BZA RESOLUTION NO. BZA2024-00009

WHEREAS, Thomas Boshier (owner); pursuant to Kansas Statutes Annotated 12-759, request a Variance to reduce a platted front setback from 25 feet to 12 feet to allow the reconstruction of a dwelling unit and front porch on property located at 812 West 3rd Street South; legally described as follows:

A tract beginning 1,139.9 feet East of the Southwest corner of the South Half of the Southwest Quarter of Section 5, Township 28 South, Range 1 East of the 6th P.M., Sedgwick County, Kansas; thence North 330 feet; thence East 66 feet; thence South 330 feet; thence West 66 feet to the point of beginning, subject to public road across the South 50 feet thereof.

WHEREAS, proper notice as required by ordinance and by the rules of the Board of Zoning Appeals has been given; and

WHEREAS, the Board of Zoning Appeals did, at the meeting of April 11, 2024, consider said application; and

WHEREAS, the Board of Zoning Appeals has proper jurisdiction to consider said request for a variance under the provisions of Kansas Statutes Annotated 12-759 *et. seq.*; and

WHEREAS, the conditions of the request are unique to the subject property; and

WHEREAS, waiving the requirements will not adversely affect the rights of adjacent property owners; and

WHEREAS, the strict application of the applicable Code will constitute an unnecessary hardship upon the property owner; and

WHEREAS, it is the opinion of the Board of Zoning Appeals that the requested variance would not adversely affect the public interest, health, safety or welfare; and

WHEREAS, it is the opinion of the Board of Zoning Appeals that the spirit and intent of the Zoning Code is being met in this case; and

WHEREAS, each of the five conditions required by Kansas Statutes Annotated 12-759, are found to be present for a Variance to be granted.

NOW, THEREFORE, BE IT RESOLVED by the Board of Zoning Appeals, pursuant to Kansas Statutes Annotated 12-759, a Variance to reduce a platted front setback from 25 feet to 12 feet to allow the reconstruction of a dwelling unit and front porch on property located at 812 West 3rd Street South; legally described as follows:

A tract beginning 1,139.9 feet East of the Southwest corner of the South Half of the Southwest Quarter of Section 5, Township 28 South, Range 1 East of the 6th P.M., Sedgwick County, Kansas; thence North 330 feet; thence East 66 feet; thence South 330 feet; thence West 66 feet to the point of beginning, subject to public road across the South 50 feet thereof.

The variance is hereby **GRANTED**.

SECRETARY'S REPORT

CASE NUMBER: BZA2024-00009 (City)

APPLICANTS: Thomas Bosher

REQUEST: Reduce the front setback from 25 feet to 12 feet to allow the reconstruction of a dwelling unit and front porch.

CURRENT ZONING: SF-5 Single-Family Residential District

SITE SIZE: 0.42 acres

LOCATION: Generally located on the north side of West 31st Street South and 129 feet west of South Osage Avenue (812 West 31st Street South).

JURISDICTION: The Board has jurisdiction to consider the Variance request under the provisions outlined in Kansas Statutes Annotated 12-759. The Board may grant the request when all five conditions, as required by the statutes, are found to exist.

BACKGROUND: The applicant is requesting a Variance to reduce the front setback from 25 feet to 12 feet to allow the reconstruction of a dwelling unit with a front porch. The applicant is in the process of reconstructing the non-conforming dwelling unit that previously was built in 1953 within the front setback. When the application was received, it was thought that the front porch was the only portion of the reconstruction that would be within the front setback. During analysis of the property, staff realized that the front of the dwelling unit was within the front setback as well. A building permit had been issued for the reconstruction. The building permit has been voided until this variance case could be heard. The applicant is requesting to reconstruct the dwelling unit on the same foundation as the original building. The original building had a small front porch that did not extend to the eastern edge of the residence. The applicant is proposing to enlarge the front porch to match the extent of the eastern edge of the building. The front porch will not extend any farther into the front setback to the south than it did in its initial form.

The property is surrounded on all sides by the SF-5 Single-Family Residential District and single-family dwellings.

CASE HISTORY: The subject site is unplatted. There are no other zoning cases associated with this property.

ADJACENT ZONING AND LAND USE:

NORTH:	SF-5	Single-Family Residence
SOUTH:	SF-5	Single-Family Residence
EAST:	SF-5	Single-Family Residence
WEST:	SF-5	Single-Family Residence

THE FIVE CRITERIA FOR GRANTING A VARIANCE:

1. **Criteria: The request is unique to this property and was not created by the applicant:**

Applicant Narrative: The applicant states that “The condition unique to the property is that everything except for the newly poured porch was existing. The new proposed porch does not extend any farther into the setback than the previous porch. The property was already legally non-conforming.”

Staff Analysis: Staff agrees that the original dwelling unit was built within the front setback in 1953. It is unknown why it was originally built within the front setback.

2. **Criteria: The granting of the Variance will not adversely affect the rights of the adjacent property owners or residents:**

Applicant Narrative: The applicant states that “The application will not adversely affect the rights of property owners because the porch will not extend any farther than the previously existing porch. The proposed porch will be longer than the previous porch and will run parallel to the property line, but it will not extend any farther out.”

Staff Analysis: Staff agrees that because the original building was built within the front setback, allowing reconstruction in the same space, and extending the porch to the eastern end of the building, while not extending farther into the front setback, will not adversely affect the rights of adjacent property owners.

3. Criteria: The strict application of the provisions of the zoning code would constitute an unnecessary hardship on the applicant:

Applicant Narrative: The applicant states that “The foundation has already been established and will be slightly altered to extend the living area of the home.

Staff Analysis: Staff agrees that the foundation is in place and within the front setback; and that requiring the applicant to remove it would constitute an unnecessary hardship on the applicant.

4. Criteria: The Variance will not adversely affect the public health, safety, morals, order, convenience, prosperity, general welfare, or harmonious development of the community:

Applicant Narrative: The applicant states “The property is non-conforming, and the newly constructed porch does not extend any farther forward than the previously existing porch.”

Staff Analysis: Staff agrees with the applicant in that granting the Variance will not have a significant adverse effect on the public health, safety, morals, order, convenience, prosperity, general welfare, or the harmonious development of the community because it is essentially reconstructing what was previously built with a slightly larger front porch.

5. Criteria: The granting of the Variance will not be opposed to the general spirit and intent of the Unified Zoning Code:

Applicant Narrative: The applicant states that “The property is legally non-conforming, and the applicant simply desires to maximize curb appeal and extend the outdoor living area.”

Staff Analysis: It is staff’s opinion that granting the Variance upholds the spirit and intent of the Unified Zoning Code and promotes harmonious development with the surrounding residential properties.

RECOMMENDATION: Should the Board determine that all five conditions necessary to the granting of the Variance to reduce required parking can be found to exist, the recommendation of Staff is that the Variance to reduce the front setback from 25 feet to 12 feet be **GRANTED;**
