VACATION ORDER

NOW on this 19th day of November 2024, comes on for hearing the petition for vacation filed by the City of Wichita (owner) praying for the vacation of a portion of platted access control, to wit:

Portion of Platted Access Control to be vacated:

Vacating complete access control to permit one access opening within the West 200 feet of the East 570 feet of the north line of Lot 1, Northwest High School Addition, Wichita Sedgwick County, Kansas.

The City Council, after being duly and fully informed as to fully understand the true nature of this petition and the propriety of granting the same, makes the following findings:

1. That due and legal notice has been given by publication, as required by law, in The Wichita Eagle on October 3, 2024, which was at least 20 days prior to the public hearing.
2. No private rights will be injured or endangered by the vacation of the described portion of platted access control and the public will suffer no loss or inconvenience thereby.
3. In justice to the petitioner, the prayer of the petitioner ought to be granted.
4. No written objection to said vacation has been filed with the City Clerk by any owner or adjoining owner who would be a proper party to the petition.
5. The vacation of the described portion of platted access control should be approved.

Ref: VAC2024-00047: Vacation request in the City to vacate a portion of platted access control, generally located on the southwest corner of West 13th Street North and North Country Acres.

Dear Applicant,

At the **Thursday, October 24, 2024**, meeting of the Metropolitan Area Planning Commission (MAPC), the above-referenced vacation request was approved subject to the following conditions:

- (1) As needed provide Planning with dedication of easements by separate instruments with original signatures to go with the Vacation Order to City Council for final action and subsequent recording with the Vacation Order at the Register of Deeds. All to be provided to the Planning Department prior to this case going to City Council for final action.
- (2) All improvements shall be according to City Standards and at the applicants' expense.
- (3) Vacation of the described portion of platted complete access control for one driveway within the west 200 feet of the east 570 feet over and across the north line of Lot 1, Northwest High School Addition, is contingent on approval by the Traffic Engineer and the Fire Department.
- (4) Per MAPC Policy Statement #7, all conditions are to be completed within one year of approval by the MAPC or the vacation request will be considered null and void. All vacation requests are not complete until the Wichita City Council or the Sedgwick County Board of County Commissioners have taken final action on the request and the vacation order and all required documents have been provided to the City, County and/or franchised utilities and the necessary documents have been recorded with the Register of Deeds.

These conditions have been met. Therefore, this case is scheduled for final action by the Wichita City Council on **Tuesday, November 19, 2024**. This letter also serves as a reminder that the vacation notification signs should now be removed from the property. If you have any questions concerning this case, please contact our office at 268-4421.

STAFF REPORT

- CASE NUMBER:** VAC2024-00047 – Request to vacate a portion of platted complete access control.
- OWNER/APPLICANT:** City of Wichita (applicant); Baughman Company, P.A. (agent).
- LEGAL DESCRIPTION:** Generally described as vacating complete access control to permit one opening within the West 200 feet of the East 570 feet over the North Line of Lot 1, Northwest High School Addition, Wichita, Sedgwick County, Kansas.
- LOCATION:** Generally located on the south side of West 13th Street North and within one-half mile east of North Tyler Road (Between 3059 and 3223 W. 13th Street North). (District V)
- REASON FOR REQUEST:** Permit a drive access for the proposed new Patrol West Substation.
- CURRENT ZONING:** The subject site is zoned SF-5 Single-Family Residential District (SF-5), with a zone change to Planned Unit Development (PUD) pending. Properties to the west, south, and east are zoned SF-5. Properties to the west and south are developed with Northwest High School and athletic fields. Properties to the east are developed with single-family dwellings. Properties to the north are zoned GO General Office District (GO) and B Multi-Family District (B) with CUP DP-217 and are undeveloped.

