BZA RESOLUTION NO. BZA2024-00042

WHEREAS, JBJ, LLC (owner); pursuant to Kansas Statutes Annotated 12-759, request a Variance to allow a reduced lot size for a duplex development on property located at 1215 North Jackson; legally described as follows:

The North Half of Lot 1116 and All of Lot 1118, on Jackson Avenue, in Lewellen's 3rd Addition to Wichita, Sedgwick County, Kansas

WHEREAS, proper notice as required by ordinance and by the rules of the Board of Zoning Appeals has been given; and

WHEREAS, the Board of Zoning Appeals did, at the meeting of July 25, 2024, consider said application; and

WHEREAS, the Board of Zoning Appeals has proper jurisdiction to consider said request for a variance under the provisions of Kansas Statutes Annotated 12-759 *et. seq.*; and

WHEREAS, the conditions of the request are unique to the subject property; and

WHEREAS, waiving the requirements will not adversely affect the rights of adjacent property owners; and

WHEREAS, the strict application of the applicable Code will constitute an unnecessary hardship upon the property owner; and

WHEREAS, it is the opinion of the Board of Zoning Appeals that the requested variance would not adversely affect the public interest, health, safety or welfare; and

WHEREAS, it is the opinion of the Board of Zoning Appeals that the spirit and intent of the Zoning Code is being met in this case; and

WHEREAS, each of the five conditions required by Kansas Statutes Annotated 12-759, are found to be present for a Variance to be granted.

NOW, THEREFORE, BE IT RESOLVED by the Board of Zoning Appeals, pursuant to Kansas Statutes Annotated 12-759, a Variance allow a reduced lot size for a duplex development on property located at 1215 North Jackson; legally described as follows:

The North Half of Lot 1116 and All of Lot 1118, on Jackson Avenue, in Lewellen's 3rd Addition to Wichita, Sedgwick County, Kansas

The variance is hereby **GRANTED**, subject to the following conditions:

1. The site is to be developed in general conformance to the site plan.

SECRETARY'S REPORT

CASE NUMBER: BZA2024-00042 (City)
APPLICANT: JBJ, LLC (Applicant) / K. E. Miller Engineering, P.A. (Agent)
REQUEST: Variance to allow reduced lot size for duplex
CURRENT ZONING: TF-3 Two-Family Residential District
SITE SIZE: 0.12 acres
LOCATION: Generally located 70 feet north of West 11th Street North and 135 feet west of North Waco Avenue (1215 North Jackson Avenue).

JURISDICTION: The Board has jurisdiction to consider the variance request under the provisions outlined in Kansas Statutes Annotated 12-759 *et. seq.* The Board may grant the request when all five conditions, as required by the statutes, are found to exist.

BACKGROUND: The applicant requests a Variance to allow a duplex on a lot that does not meet the requirements for lot size according to the Unified Zoning Code (UZC) on a property zoned TF-3 Two-Family Residential District (TF-3). The 0.12-acre property is generally located 70 feet north of West 11th Street North and 135 feet west of North Waco Avenue (1215 North Jackson Avenue).

The applicant is requesting the Variance in order to build a duplex on site. Duplexes are a permitted use in the TF-3 District. However, the UZC requires a lot to have a minimum of 3,000 square feet per dwelling unit, which would be equal to 6,000 square feet for a duplex. The subject site contains approximately 5,165 square feet. All other zoning standards such as setbacks, lot width, and height requirements would still be required to be met.

SURROUNDING DEVELOPMENT: Properties to the north, east and south, and west are zoned TF-3. Properties to the North, east, and west are all developed with single-family dwellings. The property to the south is developed with a duplex. Several other duplexes are within the immediate vicinity.

ADJACENT ZONING AND LAND USE:

NORTH:	TF-3	Single-Family dwelling
SOUTH:	TF-3	Duplex
EAST:	TF-3	Single-Family dwelling
WEST:	TF-3	Single-Family dwelling

CASE HISTORY: In 1886, the subject site was platted as part of the Lewellen’s 3rd Addition. There are no other zoning cases associated with this site. The property is within the Midtown Neighborhood Plan area.

THE FIVE CRITERIA FOR GRANTING A VARIANCE:

- 1. The request is unique to this property and was not created by the applicant.
 - a. The applicant states that “This is an older neighborhood where the entire neighborhood is zoned TF-3. This is an old plat where lots were 25’ in width. Lot lines have been shifted and lots combined to create the current configurations. This lot is less than the required minimum square footage for duplex. This was done many years ago prior to the current ownership.”

