STAFF REPORT
MAPC: November 9, 2023
DAB IV: November 6, 2023

AGENDA ITEM NO. 4.6

CASE NUMBER: ZON2023-00058 (City)

APPLICANT/AGENT: West Side Restaurant LLC (Applicant)/Mickey Roux and Tayssir Issa (Agents)

REQUEST: GC General Commercial District

CURRENT ZONING: SF-5 Single-Family Residential District

SITE SIZE: 0.54 acres

LOCATION: Generally located on the east side of South Ridge Road, within 150 feet south of West Taft Avenue (526 South Ridge Road).

PROPOSED USE: Future restaurant.

RECOMMENDATION: Approve.

BACKGROUND: The applicant is requesting a zone change from SF-5 Single-Family Residential District to GC General Commercial District. The 0.54-acre property is located on the east side of South Ridge Road, within 150 feet south of West Taft Avenue (526 South Ridge Road). The subject site is currently developed with a single-family residence. The applicant is requesting the zone change in order to develop a restaurant on site as well as the adjacent site of 544 South Ridge Road.

The requested zone change would permit more uses on site than its current zoning. Additionally, it would allow substantial changes to the minimum lot area, minimum lot width, and setback requirements, as demonstrated in the table below. However, the adjacent properties are zoned commercially, and the requested zone change will allow the site to be similar to its surroundings.

Development Standard	SF-5 Single-Family Residential District	GC General Commercial District
Minimum lot area	5,000 square feet	2,500 square feet for Single-Family; 2,000 square feet per Dwelling Unit for Duplex; 580 square feet per Dwelling Unit for Multi-Family (maximum 75.1 Dwelling Units per acre); no minimum for nonresidential uses
Minimum lot width	50 feet	No minimum
Front setback	25 feet	20 feet
Rear setback	20 feet	No minimum
Interior side setback	Six feet	Zero feet or 5 feet
Street side setback	15 feet	No minimum
Maximum height	55 feet	80 feet

Because the subject site is situated on a local street and is not adjacent to residential zoning, the property is exempt from the requirements set forth by the Wichita Landscape Ordinance. Additionally, the subject site does not require screening.

The character of the neighborhood is commercial. Properties to the north and west are zoned LC Limited Commercial District and are developed with restaurants. Property to the south is zoned GC General Commercial District and is developed with a vacant office space. Property to the east is zoned GC General Commercial District, is located within CUP DP-151, and is developed with a commercial retail strip mall.

CASE HISTORY: The subject site is unplatted. Platting will be required prior to the issuance of building permits. In 2015, the Wichita City Council approved a zone change request from SF-5 Single-Family Residential District to LC Limited Commercial District with the condition that the subject site would be platted within one year of the final governing body's decision (ZON2015-00045). The subject site was never platted, so the zone change was never enacted.

ADJACENT ZONING AND LAND USE:

NORTH:	LC	Restaurant
SOUTH:	GC	Vacant office space
EAST:	GC (CUP DP-151)	Commercial retail strip mall
WEST:	LC	Restaurant

PUBLIC SERVICES: The subject site currently has access to South Ridge Road, which is a two-lane local street with sidewalks on each side. Municipal services, such as water, sanitary sewer and stormwater services, already exist on site. Wichita Transit serves this area within one-quarter mile north of the subject site, on the northwest corner of West Taft Avenue and South Ridge Road.

CONFORMANCE TO PLANS/POLICIES: The requested zone change is in partial conformance with the *Community Investments Plan*. The *Community Investments Plan* (the Wichita-Sedgwick County Comprehensive

Plan), which includes the 2035 Future Growth Concept Map, recommends the subject site as appropriate for "Residential" uses. The *Plan* defines "Residential" as "areas that reflect the full diversity of residential development densities and types typically found in a large urban municipality." However, the subject site abuts commercially zoned properties which are also considered to be in the Residential area.

The requested zone change is in conformance with the Locational Guidelines of the *Community Investments Plan*, which state that "Major commercial and employment centers should be located at intersections of arterial streets and along highways and commercial corridors." The subject site is situated near an arterial street and is proposing a commercial development.

RECOMMENDATION: Based upon information available prior to the public hearings, planning staff recommends that the request be **APPROVED**.

This recommendation is based on the following findings:

1. **The zoning, uses and character of the neighborhood:** The character of the neighborhood is commercial. Properties to the north and west are zoned LC Limited Commercial District and are developed with restaurants. Property to the south is zoned GC General Commercial District and is developed with a vacant office space. Property to the east is zoned GC General Commercial District, is located within CUP DP-151, and is developed with a commercial retail strip mall.
2. **The suitability of the subject property for the uses to which it has been restricted:** The property is presently zoned SF-5 Single-Family Residential District, which is suitable for a limited number of residential, public, and civic uses.
3. **Extent to which removal of the restrictions will detrimentally affect nearby property:** Staff does not anticipate the removal of restrictions to have a significant detrimental impact on nearby property. The surrounding properties are zoned commercially and are not near any residential properties. The subject site is also situated near an arterial street, where commercial development is appropriate.
4. **Length of time subject property has remained vacant as zoned:** The property has been developed with a single-family residence since 1956.
5. **Relative gain to public health, safety, and welfare as compared to the loss in value or the hardship imposed upon the applicant:** Approval would permit new development in an area that is appropriate for such development. Denial may represent a loss of economic opportunity for the applicant.
6. **Conformance of the requested change to the adopted or recognized Comprehensive Plan and policies:** The requested zoning would allow the property to be in partial conformance with the *Community Investments Plan*, as discussed in the staff report.
7. **Impact of the proposed development on community facilities:** The Planning Department does not anticipate the requested zone change will have a significant impact on community facilities.
8. **Opposition or support of neighborhood residents:** At the time the staff report was prepared, staff did not receive any public comment on the requested zone change.
