed commercially, and although the property to the north is zoned residential it is not developed as such. A reduction of the setback to permit development up to the property line is not likely to have detrimental impacts on surrounding properties.

There are no public utilities in the vacation areas. Public Works and Utilities is requiring the applicant to provide a utility plan for this plat. There is a concern for how sanitary sewer can be extended to serve property east of Lots 1 and 2 (Lot 1, Dukes Diamonds Addition). The subject site has a 20-foot utility easement on the west property line that can accommodate utility extension to serve the subject site. Lot 1, Dukes Diamonds Addition to the east does not have any easement on the west property line (abutting the subject site) to accommodate any utility exertions should the property be redeveloped in the future.

Evergy has no objection to this vacation request, and they do not have equipment and lines in or near the setback or drainage & utility easement they are requesting to vacate for development. Conditions 1-3 covers Evergy. Any relocation or removal of existing Evergy equipment will be at the applicant's expense. Brandon Chadd, Area Design Representative for this area will be the contact for this item and can be contacted at (785) 508-2700 for this vacation request and any project related to it.

Cox has no objection to this vacation. They have fiber optic in the north right-of-way of East 40th Street providing services to a Verizon cell tower. Any relocation of this line will be difficult and expensive. Any relocation will be at the applicant's expense.

The Harbor Isle Commercial 2nd Addition was recorded on December 14, 2021

Based upon information available prior to the public hearing and reserving the right to make recommendations based on subsequent comments from City Traffic, Public Works/Water & Sewer/Stormwater, Fire, franchised utility representatives and other interested parties, Planning Staff has listed the following considerations (but not limited to) associated with the request to vacate the described platted drainage and utility easement, the described platted utility easement, and the described portions of building setbacks.

- A. That after being duly and fully informed as to fully understand the true nature of this petition and the propriety of granting the same, the MAPC makes the following findings:
 1. That due and legal notice has been given by publication as required by law, in the Wichita Eagle, of notice of this vacation proceeding one time September 7, 2023, which was at least 20 days prior to this public hearing.

2. That no private rights will be injured or endangered by vacating the described portions of the platted 20-foot drainage and utility easement, the 20-foot by 46.25-foot section of a platted utility easement, the platted 35-foot building setback on the east line of Lot 1, the platted 35-foot building setback along the east line of Lot 2, and the platted 5-foot building setback along the south line of lot 2; and that the public will suffer no loss or inconvenience thereby.
3. In justice to the petitioner, the prayer of the petition ought to be granted.

Conditions (but not limited to) associated with the request:

- (1) Abandonment or relocation/reconstruction of any/all utilities made necessary by the vacation of the described portion of a utility easement shall be to City Standards and shall be the responsibility and at the expense of the applicant.
