**METROPOLITAN AREA PLANNING COMMISSION**

**AGENDA REPORT NO.  
October 24, 2024**

**STAFF REPORT**

**CASE NUMBER:** VAC2024-00044 – Request to vacate a portion of platted complete access control.

**OWNER/APPLICANT:** Donaldson-Loescher Liv. Trust (applicant); Sedgwick County (agent).

**LEGAL DESCRIPTION:** Generally described as vacating the East 31 feet of the West 43 feet 8 inches, over and across the North line of Lot 2, Block A, Kasten’s Addition, Wichita, Sedgwick County, Kansas.

**LOCATION:** Generally located on the south side of West 13<sup>th</sup> Street North and within one-half mile west of North Meridian Avenue (Between 3059 and 3223 W. 13<sup>th</sup> Street North). (District VI)

**REASON FOR REQUEST:** Permit dedicated egress drive for emergency vehicles for future EMS post.

**CURRENT ZONING:** The subject site is zoned LC Limited Commercial District (LC) and is undeveloped. Properties to the east and north are zoned LC and developed with a day care and other commercial uses. Property to the west is zoned GO General Office District and is a vet clinic.

**VICINITY MAP:**

The applicant is requesting a vacation of a portion of platted complete access control to permit a 31-foot drive onto the West 13<sup>th</sup> Street North. The purpose of the new drive approach is to permit dedicated egress for emergency vehicles for a proposed new Sedgwick County EMS post. The subject site is the western half of platted Lot 2, Block A, Kasten's Addition. The plat restricts access to all of Lot 2 except for 2 openings. The eastern half of Lot 2 has a drive approach and there is a second, share drive approach with a shared access easement by separate instrument near the centerline of the parcel boundary splitting Lot 2 in half. This is currently the only ingress/egress option of the western half of Lot 2. With it being a shared access point, there is concern that emergency vehicles exiting the property could encounter conflicts.

The proposed new drive does not meet the City of Wichita's Access Management Standards for driveways onto arterial streets. City Access Management Standards require a minimum of 400 feet between full-movement drives. The proposed new drive is approximately 52 feet (centerline to center line) from the existing drive to the west and approximately 90 feet (center line to centerline) from the existing drive to the east. Within this block of West 13<sup>th</sup> Street North, the majority of the driveways do not follow these Access Management Standards. With multiple full-movement driveways onto West 13<sup>th</sup> Street space approximately the same distance apart as what is being proposed.

The proposed new drive would be exit only for emergency vehicles only. Wichita Traffic Engineering does not object to this request with it being specifically for emergency vehicles to exit only. There is a City water line and storm sewer line that crosses the subject vacation area in the West 13<sup>th</sup> Street North right-of-way. Construction of a drive should not impact these lines. Wichita Public Works and Utilities does not object to this vacation. Comments from franchised utilities have been received. Cox, Evergy, and Black Hills Energy do not object to the vacation. They do not have any utilities in the vacation area. The Kasten's Addition was recorded August 14, 1967.

When determining a recommendation to be made to the Metropolitan Area Planning Commission (MAPC), the Subdivision and Utility Advisory Committee should consider the legal findings that are required to be made by the MAPC and Governing Body in order to grant the request. These findings are detailed in the subsequent MAPC report. *In particular, the Committee should consider whether any private rights will be injured or endangered by recommending approval of the vacation request, and whether or not the public will suffer any loss or inconvenience thereby.*

Based upon information available prior to the public hearing and reserving the right to make recommendations based on subsequent comments from City Traffic, Public Works/Water & Sewer/Stormwater, Fire, franchised utility representatives and other interested parties, Planning Staff has listed the following considerations (but not limited to) associated with the request to vacate the described portion of the platted complete access control.

- A. That after being duly and fully informed as to fully understand the true nature of this petition and the propriety of granting the same, the MAPC makes the following findings:
  1. That due and legal notice has been given by publication as required by law, in the Wichita Eagle, of notice of this vacation proceeding one time October 3, 2024, which was at least 20 days prior to this public hearing.
  2. That no private rights will be injured or endangered by vacating the described portion of the platted access control and that the public will suffer no loss or inconvenience thereby.
  3. In justice to the petitioner, the prayer of the petition ought to be granted.

Conditions (but not limited to) associated with the request:

- (1) As needed provide Planning with dedication of easements by separate instruments with original signatures to go with the Vacation Order to City Council for final action and subsequent recording with the Vacation Order at the Register of Deeds. All to be provided to the Planning Department prior to this case going to City Council for final action.
- (2) All improvements shall be according to City Standards and at the applicants' expense.

- (3) Vacation of the described portion of platted complete access control for the East 31 feet of the West 43 feet 8 inches, over and across the North line of Lot 2, Block A, Kasten's Addition, is contingent on approval by the Traffic Engineer and the Fire Department. Traffic Engineering requires this drive access to be exit only for emergency vehicles only.
- (4) Per MAPC Policy Statement #7, all conditions are to be completed within one year of approval by the MAPC or the vacation request will be considered null and void. All vacation requests are not complete until the Wichita City Council or the Sedgwick County Board of County Commissioners have taken final action on the request and the vacation order and all required documents have been provided to the City, County and/or franchised utilities and the necessary documents have been recorded with the Register of Deeds.
