## STAFF REPORT

MAPC: January 9, 2025  
 DAB I: January 6, 2025

**CASE NUMBER:** CON2024-00273  
**APPLICANT/AGENT:** 1640East LLC/Brian Cunningham (Applicant), Solimojo Waterman LLC/John and Mary Shawver (Agents)  
**REQUEST:** Tavern and Drinking Establishment  
**CURRENT ZONING:** CBD Central Business District  
**SITE SIZE:** 0.16 acres  
**LOCATION:** Generally located on the northwest corner of East Waterman Street and South Hydraulic Avenue (1640 East Waterman Street).  
**PROPOSED USE:** Establishment with over fifty percent of alcohol sales.  
**RECOMMENDATION:** Approval with conditions.

**BACKGROUND:** The applicant is requesting a Conditional Use for a Tavern & Drinking Establishment on property zoned CBD Central Business District. The subject site is 0.16 acres in size and is generally located on the northwest corner of East Waterman Street and South Hydraulic Avenue. The subject site is currently developed with a vacant building and parking lot. The applicant is requesting the Conditional Use to have an establishment in which alcohol sales exceed 50 percent.

Supplementary Use Regulations in Section III-D.6.w of the Unified Zoning Code (UZC) require a Conditional Use for "Tavern & Drinking Establishment" when it is within 300 feet of residential zoning district. The need for the Conditional Use at this location is due to the requested land use and the proximity of B Multi-Family District (B) zoning, which is located approximately 230 feet east of the subject property.

According to the site plan, the applicant intends to utilize the existing building for the Tavern and Drinking Establishment and coffee bar, which includes an existing outdoor patio and parking lot. The site can be accessed via South Hydraulic Street. One entrance can be used primarily for in-store customers, and the other entrance can be used primarily for the drive-thru. The entrances from South Hydraulic Avenue are two-way, and East Waterman Street is exit only. Therefore, any lights from cars in the drive-thru would face west or south, towards commercially zoned properties.

The site plan shows 18 parking spaces on site, two of which are ADA-compliant. Section IV of the UZC requires one parking space per two occupants, except no additional parking for initial 16 occupants in outdoor seating area. Therefore, the capacity of the Tavern and Drinking Establishment shall be limited to 52 occupants. The amount of required parking can be reduced by ten percent through an Administrative Adjustment with the Planning Department, or up to 25 percent if the site is remodeled sufficiently.

Properties in the CBD District are exempt from the majority of landscaping requirements set forth in the Landscape Code. However, parking lots are required to provide parking lot screening. The building was recently remodeled and came into compliance with the Landscape Code by installing the required parking lot screening as seen on the site plan.

The character of the neighborhood is commercial and high-density residential. Properties to the north and west are zoned CBD; properties to the south and east are zoned GC General Commercial District. Property to the north is developed with a car dealership. Property to the south is developed with a retail store. Properties to the east are developed with quadplexes. Property to the west is developed with a multi-tenant retail space.

**CASE HISTORY:** On May 12, 1884, the property was platted as part of Hyde's Addition. There are no zoning cases associated with this property.

**ADJACENT ZONING AND LAND USE:**

NORTH:	CBD	Car dealership
SOUTH:	GC	Retail
EAST:	GC	Multi-family dwellings
WEST:	CBD	Retail

**PUBLIC SERVICES:** This site has access to East Waterman Street, a two-way local street with sidewalks on both sides, and South Hydraulic Avenue, a four-lane arterial street with sidewalks on each side. Wichita Transit provides regular bus service on the northwest corner of East Waterman Street and South Hydraulic Avenue. Municipal services, such as water and sewer, already serve the subject site.

**CONFORMANCE TO PLANS/POLICIES:** The request is in conformance with The Community Investments Plan. The Community Investment Plan (the Wichita-Sedgwick County Comprehensive Plan) recommends the subject site as appropriate for “Commercial” land uses. This category supports the full diversity of commercial development found in a large urban municipality.

The request is also in conformance with the Locational Guidelines of the Comprehensive Plan. A general Development Pattern Guideline states: “*Development should occur where necessary supporting infrastructure and services exist or are planned for extension concurrently with the development.*” The site of the proposed Tavern & Drinking Establishment has municipal services on site and is developed with a vacant building suitable for the requested use.

The requested Conditional Use is in conformance with the *Wichita: Places for People Plan*. The *Plan* outlines six Strategies “to help guide the community in their actions to create walkable places within Wichita.” Strategy 3 aims to “Improve the economic feasibility of commercial/service uses and the markets necessary to support them.” Granting the Conditional Use for Tavern and Drinking Establishment adds a permitted commercial/service use on site and thus improves its economic feasibility. Strategy 6 aims to “Encourage infill and redevelopment that is contextual to the environment in which it is occurring.” The applicant requests to redevelop the site in a manner that is appropriate within its setting.

**RECOMMENDATION:** Based upon information available prior to the public hearings, planning staff recommends that the request be **APPROVED**, subject to the following conditions:

1. Tavern & Drinking Establishment shall adhere to Supplementary Use Regulations in Section III-D.6.w of the Unified Zoning Code.
2. The site shall be developed in general conformance with the approved site plan and in compliance with all city ordinances, including but not limited to zoning, sign code, building, fire, health codes or licensing requirements.
3. The parking lot shall be kept free of all trash and debris.
4. No loitering, congregating or excessive noise shall be permitted in the parking lot.
5. If the Zoning Administrator finds that there is a violation of any of the conditions of the Conditional Use, the Zoning Administrator, in addition to enforcing the other remedies set forth in the Unified Zoning Code, may, with the concurrence of the Planning Director, declare the Conditional Use null and void.

This recommendation is based on the following findings:

1. The zoning, uses and character of the neighborhood: The character of the neighborhood is commercial and high-density residential. Properties to the north and west are zoned CBD; properties to the south and east are zoned GC General Commercial District. Property to the north is developed with a car dealership. Property to the south is developed with a retail store. Properties to the east are developed with quadplexes. Property to the west is developed with a multi-tenant retail space.
2. The suitability of the subject property for the uses to which it has been restricted: The building could be utilized for a wide variety of CBD uses allowed by the current zoning. In this case, the Conditional Use is only required because of the proposed use being located within 300 feet of residential district zoning.
3. Extent to which removal of the restrictions will detrimentally affect nearby property: Staff does not

anticipate the requested Conditional Use to have significant detrimental effects to nearby property. The requested use on site is appropriate for the area.

4. Length of time subject property has remained vacant as zoned: The property has been developed with a commercial building since 1925.
5. Relative gain to the public health, safety and welfare as compared to the loss in value or the hardship imposed upon the applicant: Approval of the application is not anticipated to have significant detrimental impacts on the public health, safety, or welfare of the community. Denial of the application may result in a loss of economic opportunity for the applicant.
6. Conformance of the requested change to the adopted or recognized Comprehensive Plan and policies: The request is in conformance with the *Community Investments Plan* and the *Places for People Plan*, as discussed in the staff report.
7. Impact of the proposed development on community facilities: It is not anticipated that the Conditional Use will have significant negative impacts on community facilities. Redevelopment of a vacant building may result in a slight increase in traffic to the area.
8. Opposition or support of neighborhood residents: At the time the staff report was prepared, staff has not received any public comment on the requested Conditional Use.