Staff Analysis:
Staff is in agreement with the above statement. The subject site is zoned TF-3 which would permit a duplex by-right and likely has been zoned this way since the adoption of the original zoning for the City of Wichita. The smaller square-footage of the site is due to the site occupying one and one-half platted lots when the standard practice in the area is developing a site with two platted lots.

- 2. The granting of the Variance will not adversely affect the rights of the adjacent property owners or residents.
 - a. The applicant states that “The property owner to the south has the same size lot with a duplex on it. The neighborhood has multiple lots that do not meet the minimum lot size.”

Staff Analysis:
Staff is in agreement with the above statement. The proposed duplex development is shown to meet the standard setbacks within the TF-3 District. The proposed duplex development is akin the existing duplex to the south.

- 3. The strict application of the provisions of the code would constitute an unnecessary hardship on the applicant.
 - a. The applicant states that “The best use for the owner of this property is a duplex. Without the variance, the owner will not be able to proceed.”

Staff Analysis:

Staff is in agreement with the above statement. Permitting a duplex to be developed on this site is in context with the existing duplex to the south.

4. The Variance will not adversely affect the public health, safety, morals, order, convenience, prosperity, general welfare, or harmonious development of the community.
 - a. The applicant states that “The proposed use of the lot is common in the neighborhood. Many structures exist that do not have lots that meet the minimum lot size requirement. This variance will not adversely affect the neighborhood.”

Staff Analysis:

Staff is in agreement with the above statement. The property to the south of the subject site is approximately the same size and is developed with a duplex. There are several single-family dwellings in the neighborhood that are on lots that do not meet the lot size requirements for single-family dwellings.

5. The granting of the Variance will not be opposed to the general spirit and intent of the Code.
 - a. The applicant states that “The intent of the blanket zoning for the entire neighborhood was probably to create diversity and encourage redevelopment of lots with older, dilapidated structures. This falls into that category. The lot is vacant so this is not to correct a mistake making the property non-complying.”

Staff Analysis:

Staff is in agreement with the above statement. The Variance will grant the applicant the opportunity to develop a vacant lot. Staff believes that the requested variance is in line with the City’s plan for this neighborhood.

LEGAL CONSIDERATIONS: The Board of Zoning Appeals has the following options for actions.

1. Approval – The Board of Zoning Appeals can find that all five conditions necessary to the granting of a Variance exists and can approve the requested Variance. Any vote by the BZA to approve a Variance requires eight (8) votes per the BZA bylaws.
2. Denial – The Board of Zoning Appeals can find that the requested Variance does not meet the five criteria required to grant a Variance. Any vote by the BZA to deny a Variance requires a single majority of members present and voting.