VICINITY MAP:

The applicant is requesting a vacation of a portion of platted complete access control to permit one drive onto the West 13th Street North from a newly formed parcel split from Lot 1, Northwest High School Addition. The purpose of the new drive approach is to provide access to the proposed new Patrol West Substation for the Wichita Police Department. The proposed drive would be limited to the western 200 feet of the parcel. A zone change from SF-5 to PUD (PUD2024-00017) to permit the proposed new police substation is being heard concurrently with this vacation request. An additional access point to the site is proposed to be off of North Country Acres Avenue, providing access to the proposed rear parking area of the police substation. The Northwest High School Addition plat restrict access to 2 openings along West 13th Street North. Northwest High School has two existing access points along West 13th Street North, which would not permit any additional drives along this section of West 13th Street North.

The proposed new drive does not meet the City of Wichita's Access Management Standards for driveways onto arterial streets. City Access Management Standards require a minimum of 400 feet between full-movement drives. The entire western 200 feet of the vacation area is within 340 feet of the centerline of the nearest access drive to Northwest High School. Therefore, any drive within the vacation area will not be 400 feet from the center line of this existing drive. However, the entire vacation area is over 400 feet from the centerline of North Country Acres Avenue to the east, which does meet Access Management Standards. There are no driveways across West 13th Street North at this location with which the proposed drive would be in conflict.

Wichita Traffic Engineering does not object to this request. There is a City water line that crosses the subject vacation area in the West 13th Street North right-of-way. Construction of a drive should not impact this line. Wichita Public Works and Utilities does not object to this vacation. Comments from franchised utilities have been received. Cox and Evergy do not object to the vacation. They do not have utilities in the vacation area. Black Hills Energy has a 2-inch MDPE line in the vacation area. They do not object to the request. Any relocation of existing Black Hills Energy Lines will need to be discussed and will be at the applicant's expense. The Northwest High School Addition was recorded April 14, 1977.

When determining a recommendation to be made to the Metropolitan Area Planning Commission (MAPC), the Subdivision and Utility Advisory Committee should consider the legal findings that are required to be made by the MAPC and Governing Body in order to grant the request. These findings are detailed in the subsequent MAPC report. *In particular, the Committee should consider whether any private rights will be injured or endangered by recommending approval of the vacation request, and whether or not the public will suffer any loss or inconvenience thereby.*

Based upon information available prior to the public hearing and reserving the right to make recommendations based on subsequent comments from City Traffic, Public Works/Water & Sewer/Stormwater, Fire, franchised utility representatives and other interested parties, Planning Staff has listed the following considerations (but not limited to) associated with the request to vacate the described portion of the platted complete access control.

- A. That after being duly and fully informed as to fully understand the true nature of this petition and the propriety of granting the same, the MAPC makes the following findings:
 1. That due and legal notice has been given by publication as required by law, in the Wichita Eagle, of notice of this vacation proceeding one time October 3, 2024, which was at least 20 days prior to this public hearing.
 2. That no private rights will be injured or endangered by vacating the described portion of the platted access control and that the public will suffer no loss or inconvenience thereby.
 3. In justice to the petitioner, the prayer of the petition ought to be granted.

Conditions (but not limited to) associated with the request:

