AGENDA ITEM NO. 4.3

CASE NUMBER: ZON2023-00076 (City)

APPLICANT/AGENT: 366 Rock LLC (Applicant)/Kim Edgington (Agent)

REQUEST: LC Limited Commercial District

CURRENT ZONING: NR Neighborhood Retail District and B Multi-Family District

SITE SIZE: 0.57 acres

LOCATION: Generally located on the southwest corner of West 13th Street North and North Waco Avenue

PROPOSED USE: Commercial development.

RECOMMENDATION: Deny

BACKGROUND: The applicant is requesting a zone change from NR Neighborhood Retail District (NR) and B Multi-Family District (B) to LC Limited Commercial District (LC) to allow for commercial development. The 0.57-acre property is located on the southwest corner of West 13th Street North and North Waco Avenue. The subject site is currently developed with a youth center and insurance office. The building on site was constructed around 1920.

The requested zone change would permit more uses on site than its current zoning. Additionally, it would allow changes to the minimum lot area, minimum lot width, setback requirements, and height restrictions, as demonstrated in the table below.

Development Standard	NR Neighborhood Retail District	LC Limited Commercial District
Minimum lot area	5,000 square feet for single-family and nonresidential; 3,000 square feet per dwelling unit for duplex and multi-family (maximum 14.5 dwelling units per acre)	2,500 square feet for Single-Family; 2,000 square feet per Dwelling Unit for Duplex; 580 square feet per Dwelling Unit for Multi-Family (maximum 75.1 Dwelling Units per acre); no minimum for nonresidential uses
Minimum lot width	50 feet	No minimum
Front setback	20 feet	20 feet
Rear setback	10 feet	No minimum, subject to compatibility standards.
Interior side setback	0 feet	Zero feet or 5 feet, subject to compatibility standards.
Street side setback	15 feet	No minimum
Maximum height	35 feet	80 feet, subject to compatibility standards.

Because the property abuts residential zoning on the south and west sides, it would need to provide screening and landscaping. Screening must be installed on the south and west sides of the property, except on the northern half of the property where it abuts NR zoning. The Unified Zoning Code requires screening fences or walls to be no less than six feet and no more than eight feet in height. The Wichita Landscape Ordinance requires one shade tree or two ornamental trees for every 500 square feet of required landscaped street yard. It also requires landscape buffer trees, which may comprise of either one shade tree or two ornamental trees per 40 lineal feet.

The character of the neighborhood is mixed-use with commercial on the arterial streets. Property to the north is zoned LC and is developed with a learning center. Property to the south is zoned TF-3 Two-Family Residential District (TF-3) and is developed with a single-family dwelling. Property to the east is zoned LC with Protective Overlay #65 and is developed with commercial retail. The Protective Overlay requires an eight-foot masonry wall along the south property line, twice the required landscaping required by the Wichita Landscape Ordinance on the east side of the adjacent alley, a site plan that shows the flow of traffic, and it prohibits portable and off-site signs. Properties to the west are zoned NR and TF-3 and are developed with a furniture store and single-family dwellings, respectively.

CASE HISTORY: On April 10, 1884, the subject site was platted as part of Lewellen's Addition. There are no zoning cases associated with this property.

ADJACENT ZONING AND LAND USE:

NORTH:	LC	Learning center
SOUTH:	TF-3	Single-family dwelling
EAST:	LC with PO #65	Convenience store
WEST:	NR, TF-3	Furniture store, single-family dwellings

PUBLIC SERVICES: The subject site currently has access to North Waco Avenue, which is a two-lane arterial street with sidewalks on each side, and West 13th Street North, a four-lane arterial with sidewalks on each side. The

site has access to all municipal services, which include water, sewer, and stormwater. Wichita Transit stops directly northeast of the subject site, on the northeast corner of West 13th Street North and North Waco Avenue.

CONFORMANCE TO PLANS/POLICIES: The requested zone change is in conformance with the *Community Investments Plan*. The *Community Investments Plan* (the Wichita-Sedgwick County Comprehensive Plan), which includes the 2035 Future Growth Concept Map, recommends the subject site as appropriate for “Commercial” uses. The *Plan* defines “Commercial” as “*areas that reflect the full diversity of commercial development intensities and types typically found in a large urban municipality. Convenience retail, restaurants, small offices, and personal service uses are located in close proximity to, and potentially mixed with, residential uses.*” The subject site is proposing a commercial space, which is appropriate for this site.

