AGENDA REPORT NO. 3.2  
April 25, 2024

STAFF REPORT

- CASE NUMBER:** VAC2024-00017- Request in the County to vacate a platted pipeline easement.
- APPLICANT/AGNET:** Cody and Michelle Gorges (applicant)/ K.E. Miller Engineering (agent)
- LEGAL DESCRIPTION:** Generally described as vacating a 60-foot by 405-foot portion of a platted pipeline on Lot 1, Block A, Timber Hill Addition, Sedgwick County, Kansas. (See attached legal description).
- LOCATION:** Generally located 950 feet east of North 247<sup>th</sup> Street West, and within one-half mile south of West 53<sup>rd</sup> Street North (5130 N. 247<sup>th</sup> Street West).
- REASON FOR REQUEST:** To permit building construction.
- CURRENT ZONING:** The subject site and all surrounding properties are zoned RR Rural Residential District and are developed with large lot residential and/or agricultural fields.

The applicant is requesting to vacate a 60-foot by 405-foot portion of a platted pipeline easement on property zoned RR Rural Residential District (RR), located 950 feet east of North 247<sup>th</sup> Street West and within one-half mile south of West 53<sup>rd</sup> Street North. The purpose of the request is to permit the applicant to construct a building. The property is developed with a single-family dwelling and a lagoon. The "Seminole Transportation & Gathering Inc. Easement" is recorded on Misc. Book 371, Page 494, but it was reflected on the Timber Hill plat. The purpose of the vacation is to vacate it from the face of the plat, but the original easement by separate instrument will remain. The applicant has been working with the owner of the pipeline. They want to keep the easement for any possible future use. However, they are willing to give the applicant an encroachment agreement. The vacation is to allow the applicant to pull a building permit since they are not able to submit plans showing encroachment into a platted easement.

The subject pipeline has been abandoned and the easement. However, as stated above, the owner of the pipeline wishes to retain the easement by separate instrument for any possible future use. Sedgwick County Public Works and Sedgwick County Fire have no objection to the vacation request. Neither Every nor Cox have equipment in the vacation area. The area is outside Every territory. Vehicular traffic, pedestrian traffic, public safety, and utilities should not be impacted by this vacation request if approved with the listed conditions.

Based upon information available prior to the public hearing and reserving the right to make recommendations based on subsequent comments from County Traffic, Public Works/Water & Sewer/Stormwater, Fire, franchised utility representatives and other interested parties, Planning Staff has listed the following considerations (but not limited to) associated with the request to vacate the described portion of the pipeline easement dedicated by separate instrument.

- A. That after being duly and fully informed as to fully understand the true nature of this petition and the propriety of granting the same, the MAPC makes the following findings:
1. That due and legal notice has been given by publication as required by law, in the Wichita Eagle, of notice of this vacation proceeding one time April 4, 2024, which was at least 20 days prior to this public hearing.
  2. That no private rights will be injured or endangered by vacating the described portion of the platted pipeline easement and that the public will suffer no loss or inconvenience thereby.
  3. In justice to the petitioner, the prayer of the petition ought to be granted.

Conditions (but not limited to) associated with the request:

- (1) Per the approval of County Public Works, vacate the described portion of the platted pipeline easement. Provide planning staff with legal descriptions of the approved pipeline easement on a Word document via e-mail to be used on the Vacation Order. The legal descriptions must be provided to planning staff prior to the case going to the Sedgwick County Board of County Commissioners for final action.
- (2) Any relocation or reconstruction of utilities made necessary by this vacation shall be to County Standards and the responsibility of the owner and at the expense of the owner, including the relocation of any power poles, equipment, or public utilities and drainage. Provide approval from those utilizes of any relocation of those impacted utilities prior to the case going to the Sedgwick County Board of County Commissioners for final action.
- (3) All improvements shall be according to County Standards and at the applicant's expense.
- (4) Per MAPC Policy Statement #7, all conditions shall be completed within one year of approval by the

MAPC, or the vacation request will be considered null and void. All vacation requests are not complete until the Wichita City Council, or the Sedgwick County Board of County Commissioners have taken final action on the request and the Vacation Order, and all required documents have been provided to the City, County, and/or franchised utilities and the necessary documents have been recorded with the Register of Deeds.