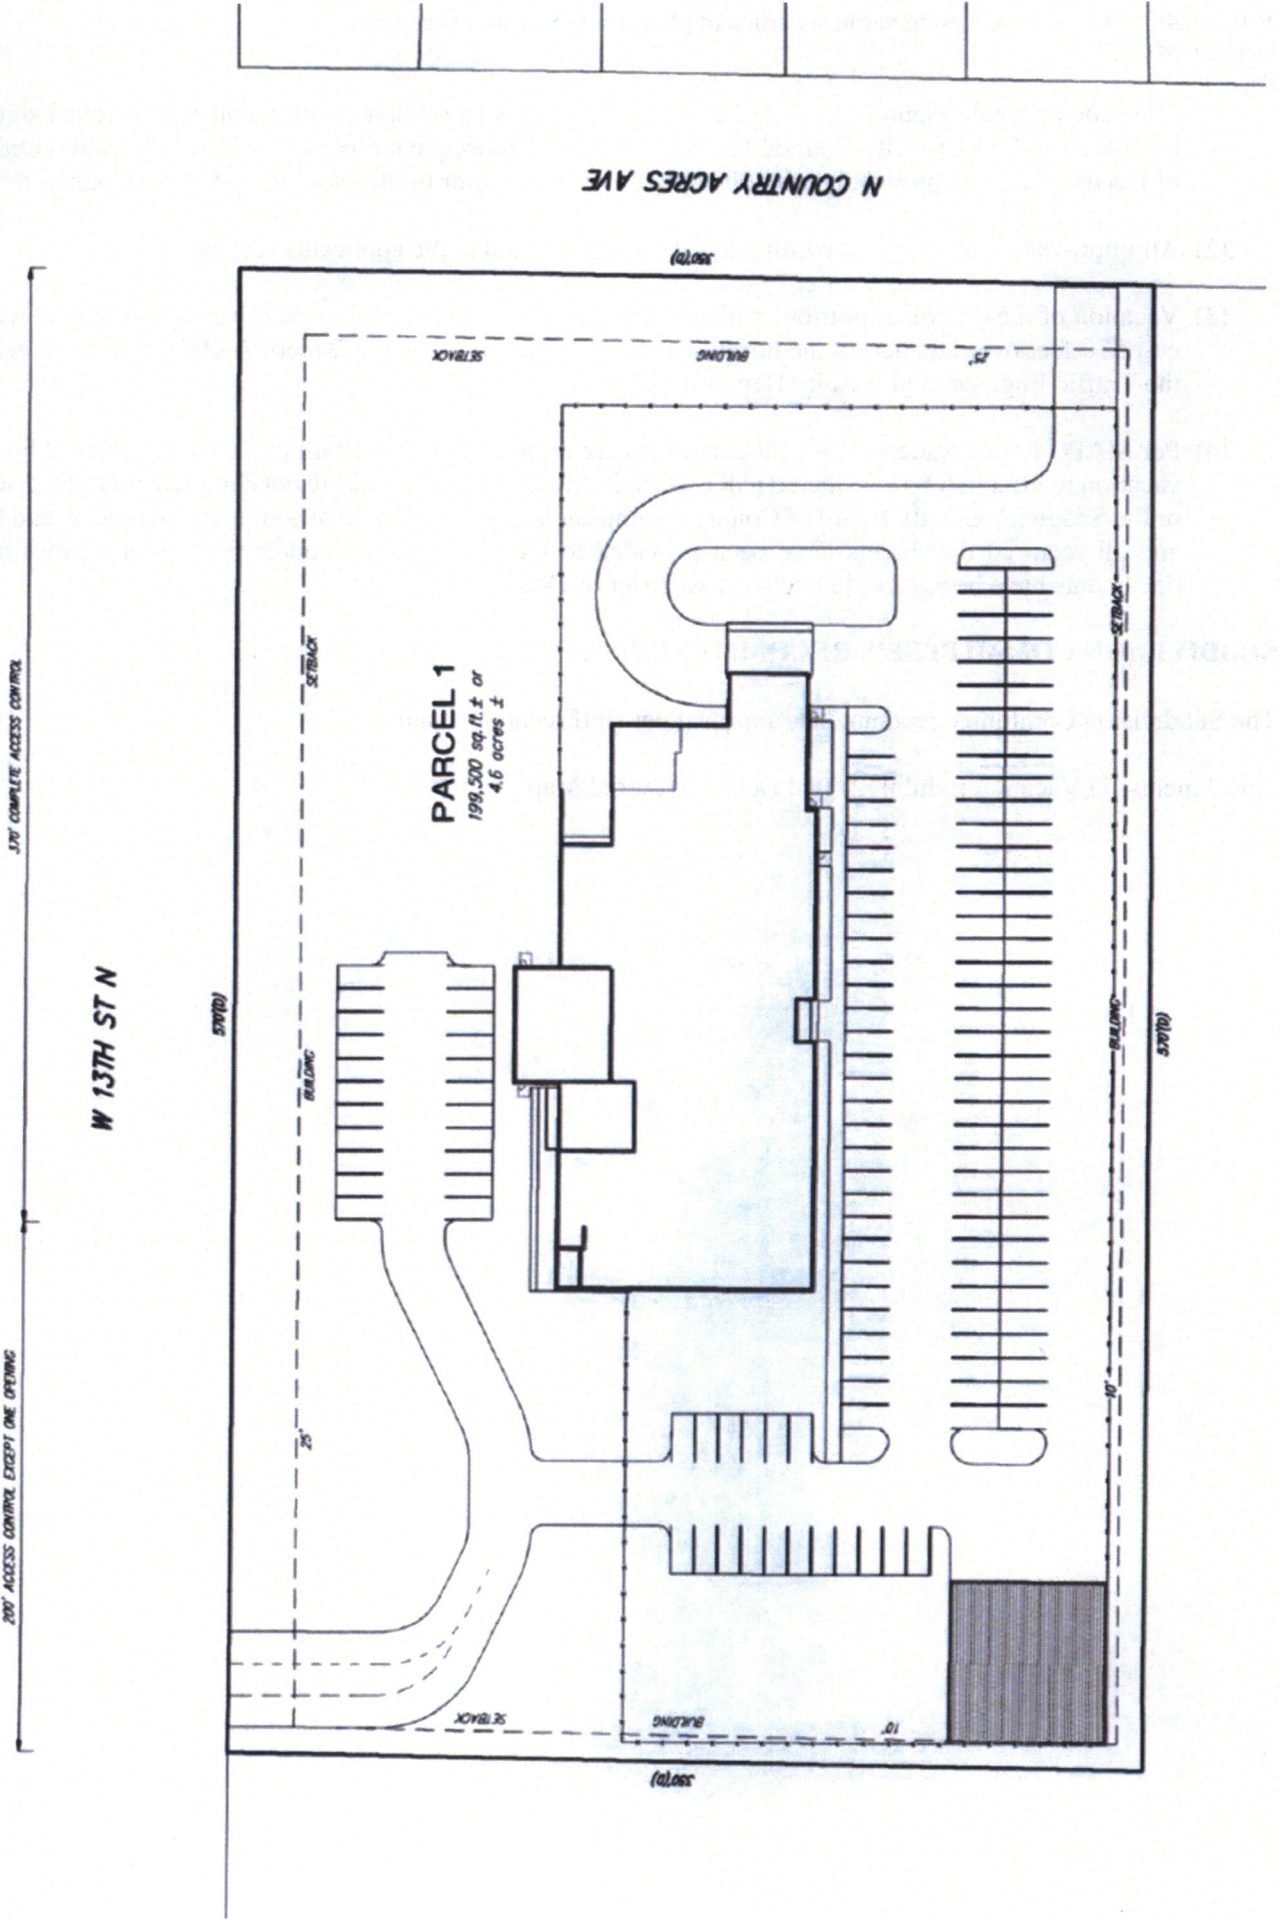

- (1) As needed provide Planning with dedication of easements by separate instruments with original signatures to go with the Vacation Order to City Council for final action and subsequent recording with the Vacation Order at the Register of Deeds. All to be provided to the Planning Department prior to this case going to City Council for final action.
- (2) All improvements shall be according to City Standards and at the applicants' expense.
- (3) Vacation of the described portion of platted complete access control for one driveway within the west 200 feet of the east 570 feet over and across the north line of Lot 1, Northwest High School Addition, is contingent on approval by the Traffic Engineer and the Fire Department.
- (4) Per MAPC Policy Statement #7, all conditions are to be completed within one year of approval by the MAPC or the vacation request will be considered null and void. All vacation requests are not complete until the Wichita City Council or the Sedgwick County Board of County Commissioners have taken final action on the request and the vacation order and all required documents have been provided to the City, County and/or franchised utilities and the necessary documents have been recorded with the Register of Deeds.

SUBDIVISION COMMITTEE'S RECOMMENDED ACTION

The Subdivision Committee recommends approval per staff recommendations.