The *Community Investments Plan*’s Locational Guidelines “Provide a framework for decision-making regarding land use changes so as to: encourage patterns of development that efficiently and effectively use land, public infrastructure, and services; strive for compatibility among various land uses; and, promote quality of place through design.” The Locational Guidelines state that “Higher-intensity development should be discouraged from locating in areas of existing lower-intensity development, particularly established low-density residential areas.” The property abuts single-family residential housing on the south and west sides of the property, which were built around 1910 and 1920, respectively. The existing NR zoning serves as a buffer between the adjacent LC zoning to the north and east.

The requested zone change is not in conformance with the *Midtown Neighborhood Plan*. The *Plan* emphasizes commercial development near 13th and Broadway, with Broadway as the main commercial corridor. Mixed use opportunities should be “possibly north of St. Francis and south of 9th, between Wichita and Broadway (these mixed-use concentrations may act as a buffer between intense non-residential use and quiet residential neighborhood areas).” The subject site is located one block west of Wichita Street and four blocks north of West 9th Street North. The *Plan*’s Future Land Use Map identifies the subject site as primarily appropriate for “Neighborhood Retail” uses. The subject site is already zoned for Neighborhood Retail uses; the requested zone change allows for higher-intensity commercial uses and will deviate from the preferred land use.

With the information available, it is unknown if the requested zone change is in conformance with the *Wichita: Places for People Plan*. The subject site is located within an “Area of Opportunity”, which the *Plan* defines as “areas that generally exhibit economic challenges, a disconnected development pattern and a lack of walkable places and facilities. These areas need strategic investment, both public and private, to assist in redefining and reinvigorating the area. Areas of Opportunity also require capacity-building at the neighborhood level to accommodate redevelopment that is beneficial to the neighborhood and its residents.” The existing zoning provides for opportunities for redevelopment that already exist in NR zoning. The potential redevelopment in LC zoning may allow for uses that are not beneficial to the neighborhood and its residents, as identified in the *Midtown Neighborhood Plan* above.

RECOMMENDATION: Based upon information available prior to the public hearings, planning staff recommends that the request be **DENIED**.

This recommendation is based on the following findings:

1. **The zoning, uses and character of the neighborhood:** The character of the neighborhood is mixed-use with commercial on the arterial streets. Property to the north is zoned LC and is developed with a learning center. Property to the south is zoned TF-3 Two-Family Residential District (TF-3) and is developed with a single-family dwelling. Property to the east is zoned LC with Protective Overlay #65 and is developed with commercial retail. The Protective Overlay requires an eight-foot masonry wall along the south property line, twice the required landscaping required by the Wichita Landscape Ordinance on the east side of the adjacent alley, a site plan that shows the flow of traffic, and it prohibits portable and off-site signs. Properties to the west are zoned NR and TF-3 and are developed with a furniture store and single-family dwellings, respectively.

2. **The suitability of the subject property for the uses to which it has been restricted:** The property is presently zoned NR Neighborhood Retail District and B Multi-Family Residential District, and is suitable for a limited number of commercial, residential, public, and civic uses.
3. **Extent to which removal of the restrictions will detrimentally affect nearby property:** LC zoning would permit higher intensity uses on site that the *Midtown Neighborhood Plan* does not support, such as Correctional Placement Residence (Limited and General), Hotel or Motel, and Vehicle and Equipment Sales (Outdoor).
4. **Length of time subject property has remained vacant as zoned:** The subject site has been developed with a commercial building since 1920.
5. **Relative gain to public health, safety, and welfare as compared to the loss in value or the hardship imposed upon the applicant:** Approval would permit new development in an area that is appropriate for such development. But certain uses within LC may not be appropriate at this location. Denial may represent a loss of economic opportunity for the applicant.
6. **Conformance of the requested change to the adopted or recognized Comprehensive Plan and policies:** The requested zoning would allow the property to be in conformance with the *Community Investments Plan* and is not in conformance with the *Midtown Neighborhood Plan*, as discussed in the staff report. Based on the information available prior to the publication of the staff report, it is unknown whether the requested zone change, which depends on the specific proposed use of the property, is in conformance with the *Wichita: Places for People Plan*,
7. **Impact of the proposed development on community facilities:** Staff does not anticipate the requested zone change to have a significant impact on community facilities.
8. **Opposition or support of neighborhood residents:** At the time the staff report was prepared, staff received one phone call from a concerned neighbor who was not in support nor in denial of the requested zone change.
 1. Should the MAPC find that the zone change to be approved, it is recommended that the MAPC adopt alternate findings supporting their recommendation. Staff recommends the following Protective Overlay: Signage shall be restricted to the rules and regulations set forth in the Wichita Sign Code for NR zoning.
 2. The following uses are prohibited on site: Correctional Placement Residence (Limited and General), Hotel or Motel, Pawnshop, Service Station, and Vehicle Repair (Limited).
 3. Drive-thru speakers must be placed on the north side of the property.