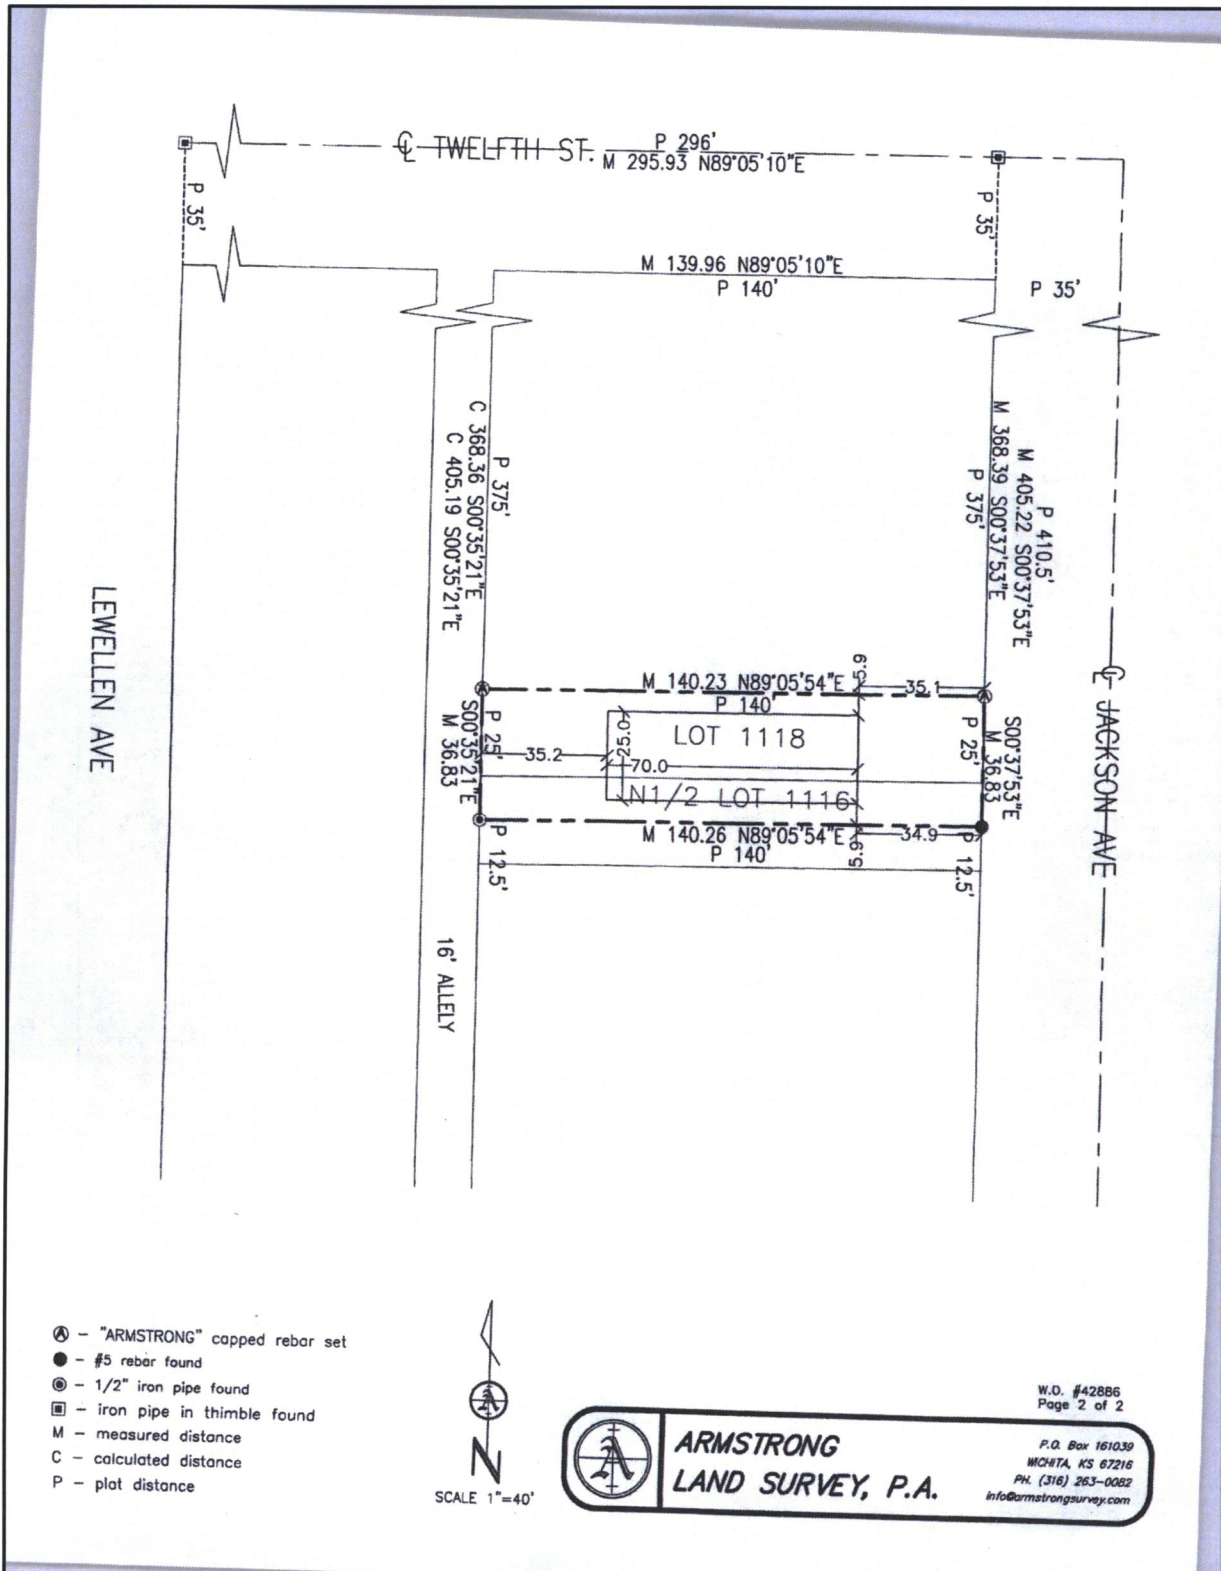

RECOMMENDATION: The recommendation of Staff is that the request to reduce the minimum lot size for duplex construction **meets** the five criteria required to grant a Variance. Staff recommends the following condition of approval:

1. The site is to be developed in general conformance to the site plan.
